

INTERACTIONIST PERSPECTIVE

The interactionist perspective sees social phenomena as a product of the interaction between an individual and their immediate situation.

DEFINITION

Herbert Blumer defined the interactionist perspective as a framework that "emphasizes the subjective meaning of social action as the basis for understanding social life" (1969). The "subjective meanings" emerge through interaction social.

EXAMPLE

Looking Glass Self: Cooley's "looking-glass self" concept explains how our sense of self is intimately linked to our interactions with others.

We are always connected and shaped by 'others'. Just like a mirror's reflection, our selfhood depends on the perceived responses of others: "each to each a looking glass reflects the other that doth pass."

This reader shows the rich history and wide contemporary application of symbolic interaction theory *Applications of Nonlinear Dynamics To Developmental Process Modeling* Karl M. Newell, Peter C.M. Molenaar, 2014-03-05 There has been an increasing interest in the application of dynamical systems to the study of development over the last decade The explosion of the dynamical systems framework in the physical and biological sciences has opened the door to a new Zeitgeist for studying development This appeal to dynamical systems by developmentalists is natural given the intuitive links between the established fundamental problems of development and the conceptual and operational scope of nonlinear dynamical systems This promise of a new approach and framework within which to study development has led to some progress in recent years but also a growing appreciation of the difficulty of both fully examining the new metaphor and realizing its potential Divided into 4 parts this book is a result of a recent conference on dynamical systems and development held at Pennsylvania State University The first 3 parts focus on the content domains of development that have given most theoretical and empirical attention to the potential applications of dynamical systems physical growth and movement cognition and communication These parts show that a range of nonlinear models have been applied to a host of developmental phenomena Part 4 highlights two particular methodological issues that hold important implications for the modeling of developmental phenomena with dynamical systems techniques *Social Psychology* Ralph Turner, 2017-09-29 A valuable compendium broad In scope rich In detail It should be a most useful reference for students and teachers This is how Alex Inkeles of Stanford University described this text It is made more so in this paperback edition aimed to reach a broad student population in sociology and psychology The new Introduction written by Rosenberg and Turner brings the story of social psychology up to date by a rich and detailed examination of trends and tendencies of the 1980s Although social psychology is a major area of specialization in sociology and psychology this text Is the first comprehensive and authoritative work that looks at the subject from a sociological perspective Edited by two of the foremost social psychologists in the United States this book presents a synthesis of the major theoretical and empirical contributions of social psychology They treat both traditional topics such as symbolic interaction social exchange theory small groups social roles and intergroup relations and newer approaches such as socialization processes over the life cycle sociology of the self talk and social control and the sociology of sentiments and emotions The result is an absolutely Indispensable text for students and teachers who need a complete and ready reference to this burgeoning field *Feminist Narratives and the Sociology of Religion* Nancy Nason-Clark, Mary Jo Neitz, 2001 In 14 essays US and Canadian sociologists of religion cultivate the growing gender and feminist consciousness in their profession and challenge established scholars and graduate students to be cognizant of it They combine biography and scholarly pursuits academic rigor and personal passion There is no index c Book News Inc

Jesus and the Stigmatized Elia Shabani Mligo, 2011-08-01 Biblical scholars often read the Bible with their own interpretive interests in mind without associating the Bible with the concerns of laypeople This largely undermines the contributions laypeople can offer from reading the Bible in their own contexts and from their own life experiences Moreover such exclusively scholarly reading conceals the role of biblical texts in dealing with current social problems such as HIV AIDS related stigmatization Hence the lack of lay participation in the process of Bible reading makes the Bible less visible in various common life situations In this volume Elia Shabani Mligo draws on his fieldwork among people living with HIV AIDS PLWHA in Tanzania selects stigmatization as his perspective and chooses participant centered contextual Bible study as his method to argue that the reading of texts from the Gospel of John by PLWHA given their lived experiences of stigmatization empowers them to reject stigmatization as unjust Mligo's study shows that Christian PLWHA reject stigmatization because it does not comply with the attitude of Jesus toward stigmatized groups in his own time The theology emerging from the readings by stigmatized PLWHA through their evaluation of Jesus attitudes and acts toward stigmatized people in the texts challenges churches in their obligatory mission as disciples of Jesus Churches are challenged to reconsider healing hospitality and caring prophetic voices against stigmatization and the way they teach about HIV and AIDS in relation to sexuality Churches must revisit their practices toward stigmatized groups and listen to their voices Mligo argues that participant centered Bible study methods similar to the one used in this book whereby stigmatized people are the primary interlocutors in the process can be useful tools in listening to the voices of stigmatized groups
