Morality and the Literary Imagination Gabriel R. Ricci, 2017-07-12 In a letter to Boccaccio Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry The prophecy came from an elder renowned for his piety but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments Nothing not even death according to Petrarch ought to divert us from literature For Petrarch Virgil was the source for understanding how literary studies not only promote eloquence but enhance morals If anything literature dispels the fear of death The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature The collected works in this new volume of the Transaction series *Religion and Public Life* heeds Petrarch's advice that literature not only orients us to life's developmental stages it can provide us with a more complete understanding of the human character while artfully advancing morals To this end Michelle Darnell's opening chapter entitled *A New Age of Reason* explains how existentialism is an argument for how literature can take on philosophical form not as formal argument but as persuasive narrative Over the objections of even those who study Sartre Darnell uses Sartre's *The Age of Reason* as a model and shows how his literary output was a legitimate philosophical inquiry In addition to the Darnell piece the volume boasts a series of outstanding and innovative works by scholars in the field Taken together as a whole these authors not only illustrate the moral consequences of an original choice but oblige the reader to explore the ramifications of such a choice in one's own life **Lu Hsun's Vision of Reality** William A Jr Lyell, 2023-11-15 This title is part of UC Press's *Voices Revived* program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact

Post-colonial Chinese Literatures in Singapore and Malaysia Yoon-wah Wong, 2002 This is the first book to present in English a history of post colonial and diasporic Chinese literatures in Singapore and Malaysia The 12 essays collected in it provide an in depth study of the emergence of the new Chinese literatures by looking at the origins the themes the major authors and their works and how the creativity is closely connected with the experience of immigration and colonialization and the challenge of the post colonial world In examining a wide range of post colonial texts and their relation to the cultures of diasporic Chinese and post colonial society the author shows that each of the new literatures has its own traditions which reflect local social political and cultural history The essays also show that the literature of Singapore or Malaysia has a tradition of its own and writers of world class Besides the Chinese literary tradition a native literary tradition has been created successfully

Chinese Thought in a Multi-cultural World YUE Daiyun, 2022-12-30 Reflecting on the clash of civilizations as its point of

departure this book is based on a series of sixteen of the author's interconnected thematically focused lectures and calls for new perspectives to resist imperialistic homogeneity. Situated within a neo-humanist context, the book applies interactive cognition from an Asian perspective within which China can be perceived as an essential other, making it highly relevant in the quest for global solutions to the many grave issues facing humankind today. The author critiques American, European, and Chinese points of view, highlighting the significance of difference and the necessity of dialogue before ultimately rethinking the nature of world literature and putting forward interactive cognition as a means of reconciliation between cultures. Chinese culture as a frame of reference, endowed with traditions of harmony without homogeneity, may help to alleviate global cultural confrontation and even reconstruct the understanding of human civilization. The book will be essential reading for scholars and students of Comparative Literature, Chinese Studies, and all those who are interested in cross-cultural communication and Chinese culture in general.

Christianity and Confucianism Christopher Hancock, 2020-12-10
 Christianity and Confucianism: Culture, Faith, and Politics sets comparative textual analysis against the backdrop of 2000 years of cultural, political, and religious interaction between China and the West. As the world responds to China's rise and China positions herself for global engagement, this major new study reawakens and revises an ancient conversation. As a generous introduction to biblical Christianity and the Confucian Classics, Christianity and Confucianism tells a remarkable story of mutual formation and cultural indebtedness. East and West are shown to have shaped the mind, heart, culture, philosophy, and politics of the other, and far more perhaps than either knows or would want to admit. Christopher Hancock has provided a rich and stimulating resource for scholars and students, diplomats and social scientists, devotees of culture, and those who pursue wisdom and peace today.
