Neil Thompson, Sue Thompson

Social Work Research Ethical And Political Contexts:

Social Work Research Heather D'Cruz, Martyn Jones, 2004-06-09 Written in an engaging and accessible style this book bridges the gap between theory and reality by discussing a range of research paradigms and placing them in the context of professional social work It also discusses the political and ethical contexts that are intrinsic to social work practice *Social Work Research in Practice* Heather D'Cruz, Martyn Jones, 2013-10-10 This new edition of *Social Work Research in Practice Ethical and Political Contexts* explores the intrinsic connection between knowledge research and practice in social work The authors argue that through a better appreciation of research the highest standards of social work can be achieved The second edition investigates contemporary approaches which impact on the discourses of social work research including Evidence based practice User led research Anti oppressive practice Practice based research Each chapter has been fully updated with a rich range of case examples and references Further reading is also included so that readers can expand their knowledge This book is a valuable resource for both undergraduate and postgraduate students as well as practitioners working in the field of social work Heather D Cruz works as a Consultant Research and Professional Education Martyn Jones is Associate Dean at RMIT University **Social Work Research in Practice** Heather D'Cruz, 2014 This new edition of *Social Work Research in Practice Ethical and Political Contexts* explores the intrinsic connection between knowledge research and practice in social work The authors argue that through a better appreciation of research the highest standards of social work can be achieved The second edition investigates contemporary approaches which impact on the discourses of social work research including Evidence based practice User led research Anti oppressive practice Practice based research Each chapter has been fully updated with a rich range of case examples and references Further reading is also included so that readers can expand their knowledge This book is a valuable resource for both undergraduate and postgraduate students as well as practitioners working in the field of social work [Social Work Research](#) Heather D'Cruz, Martyn Jones, 2004-06-09 This is a very useful introductory text it is well structured has a very accessible style and guides students through exercises that are relevant and appropriate The book is unique in that it goes beyond general textbooks and I will be very happy to recommend it to my students Beth Humphries Reader in Social Work Lancaster University The role of research in social work has become increasingly critical and relevant to training and practice *Social Work Research* has been designed to address this and to demonstrate the importance of research for improving social work practice Written in an engaging and accessible style the book explains the links between practice knowledge and research It succeeds in bridging the gap between theory and reality by discussing a range of research paradigms and placing them in the context of professional social work It also goes beyond other textbooks to discuss the political and ethical contexts that are intrinsic to social work practice Other key features of the book include Fulfills QAA benchmarks in social work training social work research is a required topic on undergraduate degrees Addresses topical issues such as the need for evidence

based practice and an awareness of ethics International in scope draws upon international literature Grounded in real life research through case studies User friendly and student focused it includes student exercises and further reading sections Social Work Research will prove an invaluable resource for students researchers and trainees undertaking research in social work

Understanding Social Work Research Hugh McLaughlin, 2011-12-16 Social work students need to understand the relationship between research knowledge and practice to be effective practitioners In the second edition of this highly regarded book Hugh McLaughlin shows how a research minded perspective and an appreciation of evidence based practice can lead students to achieve the highest level of individual and collective social work practice Topics covered include How to assess appraise and apply research The philosophy of research Improving the use of research in practice Interdisciplinary contributions to social work and social work research Providing reflexive questions practice examples and suggested reading throughout this book is essential reading for all undergraduate students of social work It will also be valuable reading for postgraduates and qualified social workers wishing to consolidate their understanding of social work research

Understanding Social Work Research Dr Hugh McLaughlin, 2006-12-11 This book offers a comprehensive introduction to the nature of social work research It clearly demonstrates how research mindedness is key to improving individual and collective social work practice helping practitioners to effectively navigate the complex issues they face on a daily basis The book considers research in relation to a number of important social work themes including ethics anti oppressive practice service user research evidence based practice and interdisciplinary work The book will help readers critically reflect on their own social work practice assess appraise and apply research effectively advocate on behalf of service users confidently engage in debates about the profession and reflect on legislative and policy developments Understanding Social Work Research is clear and accessible containing reflective questions and practice examples illustrating the links between research and social work practice This book will be essential reading for all social work trainees and will provide invaluable support for graduate students and practitioners wishing to consolidate their understanding of social work research

Social Work Research in Practice Heather D'Cruz, Martyn Jones, 2013-10-10 This new edition of Social Work Research in Practice Ethical and Political Contexts explores the intrinsic connection between knowledge research and practice in social work The authors argue that through a better appreciation of research the highest standards of social work can be achieved The second edition investigates contemporary approaches which impact on the discourses of social work research including Evidence based practice User led research Anti oppressive practice Practice based research Each chapter has been fully updated with a rich range of case examples and references Further reading is also included so that readers can expand their knowledge This book is a valuable resource for both undergraduate and postgraduate students as well as practitioners working in the field of social work Heather D Cruz works as a Consultant Research and Professional Education Martyn Jones is Associate Dean at RMIT University

The SAGE Handbook of Social Work Research Ian Shaw, Katharine

Briar-Lawson, Joan Orme, Roy Ruckdeschel, 2009-11-27 This is an ambitious book It aims at nothing less than a comprehensive account of the state of the art of social work research internationally and an intellectually original statement that will help to define and shape social work research Those with a serious interest in social work research will agree that this is a major undertaking and one that should put social work research on the map Ian Sinclair University of York UK This terrific Handbook provides an essential map for navigating the complex currents of social work research today It resists polemical and simplistic binaries to chart a course that emphasizes diversity pluralism and sensitivity to political contexts in many featured exemplars As key chapters note inherent tensions at the heart of social work itself are mirrored in current debates about the purposes and methods of social work research Rather than patch over differences the volume invites us to understand historical roots of unresolvable tensions and live with them The international scope of the volume is unique scholars from more than a dozen different countries were involved and its broad scope counters the tendency toward parochialism of much North American literature The Handbook should be essential reading for students and academics Catherine Riessman Boston University USA The SAGE Handbook of Social Work Research provides a comprehensive internationally focused account of leading social work research offering an original and defining statement on contemporary theory and practice within the field The groundbreaking Handbook engages critically with the nature and role of social work research and evaluation in contemporary societies around the globe and asks four key questions What is the role and purpose of social work research What contexts shape the practice and purpose of social work research How can we maximise the quality of the practice of social work research How can the aims of social work in its varied domains be met through social work research Ranging over local national and international issues and exploring questions of theory and practice this is a diverse and constructively organized overview of the field It will quickly be recognized as a benchmark in the expanding field of social work research setting the agenda for future work in the arena

Understanding Research for Social Policy and Social Work

Saul Becker, Alan Bryman, Harry Ferguson, Thomas Harold Ferguson, 2012-03-14 Thoroughly revised and expanded this new edition of Understanding Research for Social Policy and Social Work shows readers the importance of research how to interpret it and how to effectively carry out and report research of their own This landmark textbook is an essential guide to the methods approaches and debates that are required knowledge for students policymakers and practitioners

The Social Work Companion Neil Thompson, Sue Thompson, 2017-09-16 This new and fully updated edition of a hugely popular textbook is a practical and user friendly guide that lets students know what to expect from their course and will be there every step of the way as a reference tool Written by experts in the field the book guides the reader through from their academic study on social work courses to entering the field as a practitioner The Social Work Companion is the essential survival guide for students on qualifying courses in social work and a helpful resource for experienced practitioners New to this Edition A indispensable wide ranging yet accessible coverage of the core areas of theory and practice studied on

a typical social work degree course A wealth of guidance on study skills advice about possible career directions and extensive signposting to sources of further information *Feminisms in Social Work Research* Stéphanie Wahab, Ben

Anderson-Nathe, Christina Gringeri, 2014-07-25 Social work as a profession and academic discipline has long centered women and issues of concern to women such as reproductive rights labor rights equal rights violence and poverty In fact the social work profession was started by and maintained in large part by women and has been home to several generations of feminists starting with recognized first wave feminists This wide ranging volume both maps the contemporary landscape of feminist social work research and offers a deep engagement with critical and third wave feminisms in social work research Showcasing the breadth and depth of exemplary social work feminist research the editors argue that social work's unique focus on praxis daily proximities to privilege and oppression concern with social change and engagement with participatory forms of inquiry place social workers in a unique position to both learn from and contribute to broader social science and humanities discourse associated with feminist research The authors attend here to their specific claims of feminisms articulate deep engagement with theory address the problematic use of binaries and engage with issues associated with methods that are consistently of interest to feminist researchers such as power and authority ethics reflexivity praxis and difference Comprehensive and containing an international selection of contributions *Feminisms in Social Work Research* is an important reference for all social work researchers with an interest in critical perspectives Doing Social Work

Research Smith, Roger, 2009-09-01 The book provides a well written guide that adeptly captures the sensitivities and complex implications of both research process and dissemination within the ever changing and highly regulated world of social work Victoria Foster Research Associate School of Nursing Midwifery and Social Work University of Manchester UK in British Journal of Social Work June 2010 This book offers many practical examples of research projects taken from the author's own experience as a researcher These examples illustrate the usually complex concepts of research methodology by showing how they are practised in the real world of social work so the title is apt Especially useful are the common features of social work research discussed at length in the final chapter as a way of finding common ground in the disputed terrain of social work as a profession and in social work research in particular Heather D Cruz School of Health and Social

Development Deakin University Australia As a third year social work student I found this book a good consolidation of what I have been learning this semester in my research and evaluation module It has helped me with my end of module assignment to demonstrate my understanding of social work research through a detailed literature search I found the practical examples of actual pieces of research particularly useful in getting an idea of how particular methods are used I have found this book very useful as it has helped clarify the meaning of the research terminology and given me a good understanding of the overall process Sally Biskin Social Work Student Bangor University UK This accessible book is based on the author's extensive practical experience of carrying out and teaching research in the social work field Social work research is shown to be both a

distinctive academic enterprise and a task that can be accomplished effectively in line with the values and ethical principles that lie at the discipline's core. *Doing Social Work Research* helps intending researchers to relate methodology to method so that they can make authoritative decisions about how to turn initial research questions into valid and feasible investigative strategies. In doing so it introduces and evaluates a wide range of approaches across the spectrum of social work research. Building on this, the book provides detailed guidance on how to organize the research task, paying close attention to the practicalities of planning, preparation, implementation and management of investigations. *Doing Social Work Research* features a comprehensive overview of social work research methods, detailed guidance on how to carry out research in social work, illustrative examples of research practice from personal experience, effective links between core social work values, purposes, methodologies and research practices. This book is a valuable resource for social work students and practitioners carrying out research projects as well as practicing researchers and research educators in the discipline.

Understanding Research for Social Policy and Social Work (Second Edition) Saul Becker, Alan Bryman, Harry Ferguson, 2012-03-14

The Social Work Dissertation: Using Small-Scale Qualitative Methodology Malcolm Carey, 2013-02-16

This book is an indispensable and uniquely placed resource for any social work student daunted by the prospect of the dissertation or indeed for practitioners who are starting out in research. Malcolm Carey has managed the difficult task of producing a guide which is not only accessible and full of practicable advice but is also grounded in theory and strongly informed by social work values. As a social work PhD student, I would highly recommend this book to fellow students at all levels of qualification.

Hannah Jobber, PhD student, University of York, UK

Malcolm Carey has written an excellent second edition. It combines discussion of theoretical issues with practical guidance supported with clear examples. It achieves a rare balance of conceptual sophistication combined with the provision of down-to-earth advice. Students at undergraduate and postgraduate levels will find it answers the majority of their questions about how to do a dissertation in a very clear and accessible way.

Professor Steven M. Shardlow, The University of Salford, UK and Editor in Chief, *The Journal of Social Work*

I have recommended the first edition of this book to undergraduate and postgraduate students undertaking dissertations and I will definitely be recommending this 2nd edition. It is a very clearly written and accessible guide to the process of writing a research-based dissertation from first thoughts through to final writing up. The book is well laid out with excellent summaries of key points in table form. Carey takes the student through the research process, discussing the importance of the different stages in contributing to the dissertation as a whole. This new edition has been updated to take account of new areas such as the growth of systematic reviews and remains an excellent sourcebook for students and anyone taking their first steps in undertaking research.

David Saltiel, Lecturer in Social Work, School of Healthcare, University of Leeds, UK

This book conveys complex information pertaining to research in a clear and accessible way; this is a comprehensive guide which is easy to follow.

Val Sylvester, Senior Lecturer, The School of Health and Social Care, Birmingham City University, UK

Research is now

identified as comprising an integral part of everyday practice within health and social care The second edition of this popular book equips students and practitioners within social work with the skills and knowledge to effectively undertake research and complete their dissertation Written in a clear and straight forward way the book demystifies tasks which may at first seem difficult such as the literature review or interviews with practitioners and clarifies the research process by providing a straightforward guide to the basics Topics include Deciding a topic Setting a research question and clear objectives The stages followed whilst completing a dissertation How to undertake a literature review Analysis and writing up Ethical issues This new edition has been fully updated to include more guidance on doing a literature review and literature based research how the internet can be used to undertake research and more details of ethics and writing up This book provides an essential guidebook to qualitative research methodology for social work students and practitioners Doing Research in Social Work and Social Care Catherine Flynn,Fiona McDermott,2024-12-04 Do you want to understand how best to embrace the challenges surprises and successes of research This book acts as a journey through research to empower you to make the necessary connections between research and professional practice From understanding the concepts of research and gathering data to guiding you in writing it up and achieving positive change this book will give you a confident start with clarity on core concepts and getting it right ethically an insight into diversity in approaches the impact of context and how to overcome problems A better understanding of the realities of social work and social care practice Step by step guidance at each point in the research process Equipped with a wealth of case studies and real world examples to help you put your knowledge into practice this book is the perfect companion for students who want to transition to successful practitioner researchers *The Politics of Recognition and Social Justice* Maria Pallotta-Chiarolli,Bob Pease,2013-11-07 Via a wide range of case studies this book examines new forms of resistance to social injustices in contemporary Western societies Resistance requires agency and agency is grounded in notions of the subject and subjectivity How do people make sense of their subjectivity as they are constructed and reconstructed within relations of power What kinds of subjectivities are needed to struggle against forms of dominance and claim recognition The participants in the case studies are challenging forms of dominance and subordination grounded in class race culture nationality sexuality religion age disability and other forms of social division It is a premise of this book that new and or reconstructed forms of subjectivity are required to challenge social relations of subordination and domination Thus the transformation of subjectivity as well as the restructuring of oppressive power relations is necessary to achieve social justice By examining the construction of subjectivity of particular groups through an intersectional lens the book aims to contribute to theoretical accounts of how subjects are constituted and how they can develop a critical distance from their positioning *Practising Social Work in a Complex World* Robert Adams,Lena Dominelli,Malcolm Payne,2017-09-16 This classic textbook provides the clearest and most authoritative introduction available to working in situations characterised not only by risk and change but also by high pressure to deliver successful

outcomes Edited by three of the leading names in Social Work Robert Adams Lena Dominelli and Malcolm Payne provide an indispensable guide to successful social work practice Its coherent and thoughtful coverage of practice situations involving complexity tension and uncertainty is uniquely geared to the needs of students in the final stages of their qualifying Social Work course professionals returning to study or those simply wishing to deepen their professional understanding

Engaging with Social Work Christine Morley, Phillip Ablett, Selma Macfarlane, 2019-01-17 Equips students with a critical perspective and develops their understanding of social work practice *Practising Social Work Sociologically* Priscilla Dunk-West, Fiona Verity, 2018-02-13 This timely and much needed text book presents an innovative theoretically based approach that helps students practitioners and researchers alike orientate their view and sensibilities in a rapidly evolving modern world Traditional social work approaches are often ill equipped to take into account the emerging social change which has resulted from technological change globalisation and mobilities as well as environmental change By bringing sociological social work perspectives to contemporary practice it draws on concepts from a range of disciplines in recognition that we are collective thinkers and actors and that our ideas are shaped by what we read and build upon Whether taking a social work theory module or preparing for placement this sociological perspective provides a crucial foundation for practice and puts the social back in to social work

Evidence-based Practice in Social Work Ian Mathews, Karin Crawford, 2011-06-16 At a time when the credibility of social work is again being questioned this book offers a critical approach to the debate concerning the reliability and validity of the evidence research and knowledge that underpins professional social work practice It critiques the notion of evidence and argues that knowledge is a much broader more appropriate concept to consider There is analysis of the different components and sources of this knowledge and an exploration of the often discordant interface between practice and knowledge Finally it supports the view that knowledge can be actively developed and tested by a range of people

Social Work Research Ethical And Political Contexts Introduction

In today's digital age, the availability of Social Work Research Ethical And Political Contexts books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Social Work Research Ethical And Political Contexts books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Social Work Research Ethical And Political Contexts books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Social Work Research Ethical And Political Contexts versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Social Work Research Ethical And Political Contexts books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Social Work Research Ethical And Political Contexts books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Social Work Research Ethical And Political Contexts books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them

invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Social Work Research Ethical And Political Contexts books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Social Work Research Ethical And Political Contexts books and manuals for download and embark on your journey of knowledge?

FAQs About Social Work Research Ethical And Political Contexts Books

1. Where can I buy Social Work Research Ethical And Political Contexts books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
