Social Crisis And Educational Research:

Social Crisis and Educational Research (RLE Edu L) Len Barton, Stephen Walker, 2012-04-27 Originally written at a time of crisis in the education system of Britain occasioned by cuts contradictions and change many of the issues discussed in this book are still relevant today Debate in the book focuses upon an examination of the nature of the crisis an exploration of the impact of the crisis upon school processes and upon the relationship between life in school and in the wider community an investigation of the responses being made by pupils teachers and educationalists to the day to day manifestations of the crisis and a consideration of how the current crisis is giving a particular poignancy to issues to do with the theories and methods employed in our study and interpretation of contemporary educational processes [Social Crisis & Educational Research](#)

Len Barton, Stephen Walker, 1984-01-01 *Critical Theory and Educational Research* Peter McLaren, James M.

Giarelli, 1995-03-30 Applies European critical theory to North American educational research *Routledge Library Editions:*

Education Mini-Set L Sociology of Education Various, 2021-06-23 Mini set L Sociology of Education re issues 48 volumes originally published between 1928 and 1990 The books in this mini set discuss Teaching and social change research processes in education class race culture and education marxist perspectives in the sociology of education the family and education the sociology of the classroom and school organization **Researching Education Policy** David

Halpin, 2005-08-04 The methodology researching of educational policy is the subject of this book It takes a behind the scenes look at the conducting the analysis and the interpretation of research carried out into educational policy issues revolving around the 1988 Education Reform Act The contributors draw on their project research experience to demonstrate the breadth of issues lionked with such policy research and cover the gender and power balance between interviewer and interviewee the difficulties resulting from different ideological stances of researchers and researched and difficulties in finding links between research and policy **The RoutledgeFalmer Reader in Multicultural Education** David

Gillborn, Gloria Ladson-Billings, 2004 Bringing together scholarship from both sides of the Atlantic this book focuses on the questions that shape the field of multicultural education offering the reader an opportunity to achieve a real grasp of the subject *Resources in Education*, 1997 [Routledge Revivals: What's Wrong With Ethnography? \(1992\)](#) Martyn

Hammersley, 2018-02-01 Originally published 1992 What s Wrong With Ethnography provides a fresh look at the rationale for and distinctiveness of ethnographic research in sociology education and related fields Relativism critical theory the uniqueness of the case study and the distinction between qualitative and quantitative research are all examined and found wanting as a basis for informed ethnography The policy and political implications of ethnography are a particular focus of attention The author compels the reader to re examine some basic methodological assumptions in an exciting way

Handbook of Educational Policy Gregory J. Cizek, 1999-04-13 The Handbook of Educational Policy provides a comprehensive overview of policy questions in education reform at local state and national levels The book raises

controversial questions such as who really benefits from educational reform and investigates issues of accountability assessment educational fads technology in education and other matters of educational policy The book explores not only what education is but what it can be and should be providing a scholarly analysis of policy decisions as well as practical recommendations for parents teachers and policy makers Key Features Provides informed discussion based on scholarly research Contains practical recommendations for parents educators and policy makers Includes representation from local state and national levels Considers comparisons of United States practices to reforms abroad Addresses current issues and implications for the futures **Research in Education** ,1973 Theory Building in Educational Research Nigel

Kettley,2013-02-14 This volume provides comprehensive guidance on the subjects of concept generation and theory building in educational research By deploying the conceptual methodological and theoretical principles of the Cambridge School of Sociology which underpin a range of contemporary empirical research the author shows how theory building and theory in contemporary educational research are in a state of crisis In his compelling analysis Nigel Kettley develops an alternative approach to theory building in educational research and explores a radical new system for facilitating the growth of knowledge and the development of sound policy recommendations in education studies *Sociology and School Knowledge*

Geoff Whitty,2017-04-28 The rise of a radical new sociology of education during the early 1970s focused attention on the nature of school knowledge Although this new approach was set to revolutionize the subject within a few years many people considered these developments an eccentric interlude with little relevance to curriculum theory or practice First published in 1985 this book offers a more positive view of the new sociology of education and its contribution to our understanding of the curriculum In doing so it argues that some of the radical promise of the new sociology of education could be realised but only if sociologists teachers and political movements of the left work more closely together *The Wiley Handbook of*

Ethnography of Education Dennis Beach,Carl Bagley,Sofia Marques da Silva,2018-03-02 A state of the art reference on educational ethnography edited by leading journal editors This book brings an international group of writers together to offer an authoritative state of the art review of and critical reflection on educational ethnography as it is being theorized and practiced today from rural and remote settings to virtual and visual posts It provides a definitive reference point and academic resource for those wishing to learn more about ethnographic research in education and the ways in which it might inform their research as well as their practice Engaging in equal measure with the history of ethnography its current state of play as well as its prospects The Wiley Handbook of Ethnography of Education covers a range of traditional and contemporary subjects foundational aims and principles what constitutes good ethnographic practice the role of theory global and multi sited ethnographic methods in education research ethnography s many forms visual virtual auto and online networked ethnography and internet resources and virtual and place based ethnographic fieldwork Makes a return to fundamental principles of ethnographic inquiry and describes and analyzes the many modalities of ethnography existing

today Edited by highly regarded authorities of the subject with contributions from well known experts in ethnography Reviews both classic ideas in the ethnography of education such as grounded theory triangulation and thick description along with new developments and challenges An ideal source for scholars in libraries as well as researchers out in the field The Wiley Handbook of Ethnography of Education is a definitive reference that is indispensable for anyone involved in educational ethnography and questions of methodology

Practitioner Research In The Primary School Rosemary Webb, 2013-10-28 First Published in 1990 Central to the vision of teachers researching their own practice was the belief that the improvement of teaching and learning in schools could best be achieved through the development of the critical and creative powers of individual teachers The research studies in this book which reflect and extend that vision serve as accounts of the learning experiences of a group of practitioner researchers The book has two closely interrelated purposes The first is to provide information and ideas on the areas of the formal and hidden curriculum into which the practitioners enquired The second purpose is to provide methodological ideas and assistance for those already engaged in practitioner research and to motivate others to seek an opportunity to undertake some form of research based enquiry The two purposes are closely interrelated because of the value the contributors ascribe to taking a research stance to teaching

Feminisms and Educational Research Wendy R. Kohli, Nicholas C. Burbules, 2011-12-29 Feminist theory has come a long way from its nascent beginnings no longer can it be classified as liberal socialist or radical It has shaped and evolved to take on multiple meanings and forms each distinct in its own perspective and theory In *Feminisms and Educational Research* the authors explore the various forms of feminisms tracing their history and their relation to gendered knowledge and identity Unlike other books on feminism the authors do not attempt to push that a particular theory is more correct than another but rather they give a complete overview of each of the forms of feminism The authors then couple the philosophical and theoretical ideas of western feminisms with the aims and conduct of educational research exploring how they interact and influence each other Focusing on more recent feminists both in education and related disciplines the book highlights illustrative examples from research to form a basis of understanding how the different feminisms have changed education

Educational Studies in Europe Frieda Heyting, Jan Koppen, Dieter Lenzen, Felicitas Thiel, 1997-10-01 Reflecting the growing integration of the European Union this volume presents one of the results of an increasing cooperation between the education departments of Berlin Amsterdam and London universities The aim is to achieve a better understanding of the cultural and socio political differences of the educational sciences and more generally the educational consequences and possibilities of both globalizing and pluralist developments in European countries The areas covered include theoretical discussions of educational developments in contemporary society education organization and policy intercultural and integration pedagogics education for young children as well as higher education

Learning English and Chinese as Foreign Languages Wen-Chuan Lin, 2019-09-19 Learning English and Chinese is becoming increasingly important to the

prospects of young people This book compares English as a Foreign Language teaching in Taiwan with Chinese as a Foreign Language education in England in order to highlight how classroom activities are embedded within multiple settings including ethnic or other social group cultures family and community resources and school visions or goals The book illustrates how in Taiwan different ethnic groups recognise access and value English language learning to varying extents Its findings illuminate why some ethnic groups are highly motivated to learn English and are able to gain privileged economic positions in the job market In England access to Chinese is marked by social class and the book argues that this could augment an educational apartheid that already exists in language teaching in secondary schools thereby exacerbating existing inequality

A Social History of Educational Studies and Research Gary McCulloch, Steven Cowan, 2017-07-20
A Social History of Educational Studies and Research examines the development of the study of education in the UK in its broader educational social and political context since its early beginnings in the first part of the twentieth century By providing a historical analysis of the contested growth of the field this book examines the significant contribution that has been made by institutions of higher education journals text books conferences centres and academic societies It discusses the problems and opportunities of the field and its prospects for survival and adaptation to current changes in the decades ahead The work draws on documentary sources social network analysis and interviews with leading figures from across the field This book highlights international influences on the development of educational studies and research in the UK its role in the growing internationalisation of the field as a whole and also comparisons and contrasts with the nature of the field elsewhere It relates the development to the wider social political and economic changes affecting higher education in general and educational studies and research in particular It addresses the historical development of disciplines in higher education institutions and the nature extent and limitations of interdisciplinarity A Social History of Educational Studies and Research discuss the problems and opportunities facing the study of education today and its prospects of adapting to changes in the decades ahead It is a distinctive and original analysis of educational studies and research that provides the first comprehensive study of its type

Postdigital Education for Development Michael A. Peters, Olivera Kamenarac, Benjamin J. Green, Petar Jandrić, Tina Besley, 2025-10-07 This edited volume unpacks the profound deterritorializing and reterritorializing shifts taking place across the globalized networked educational landscape interjecting into pervasive predominant education development EdDev discourses Highlighting the transdisciplinarity of postdigital studies this book engages with core facets of contemporary educational development such as educational geopolitics policy discourses global funding institutions cooperative developmental initiatives national imaginaries of educational development the university stakeholder collectives and pedagogical and curricular frameworks It provides a comprehensive understanding of current EdDev discourse and practice its failings and how technology driven disruptions can open up avenues for alternative reimaginings of educational futures The research presented foregrounds a conceptualization of inclusive postdigital educational ecosystems that catalyze

educational futures built around human centered technological advancements in support of sustainable bio digital planetary development This book is suited for educators and researchers of educational development and policy Postdigital Education for Development is complemented by The Geopolitics of Postdigital Educational Development also edited by Michael A Peters Ben Green Olivera Kamenarac Petar Jandri and Tina Besley **Indian Writings on Education, 1979-1986** S. P. Agrawal, J. C. Aggarwal, 1992
