Social Mobility In Contemporary Japan

Hiroshi Ishida, David H. Slater

Social Mobility In Contemporary Japan:

Social Mobility in Contemporary Japan Hiroshi Ishida,1995-01-05 The book is a study of intergenerational class mobility and the process of socioeconomic status attainment in contemporary Japan The idea of Japan as an educational credential society has been debated for a long time in Japan The book empirically evaluates this idea within the framework of a cross national comparison with the United States and Britain The author also examines the patterns of class mobility in Japan within a cross national perspective and reports similarities and differences in the mobility patterns among the three societies

Social Mobility in Contemporary Japan Hiroshi Ishida,1993 The book is a study of intergenerational class mobility and the process of socioeconomic status attainment in contemporary Japan The idea of Japan as an educational credential society has been debated for a long time in Japan The book empirically evaluates this idea within the framework of a cross national comparison with the United States and Britain The author also examines the patterns of class mobility in Japan within a cross national perspective and reports similarities and differences in the mobility patterns among the three societies

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Social Class in Contemporary Japan** Hiroshi Ishida,David H. Slater,2009-10-16 Post war Japan was often held up as the model example of the first mature industrial societies outside the Western economy and the first examples of middle mass society Today and since the bursting of the economic bubble in the 1990 s the promises of Japan Inc seem far away Social Class in Contemporary Japan is the first single volume that traces the dynamics of social structure institutional socialization and class culture through this turbulent period all the way into the contemporary neoliberal moment In an innovative multi disciplinary approach that include top scholars working on quantitative class structure policy development and ethnographic analysis this volume highlights the centrality of class formation to our understanding of the many levels of Japanese society The chapters each address a different aspect of class formation and transformation which stand on their own Taken together they document the advantages of putting Japan in the broad comparative framework of class analysis and the enduring importance of social class to the analysis of industrial and post industrial societies Written by a team of contributors from Japan the US and Europe this book will be invaluable to students and scholars of Japanese society and culture as well as those interested in cultural anthropology and social class alike **Social Mobility in Contemporary Japan** 山口洋子,1993

Social Class in Contemporary Japan Hiroshi Ishida,David H. Slater,2009-10-16 Through examination of contemporary Japanese society this book demonstrates that the analysis of class formation is fundamental for a clear understanding of institutions and collective identity such as family school work gender and ethnicity Social Stratification in Contemporary Japan Kenji Kosaka,2013-09-05 First Published in 1994 The focus of this study is class and stratification in Japan There are a few papers on social stratification in Japan that are written in English and make use of the SSM research The present study uses the latest SSM data These were collected in 1985 and are themselves becoming out of date given that Japanese society

has been experiencing rapid and radical change though they remain among the most recent available The authors are sociologists this book is intended for a general readership Class Structure in Contemporary Japan Kenji Hashimoto, 2003 Based on data collected on 1995 by the Japanese Sociological Association this book investigates four major classes new old middle capitalist and working and their characteristics and mobility patterns in terms of income work social network leisure activity gender relations and voting behaviour **Contemporary Japan** Duncan McCargo, Sara Park, 2025-10-16 What have been the fundamental shifts in Japanese society over the past decade And what has remained the same What will the country look like in five years from now Introducing you to all aspects of Japanese society culture politics economy geography and history this book guides you through the country's enduring features recent trends and the most interesting areas of analysis Gender roles gender fluidity and LGBTQ identities including coverage of singledom and the changing nature of family life Changing demographics considering the impact of increased immigration from China and Vietnam coupled with a falling birth rate and declining indigenous population The current state of Japanese politics analysing the dominance of the LDP and the legacy of Shinzo Abe Reflections on contemporary Japanese culture discussing the politics of education the role of the media and the online sphere new social movements environmentalism Trends in Japan's external relations looking at the LDP's increased defence spending the continued rise of China and Russia's war in Ukraine With case studies the latest data and lively debate Contemporary Japan is essential reading if you are studying any aspect of Japanese sociology politics history culture or language or if you are simply interested in learning more about the country **Modern Japanese society / edited by Josef Kreiner, Ulrich Hohwald and Hans Dieter Olschleger.** Josef Kreiner, Ulrich Mèohwald, Hans Dieter Ölschleger, 2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a result of different social and historical roots of the process of modernization

Single Mothers in Contemporary Japan Aya Ezawa, 2016-05-12 Combining work and family remains a major challenge for married women in contemporary Japan and it's not uncommon for them to quit working when starting a family Single mothers by contrast almost always work regardless of the age of their children Despite their eagerness to support themselves and their children through employment their average income remains low and many live on a household budget close to the poverty line This book examines how the difficult living conditions facing single mothers in Japan highlight not only the challenges they face in earning a family wage and managing the work family balance but also reveals the class dimensions of family life in contemporary Japan The need to make ends meet with few resources means that mothers may find it difficult to

uphold the lifestyle they may consider as most appropriate for the upbringing of their children and that they may have to choose between their presence at home in line with the ideal of the middle class housewife and mother or devoting more time to earning an income that can pay for a good education Social class in this case is not just a matter of education occupation or income but is also expressed by mothers approaches to their children s upbringing and future opportunities in education and employment Based on life history interviews with single mothers this study examines the gendered meanings of social class and social achievement and the role of maternal practices in shaping their children s future life trajectories Critical Issues in Contemporary Japan Jeff Kingston,2013-12-17 This book provides undergraduate and graduate students with an interdisciplinary compendium written by a number of leading specialists on contemporary Japan Chapters reflect the standards of rigorous scholarly work but also exceed them in their accessibility of language and engagement with concerns relevant to non specialists The probing analysis of key debates and issues confronting Japan make this ideal for college courses and an essential reference work on Japan Asia for libraries This book encompasses a range of disciplines in the social sciences and thus will be useful for a variety of courses including Comparative Politics Media Studies Anthropology Sociology Asian Studies International Relations Public Policy Healthcare Education Judicial Reform Gender and Minority Studies The strength of this volume is in the collective efforts of accomplished experts providing in depth analysis and up to date comprehensive coverage of Japan in the 21st century Students will gain the analytical insights and information necessary to assess the challenges that confront the Japanese people policymakers and private and public sector institutions Key issues covered in this volume include Rapidly Aging society Changing Employment system Energy policy Nuclear and Renewable Gender discrimination Immigration Ethnic minorities Trade policy Civil society Rural Japan Okinawa Post 3 11 Tsunami earthquake nuclear meltdown developments Internationalization Sino Japanese relations East Asia s divisive history The SAGE Handbook of Social Anthropology Richard Fardon,Olivia Harris,Trevor H J Marchand,Cris Shore,Veronica Strang,Richard Wilson,Mark Nuttall,2012-07-25 In two volumes the SAGE Handbook of Social Anthropology provides the definitive overview of contemporary research in the discipline It explains the what where and how of current and anticipated work in Social Anthropology With 80 authors contributing more than 60 chapters this is the most comprehensive and up to date statement of research in Social Anthropology available and the essential point of departure for future projects The Handbook is divided into four sections Part I Interfaces examines Social Anthropology s disciplinary connections from Art and Literature to Politics and Economics from Linguistics to Biomedicine from History to Media Studies Part II Places examines place region culture and history from regional area studies to a globalized world Part III Methods examines issues of method from archives to war zones from development projects to art objects and from ethics to comparison Part IV Futures anticipates anthropologies to come in the Brain Sciences in post Development in the Body and Health and in new Technologies and Materialities Edited by the leading figures in social anthropology the Handbook includes a substantive

introduction by Richard Fardon a think piece by Jean and John Comaroff and a concluding last word on futures by Marilyn Strathern The authors each at the leading edge of the discipline contribute in depth chapters on both the foundational ideas and the latest research Comprehensive and detailed this magisterial Handbook overviews the last 25 years of the social anthropological imagination It will speak to scholars in Social Anthropology and its many related disciplines **A**

Companion to the Anthropology of Japan Jennifer Robertson, 2008-03-10 This book is an unprecedented collection of 29 original essays by some of the world's most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country *Images Of Japanese Society Hb* Ross Mouer, Yoshio Sugimoto, 2013-10-28 The popular image of Japanese society is a stereotypical one that of a people characterised by a coherent set of thought and behaviour patterns applying to all Japanese and transcending time Ross Mouer and Yoshio Sugimoto found this image quite incongruous during their research for this book in Japan They ask whether this stereotype of the Japanese is not only generated by foreigners but by the Japanese themselves This is likely to be a controversial book as it does not contribute to the continuing mythologising of Japan and the Japanese The book examines contemporary images of Japanese society by surveying an extensive sample of popular and academic literature on Japan After tracing the development of holistic theories about the Japanese commonly referred to as the group model attention is focused on the evaluation of that image Empirical evidence contrary to this model is discussed and methodological lacunae are cited A sociology of Japanology is also presented In pursuit of other visions of Japanese society the authors argue that certain aspects of Japanese behaviour can be explained by considering Japanese society as the exact inverse of the portrayal provided by the group model The authors also present a multi dimensional model of social stratification arguing that much of the variation in Japanese behaviour can be understood within the framework as having universal equivalence Education Reform and Social Class in Japan 田中道子, 2013 Until the early 1990s Japanese education was widely commended for achieving outstanding outcomes in global comparison At the same time it was frequently criticized for failing to cultivate individuality and creativity in students Wide ranging education reforms were enacted during the 1990s to remedy these perceived failings However as this book argues the reforms produced a different outcome than intended contributing to growing disparity in learning motivation and educational aspiration of students from different class backgrounds instead Takehiko Kariya demonstrates by way of empirical sociological analysis that educational inequality in Japan has been expanding and that a new mechanism of educational selection has begun to operate which he calls the incentive divide Casting light on recent changes in Japanese society to critically reassess educational policy choices this book's quantitative and qualitative analyses of the mass education society in post war Japan offer important insights also for

understanding similar problems faced in other parts of the world at present Translated into English for the first time the Japanese language version of Education Reform and Social Class in Japan won the first Osaragi Jir Prize for Commentary sponsored by the Asahi shinbun This book will be of interest to students and scholars in the fields of Asian studies Japanese studies education sociology and social policy

An Introduction to Japanese Society Yoshio Sugimoto, 2014-09-24 Now in its fourth edition An Introduction to Japanese Society remains essential reading for students of Japanese society Internationally renowned scholar Yoshio Sugimoto uses both English and Japanese sources to update and expand upon his original narrative in this sophisticated yet highly readable text This book explores the breadth and diversity of Japanese society with chapters covering class geographical and generational variation work education gender minorities popular culture and the establishment Updates include an exploration of the Cool Japan phenomenon and the explosion of Japanese culture overseas This edition also features the latest research into Japanese society updated statistical data and coverage of recent events including the 2011 earthquake and tsunami and the change in government Written in a clear and engaging style An Introduction to Japanese Society provides an insight into all aspects of a diverse and ever evolving contemporary Japan

Re-reading the Salaryman in Japan Romit Dasgupta, 2013 This book uses the figure of the salaryman to explore masculinity in Japan by examining the salaryman as a gendered construct and is one of the first to focus on the men within Japanese corporate culture through a gendered lens Not only does this add to the emerging literature on masculinity in Japan but given the important role Japanese corporate culture has played in Japan's emergence as an industrial power Romit Dasgupta's research offers a new way of looking both at Japanese business culture and more generally at important changes in Japanese society in recent years

Social Stratification in an Aging Society with Low Fertility Sawako Shirahase, 2022-08-31 This edited book empirically discusses stratification in contemporary Japanese society It is unique for its examination of social inequality in relation to declining fertility and an aging population Japan is the most aged society in the world according to the Statistics Bureau of Japan people who are aged 65 and above comprised 29.1% of the country's total population in 2021 Meanwhile the fertility rate has continuously declined since the mid 1970s Japan experienced a dramatic change in its demographic structure in a short period of time Such fast change could be a major factor that generated social stratification In her industrialization Japan was thought to share a pattern of social stratification similar to that of developed European and North American countries but with a low degree of socio economic inequality and a high degree of homogeneity There is no clear support for this description of Japan although the country does share a pattern and degree of social stratification similar to that observed in Europe and North America The social stratification theory has been developed in close relationship to the labor market however it is necessary to further examine the social stratification of very aged societies in which a substantial number of the population namely retired persons no longer have any ties to the labor market In this book the contributors explore the pattern of social stratification at three life stages young middle aged and

elderly Included are discussions of various aspects of stratification such as education work wealth marriage family gender generation and social attitudes Educational Assortative Mating in Japan Fumiya Uchikoshi, James M. Raymo, 2021-09-06 This book represents a first attempt to comprehensively discuss and investigate causes and potential implications of changing patterns of spouse pairing in Japan and to consider similarities and differences with patterns observed in the USA and other low fertility Western societies In this book research on educational assortative mating in Japan is summarized and updated This book contributes to research on the demography of contemporary Japan by overviewing theoretical and empirical linkages between marriage behavior and processes of social and economic stratification It also extends the large body of research on assortative mating and stratification by incorporating insights from the understudied context of Japan The authors draw upon multiple data sources both survey and administrative data to update and extend previous research on who marries whom in Japan The wide range of consequences considered includes income inequality the intergenerational transmission of advantage and disadvantage marriage and fertility timing lifelong singlehood childlessness and the family roles of husbands and wives Throughout the manuscript Japan is considered in comparative perspective by employing the large USA and international literatures on assortative mating **Interpreting Japan** Brian McVeigh, 2014-07-11 Written by an experienced teacher and scholar this book offers university students a handy how to guide for interpreting Japanese society and conducting their own research Stressing the importance of an interdisciplinary approach Brian McVeigh lays out practical and understandable research approaches in a systematic fashion to demonstrate how with the right conceptual tools and enough bibliographical sources Japanese society can be productively analyzed from a distance In concise chapters these approaches are applied to a whole range of topics from the aesthetics of street culture the philosophical import of sci fi anime how the state distributes wealth welfare policies the impact of official policies on gender relations updated spiritual traditions why manners are so important kinship structures corporate culture class schooling self presentation visual culture to the subtleties of Japanese grammar Examples from popular culture daily life and historical events are used to illustrate and highlight the color dynamism and diversity of Japanese society Designed for both beginning and more advanced students this book is intended not just for Japanese studies but for cross cultural comparison and to demonstrate how social scientists craft their scholarship

This book delves into Social Mobility In Contemporary Japan. Social Mobility In Contemporary Japan is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Social Mobility In Contemporary Japan, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Social Mobility In Contemporary Japan
 - Chapter 2: Essential Elements of Social Mobility In Contemporary Japan
 - Chapter 3: Social Mobility In Contemporary Japan in Everyday Life
 - Chapter 4: Social Mobility In Contemporary Japan in Specific Contexts
 - Chapter 5: Conclusion
2. In chapter 1, the author will provide an overview of Social Mobility In Contemporary Japan. This chapter will explore what Social Mobility In Contemporary Japan is, why Social Mobility In Contemporary Japan is vital, and how to effectively learn about Social Mobility In Contemporary Japan.
3. In chapter 2, the author will delve into the foundational concepts of Social Mobility In Contemporary Japan. This chapter will elucidate the essential principles that must be understood to grasp Social Mobility In Contemporary Japan in its entirety.
4. In chapter 3, the author will examine the practical applications of Social Mobility In Contemporary Japan in daily life. The third chapter will showcase real-world examples of how Social Mobility In Contemporary Japan can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Social Mobility In Contemporary Japan in specific contexts. The fourth chapter will explore how Social Mobility In Contemporary Japan is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Social Mobility In Contemporary Japan. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Social Mobility In Contemporary Japan.

Social Mobility In Contemporary Japan Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information.

No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Social Mobility In Contemporary Japan PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Social Mobility In Contemporary Japan PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Social Mobility In Contemporary Japan free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Social Mobility In Contemporary Japan Books

1. Where can I buy Social Mobility In Contemporary Japan books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
