Understanding Collective Pride and Group Identity Gavin Brent Sullivan,2014-06-20 Collective and group based pride is currently covered across a number of disciplines including nationalism studies sociology and social psychology with little communication between fields This multidisciplinary collection encourages interdisciplinary research and provides a unique insight into the subject stemming from a psychological perspective The collection builds upon insights from collective emotion research to consider the relations between collective pride shame and guilt as well as emotions of anger empowerment and defiance Collective pride is examined in contexts that vary from small groups in relatively peaceful competition to protest movements and large groups in divisive conflicts In the book collective pride is a complex and positive emotional experience evident in the behaviour of groups that can lead to negative forms of collective hubris in which other groups are devalued or dominated Emotions of Collective Pride and Group Identity brings together international contributors to discuss the theory research and practice surrounding collective pride in relation to other emotions and collective cultural

and national identity Divided into two parts part one explores the philosophy and theory behind collective pride and its extremes Part two draws upon the latest quantitative and qualitative empirical research to focus on specific issues for example happiness national pride and the 2010 World Cup Topics covered include cultural and national pride and identity positive feelings of unity and solidarity dynamic relationships between collective pride guilt and shame theories of emotions in ritual symbolic and affective practices collective pride and collective hubris in organizations perspectives on national events from young people This book will appeal to an interdisciplinary audience in the area of affect studies and emotion research including social psychologists sociologists historians and anthropologists **Handbook of Self and Identity** Mark R. Leary, June Price Tangney, 2012-01-01 Widely regarded as the authoritative reference in the field this volume comprehensively reviews theory and research on the self Leading investigators address this essential construct at multiple levels of analysis from neural pathways to complex social and cultural dynamics Coverage includes how individuals gain self awareness agency and a sense of identity self related motivation and emotion the role of the self in interpersonal behavior and self development across evolutionary time and the lifespan Connections between self processes and psychological problems are also addressed New to This Edition Incorporates significant theoretical and empirical advances Nine entirely new chapters Coverage of the social and cognitive neuroscience of self processes self regulation and health self and emotion and hypoegetic states such as mindfulness *T&T Clark Handbook to Social Identity in the New Testament* J. Brian Tucker, Coleman A. Baker, 2014-01-02 Combining the insights of many leading New Testament scholars writing on the use of social identity theory this new reference work provides a comprehensive handbook to the construction of social identity in the New Testament Part one examines key methodological issues and the ways in which scholars have viewed and studied social identity including different theoretical approaches and core areas or topics which may be used in the study of social identity such as food social memory and ancient media culture Part two presents worked examples and in depth textual studies covering core passages from each of the New Testament books as they relate to the construction of social identity Adopting a case study approach in line with sociological methods the volume builds a picture of how identity was structured in the earliest Christ movement Contributors include Philip Esler Warren Carter Paul Middleton Rafael Rodriguez and Robert Brawley **Social Psychology of Identity and the Self Concept** Glynis Marie Breakwell, 1992 This volume presents state of the art reviews of social psychology theories and empirical research on the self concept bringing together researchers from a variety of theoretical traditions to debate current issues Theory Construction in Social Personality Psychology Arie W. Kruglanski, E. Tory Higgins, 2016-02-04 This special issue features papers that offer deeply felt valuable perspectives on diverse aspects of theory construction in social personality psychology The goal is to furnish a basis for starting a discussion about the considerable challenges of theorizing the ways of meeting those challenges and the great rewards that successful theorizing offers to the discipline as a whole **Intergroup Attitudes and Relations in Childhood Through Adulthood**

Sheri R. Levy, Melanie Killen, 2008-02-15 This edited volume captures an exciting new trend in research on intergroup attitudes and relations which concerns how individuals make judgments and interact with individuals from different group categories broadly defined in terms of gender race age culture religion sexual orientation and body type This new approach is an integrative perspective one which draws on theory and research in the areas of developmental and social psychology Throughout human history intergroup conflict has often served as the basis for societal conflict strife and tension Over the past several decades individual and group mobility has enabled individuals to interact with a wider range of people from different backgrounds than ever before On the one hand this level of societal heterogeneity contributes to intergroup conflict On the other hand the experience of such heterogeneity has also reduced stereotypes and increased an understanding of others perspectives and experiences Where does it begin When do children acquire stereotypes about the other What are the sources of influence and how does change come about To provide a deeper understanding of the origins stability and reduction of intergroup conflict scholars in this volume report on current cutting edge theory and new research findings Progress in the area of intergroup attitudes relies on continued advances in both the understanding of the origins and the trajectory of intergroup conflict and harmony as historically studied by developmental psychologists and the understanding of contexts and conditions that contribute to positive and negative intergroup attitudes and relations as historically studied by social psychologists Recent social and developmental psychology research clarifies the multifaceted nature of prejudice and the need for an interdisciplinary approach to addressing prejudice The recent blossoming of research on the integration of developmental and social psychology represented in this volume will appeal to scholars and students in the areas of developmental psychology social psychology cognitive psychology education social neuroscience law business and political science

Social Norms and Economic Institutions Kenneth J. Koford, Jeffrey B. Miller, 1991 Examines the role of values and social norms in the functioning of economic institutions

Identity and Ethics in the Book of Ruth Peter H. W. Lau, 2011 This study demonstrates the importance of including narrative ethics in a construction of Old Testament ethics as a correction for the current state of marginalisation of narrative in this discipline To this end the concept of identity is used as a lens through which to understand and derive ethics Since self conception in ancient Israel is generally held to be predominantly collectivist in orientation social identity theory is used to understand ancient Israelite identity Although collectivist sensitivities are important a social identity approach also incorporates an understanding of individuality This approach highlights the social emphases of a biblical text and consequently assists in understanding a text s original ethical message The book of Ruth is used as a test case employing a social identity approach for understanding the narrative but also to model the approach so that it can be implemented more widely in study of the Old Testament and narrative ethics Each of the protagonists in the book of Ruth is examined in regards to their personal and social self components This study reveals that the narrative functions to shape or reinforce the identity of an ancient Israelite implied reader Since behavioural

norms are an aspect of identity narrative also influences behaviour A social identity approach can also highlight the social processes within a society The social processes taking place in the two most commonly proposed provenances for the book of Ruth are discussed the Monarchic and Persian Periods It is found that the social emphases of the book of Ruth most closely correspond to the social undercurrents of the Persian Period On this basis a composition for the book of Ruth in the Restoration period is proposed *Advances in Group Processes* Edward J. Lawler, Shane R. Thye, 2020-10-20 Volume 37 brings together papers related to a variety of topics in small groups and organizational research The volume includes papers that address theoretical and empirical issues related to consumer social privilege group processes and disrupted environments the use of time as a construct and the affective bases of self Group Responsibility C. Striblen, 2014-02-26 Drawing on work in social psychology narrative ethics and feminist philosophy the author presents a new account which answers the standard objections while also giving practical guidance to individuals who take their group related responsibilities seriously *Handbook of Language & Ethnic Identity* Joshua A. Fishman, Ofelia García, Oxford University Press, 2010 This volume presents a comprehensive introduction to the connection between language and ethnicity

Blackwell Handbook of Social Psychology Michael A. Hogg, Scott Tindale, 2008-04-15 This handbook provides an authoritative up to date overview of the social psychology of group processes The topics covered include group decisions juries group remembering roles status leadership social identity and group membership socialization group performance negotiation and bargaining emotion and mood computer mediated communication organizations and mental health Provides an authoritative up to date overview of the social psychology of group processes Written by leading researchers from around the world to provide a classic and current overview of research as well as providing a description of future trends within the area Includes coverage of group decisions juries group remembering roles status leadership social identity and group membership socialization group performance negotiation and bargaining emotion and mood computer mediated communication organizations and mental health Essential reading for any serious scholar of group behavior Now available in full text online via xreferplus the award winning reference library on the web from xrefer For more information visit www.xreferplus.com Understanding Peace and Conflict Through Social Identity Theory Shelley McKeown, Reeshma Haji, Neil Ferguson, 2016-06-17 This volume brings together perspectives on social identity and peace psychology to explore the role that categorization plays in both conflict and peace building To do so it draws leading scholars from across the world in a comprehensive exploration of social identity theory and its application to some of the world's most pressing problems such as intrastate conflict uprising in the middle east the refugee crisis global warming racism and peace building A crucial theme of the volume is that social identity theory affects all of us no matter whether we are currently in a state of conflict or one further along in the peace process The volume is organized into two sections Section 1 focuses on the development of social identity theory Grounded in the pioneering work of Dr Henri Tajfel section 1 provides the reader with a historical background

of the theory as well as its current developments Then section 2 brings together a series of country case studies focusing on issues of identity across five continents This section enables cross cultural comparisons in terms of methodology and findings and encourages the reader to identify general applications of identity to the understanding of peace as well as applications that may be more relevant in specific contexts Taken together these two sections provide a contemporary and diverse account of the state of social identity research in conflict situations and peace psychology today It is evident that any account of peace requires an intricate understanding of identity both as a cause and consequence of conflict as well as a potential resource to be harnessed in the promotion and maintenance of peace Understanding Peace and Conflict Through Social Identity Theory Contemporary Global Perspectives aims to help achieve such an understanding and as such is a valuable resource to those studying peace and conflict psychologists sociologists anthropologists public policy makers and all those interested in the ways in which social identity impacts our world Computer Mediated Communication Crispin

Thurlow, Laura Lengel, Alice Tomic, 2004-01-23 This book offers students a task based introduction to Computer Mediated Communication and the impact of the internet on social interaction Divided into four parts which require students to learn theory critique current issues explore methods and reflect practice the book aims to Provide a foundation to the social and communicative nature of information and communication technologies Enable students to engage with the key theoretical issues associated with CMC Equip students with the necessary research and technical skills as a stimulus to independent enquiry In spite of the rapidly increasing interest in Internet Studies and CMC and the introduction of many university courses in the area no specialised introductory textbook exists This coursebook responds to the need for such a text Aimed primarily at communication students this book would also be useful as a sourcebook for students of media sociology psychology and English Language Studies Companion website resources can be found at <http://crispinthurlow.net/cmc>
