Socialism Re Examined

Norman Thomas

Socialism Re Examined:

Socialism Re-examined Norman Thomas, 1963 Socialism Re-examined Norman Thomas, 1984-11-07 **The Vietnam War Re-Examined** Michael Kort, 2018 An overview of the revisionist case on the Vietnam War showing how it could have been won by the US at a lower cost than was suffered in defeat *Norman Thomas* Raymond F. Gregory, 2008 A conscientious objector in two world wars and a relentless advocate for world peace as well as social justice Norman Thomas was tear gassed arrested and jailed as he stood up for the rights of minorities immigrants and the working poor In addition to being a civil rights activist Thomas headed the Socialist Party for 18 years ran for president six times was a pacifist and created several institutions to advance world peace and universal disarmament He strongly and vocally opposed the Vietnam War This biography highlights the values that lay behind his actions values which included aspects of socialism but which also conflicted with the views of many Leftists **John Stuart Mill, Socialist** Helen McCabe, 2021-03-15 Best known as the author of *On Liberty* John Stuart Mill remains a canonical figure in liberalism today Yet according to his autobiography by the mid 1840s he placed himself under the general designation of Socialist Taking this self description seriously John Stuart Mill Socialist reinterprets Mill's work in its light Helen McCabe explores the nineteenth century political economist's core commitments to egalitarianism social justice social harmony and a socialist utopia of cooperation fairness and human flourishing Uncovering Mill's changing relationship with the radicalism of his youth and his excitement about the revolutionary events of 1848 McCabe argues that he saw liberal reforms as solutions to contemporary problems while socialism was the path to a better future In so doing she casts new light on his political theory including his theory of social progress his support for democracy his feminism his concept of utility his understanding of individuality and his account of the permanent interests of man as a progressive being which is so central to his famous harm principle As we look to rebuild the world in the wake of financial crises climate change and a global pandemic John Stuart Mill Socialist offers a radical rereading of the philosopher and a fresh perspective on contemporary meanings of socialism **The Philosophy of History: A Re-examination** William Sweet, 2019-09-25 The philosophy of history is an area of interest not only to philosophers but to historians and to social scientists It has been of central importance in continental European philosophy since the late 18th century and for the past half century has had a significant place in Anglo American philosophy Interest in the philosophy of history continues to grow This volume offers both an introduction to contemporary discussion in the philosophy of history and a reassessment of some of the major movements in the philosophy of history since the beginning of the 20th century Including the work of leading international scholars in the field the book presents a wide range of perspectives from different schools in philosophy and in political and social theory history and the history of ideas Traditional questions raised in the philosophy of history are explored with fresh insight the nature of history historical understanding historical objectivity the nature of the past the psychological factors in historical explanation the human significance of

history alongside issues which are less frequently examined including the role of science and mathematics in history history as a social science and history as an art form As history itself remains disputed ground it is important to consider what clues history can provide for our response to issues of contemporary concern such as political realignments and economic globalisation this volume offers important insights from leading scholars in the philosophy of history

Kurdish Studies Archive Martin van Bruinessen, 2024-11-18 Kurdish Studies Archive publishes the content of volumes 1 to 10 of Kurdish Studies This interdisciplinary and peer reviewed journal was dedicated to publishing high quality research and scholarship Since 2023 the journal has been continued as the new Kurdish Studies Journal published by Brill and focuses on research scholarship and debates in the field of Kurdish studies in a multidisciplinary fashion covering a wide range of topics including but not limited to economics history society gender minorities politics health law environment language media culture arts and education

Radicalism In The Contemporary Age, Volume 1 Seweryn Bialer, Sophia Sluzar, 2019-08-16 This volume Sources of Contemporary Radicalism begins with Seweryn Bialer s examination of the definitional aspects of radicalism as well as with the identification of specific contemporary sources of the radical impulse and the social groups that are the carriers of radicalism within society In the next two chapters Seymour Lipset and Stanley Rothman consider the case of the United States Lipset asks anew the question posed by Werner Sombart at the beginning of this century Why is there no socialism in the United States From the perspective of a century of literature addressed to this question he provides his own critique and explanation Rothman considers the relatively new phenomenon of student radicalism in the United States and on the basis of interviews with student activists and results of tests they agreed to take he offers hypotheses concerning their psychological motivation Sidney Tarrow s chapter presents a comparison and contrast of the societal sources contributing to the growth of radical movements in post World War II France and Italy Henry Landsberger in his chapter concentrates on one societal group the peasantry Landsberger addresses the methodological issue that arises in defining peasant discontent as radicalism and examines what it is that provides a new dimension to peasant discontent in modern times In the final chapter William Overholt presents a valuable interpretative survey of the literature on radicalism

The Gadamer Dictionary Chris Lawn, Niall Keane, 2011-06-30 A fully cross referenced A Z guide to the work and ideas of Hans Georg Gadamer

From Marx to Global Marxism Kerstin Knopf, Detlev Quintern, 2021-10-20 In our 21st century the works of Karl Marx and Friedrich Engels are still widely taught hotly debated and adapted to different political and sociological contexts and theories Today the spectre of communism haunts not only Europe as assumed by the authors of the Manifesto of the Communist Party in 1848 but the world as a whole After Marxism achieved statehood on the ruins of the Tsarist Empire as the consequence of the Russian Revolution in October 1917 revolutionary independence movements in Asia Africa and the Americas introduced new and varied readings of the socialist classics in the 20th century This collection of articles by contributors from across the globe discusses Marxism based on Marx s and Engels s ideas and uvre from transnational perspectives that connect Germany

and Europe for example with Brazil Canada Egypt Ghana India Iran Israel Palestine Russia and Turkey With a critical postcolonial approach the pluriversal debates look at the heritage of Karl Marx and Friedrich Engels in the context of histories of resistance analytical thought theory building a latent Eurocentric outlook and the discursive monument Marxism

Economy, Difference, Empire Gary Dorrien, 2010-11-02 Sourcing the major traditions of progressive Christian social ethics social gospel liberalism Niebuhrian realism and liberation theology Gary Dorrien argues for the social ethical necessity of social justice politics In carefully reasoned essays he focuses on three subjects the ethics and politics of economic justice racial and gender justice and antimilitarism making a constructive case for economic democracy along with a liberationist understanding of racial and gender justice and an anti imperial form of liberal internationalism In Dorrien s view the three major discourse traditions of progressive Christian social ethics share a fundamental commitment to transform the structures of society in the direction of social justice His reflections on these topics feature innovative analyses of major figures such as Walter Rauschenbusch Reinhold Niebuhr James Burnham Norman Thomas and Michael Harrington and an extensive engagement with contemporary intellectuals such as Rosemary R Ruether Katie Cannon Gregory Baum and Cornel West Dorrien also weaves his personal experiences into his narrative especially his involvement in social justice movements He includes a special chapter on the 2008 presidential campaign and the historic candidacy of Barack Obama **Solidarity**

Blues Richard Iton, 2003-06-19 A number of arguments have been made to explain the relative weakness of the American Left A preference for individualism the effects of prosperity and the miscalculations of different components of the Left including the labor movement have been cited among other factors as possible explanations for this puzzling aspect of American exceptionalism But these arguments says Richard Iton overlook a crucial factor the powerful influence of race upon American life Iton argues that the failure of the American Left lies in its inability to come to grips with the centrality of race in the American experience Placing the history of the American Left in an illuminating comparative context he also broadens our definition of the Left to include not just political parties and labor unions but also public policy and popular culture an important source for the kind of cultural consensus needed to sustain broad social and collectivist efforts Iton says In short by exposing the impact of race on the development of the American Left Iton offers a provocative new way of understanding the unique orientation of American politics **College for Women** Western Reserve University, 1922 **Hearings** United States. Congress. House, 1960

Residential Change and Demographic Challenge Annett Steinführer, Sigrun Kabisch, Katrin Grossmann, 2016-04-08 Going beyond the assumption that East Central European cities are still in transition this book draws on the postsocialism paradigm to ask new questions about the impact of demographic change on residential developments in this region Focussing on four second order cities in this region it examines Gdansk and Łódź in Poland and Brno and Ostrava in the Czech Republic as examples and deals with the nexus between urban development and demographic change for the context of East Central European cities It provides a framework for linking urban and demographic research

It discusses how residential areas and urban developments cope with changes in population development household types and different forms of in and out migration and goes on to explore parallels and differences in comparison with broader European patterns This book will be useful to academics of urban planning and development especially in transition areas Central and Eastern European studies demographics and population studies and sociology social exclusion **Communist Activities Among Seamen and on Waterfront Facilities** United States. Congress. House. Committee on Un-American Activities,1960 The Northern California District of the Communist Party, Structure - Objectives - Leadership United States. Congress. House. Committee on Un-American Activities,1960 **The Democratic Socialist Vision** Gary Dorrien,1987 To find more information about Rowman and Littlefield titles please visit [www rowmanlittlefield com](http://www.rowmanlittlefield.com) *Marx for the 21st Century* Hiroshi Uchida,2004-08-02 This book testifies that the economic thinking of Karl Marx is still valid for the 21st century introducing readers to unknown materials buried in archives which portray Marx s attitudes to democracy Hearings United States. Congress. House. Committee on Un-American Activities,1960
