Utopias, Ecotopias and Green Communities Liam Leonard, 2007-01-01 Advances in Ecopolitics includes a range of publications which each discuss a significant element in the environmental theory which now represent an important aspect of sustainable living This series has now got a new title Advances in Sustainability and Environmental Justice Editorial Objectives This series provides a series of insights into real alternatives to the current economic malaise with an examination of key themes such as transition towns sustainable utopias co operative farming sustainability and activism ecofeminism green protectionism intentional communities environmental justice environmental movements green philosophies politics and green economics Topicality The series provides a series of environmental alternatives which require our fullest consideration in light of the ongoing economic downturn which has accompanied the latest incarnation of unsustainable practices It provides a forum for debate about a positive set of sustainable alternatives which set out an understanding that another world is possible Key Benefits This book series is essential reading for all academics researchers and practitioners who are involved in the areas of environmentalism and it Acts as a forum for debate and enables the publication of papers which establish understanding of environmentalism and sustainability Provides a unique opportunity for the exchange of peer reviewed knowledge on the widest extent of environmental and ecological issues Allows for the establishment of working networks of environmental academics from across the globe Key Audiences This series particularly encourages academics researchers and practitioners from Europe North America and from developing nations to share their experience knowledge and practices with an international audience Contributors from across the globe that focus on issues and research which will affect and inform ecopolitical studies are welcome to submit work for consideration in the series Coverage The series encourages well written articles with the focus on interdisciplinary international and comparative standpoints on contemporary management issues Coverage includes but is not restricted to Ecological politics Sustainable development Environmental philosophy Green party politics Environmental economics Environmental movements Ecofeminism Sustainable living practices **A Future of Capitalism: The Economic Vision of Robert Heilbroner** M.

Carroll, 1998-01-12 This book provides an intellectual portrait of Robert Heilbroner It traces the development of his work and places it within the literature of economic thought The book finds that Heilbroner is a writer of political economy in the classical sense His work is more reminiscent of Smith or Marx than of contemporary economic theorists Heilbroner s economics is built on a solid foundation of social psychology evolutionary dynamics and human history This holistic approach affords Heilbroner a wide latitude to define the economic process and the discipline that studies it **Socialist History** ,1993 *Platform Socialism* James Muldoon, 2022-01-20 Ground breaking and ambitious Nick Srnicek author of Platform Capitalism Whoever controls the platforms controls the future Platform Socialism sets out an alternative vision and concrete proposals for a digital economy that expands our freedom Powerful tech companies now own the digital infrastructure of

twenty first century social life Masquerading as global community builders these companies have developed sophisticated new techniques for extracting wealth from their users James Muldoon shows how grassroots communities and transnational social movements can take back control from Big Tech He reframes the technology debate and proposes a host of new ideas from the local to the international for how we can reclaim the emancipatory possibilities of digital platforms Drawing on sources from forgotten histories to contemporary prototypes he proposes an alternative system and charts a roadmap for how we can get there

All Future Plunges to the Past José Vergara, 2021-10-15 All Future Plunges to the Past explores how Russian writers from the mid 1920s on have read and responded to Joyce's work Through contextually rich close readings José Vergara uncovers the many roles Joyce has occupied in Russia over the last century demonstrating how the writers Yury Olesha Vladimir Nabokov Andrei Bitov Sasha Sokolov and Mikhail Shishkin draw from Joyce's texts particularly Ulysses and Finnegans Wake to address the volatile questions of lineages in their respective Soviet migr and post Soviet contexts Interviews with contemporary Russian writers critics and readers of Joyce extend the conversation to the present day showing how the debates regarding the Irish writer's place in the Russian pantheon are no less settled one hundred years after Ulysses The creative reworkings or translations of Joycean themes ideas characters plots and styles made by the five writers Vergara examines speak to shifting cultural norms understandings of intertextuality and the polarity between Russia and the West Vergara illuminates how Russian writers have used Joyce's ideas as a critical lens to shape prod and constantly redefine their own place in literary history All Future Plunges to the Past offers one overarching approach to the general narrative of Joyce's reception in Russian literature While each of the writers examined responded to Joyce in an individual manner the sum of their methods reveals common concerns This subject raises the issue of cultural values and more importantly how they changed throughout the twentieth century in the Soviet Union Russian emigration and the post Soviet Russian environment

The Chinese Dream and Law Shiping Hua, 2025-08-01 Analyzes the major laws promulgated during the Xi Jinping era against a background of the politics and ideology of the Xi regime in general The Chinese Dream and Law study situates the Chinese Dream in the modern utopianism discourse since the Late Qing following Kang Youwei and Mao Zedong As a tool to promote the Chinese Dream the legal reforms during the period depart from the thin constitutionalism of the first three decades of the post Mao era and resemble aspects of Legalism Although the current regime has made some progress in protecting people's socioeconomic rights through law it has retreated on upholding judicial independence to protect people's civil and political rights especially those vis vis the state The first three decades since post Mao reform are an aberration that deviates from the normal trajectory of modern Chinese political development The decade long efforts by the current regime have slowed the growing official corruption and have slightly narrowed the growing income gap although economic growth was cut in half The Chinese style of utopianism could mean a better place as in the country's ancient past It could also become a no place in the modern diverse world because this human hope that has a

universal claim is often built on authoritarian means **Program of the ... Annual Meeting** Organization of American Historians. Meeting,2000 **Program of the Annual Meeting - American Historical Association** American Historical Association,2000 Some programs include also the programs of societies meeting concurrently with the association

Failure of Vision Doug Greene,2022-05-27 Doug Greene takes an in depth and critical look at the life and ideas of Michael Harrington one of America s most important democratic socialists A Failure of Vision discusses one of the most important champions for democratic socialism in the United States Michael Harrington 1928 1989 is widely recognized for writing The Other America a seminal expose of poverty in the United States that inspired the War on Poverty He was also the founder of the Democratic Socialists of America DSA which is currently the largest socialist organization in the United States Michael Harrington hoped to transform democratic socialism from a marginal view into a major political force in the United States To accomplish this he advocated that socialists act as the left wing of the possible inside of the Democratic Party in order to transform it into one that truly represented the people In the end Realignment proved to be a dead end to advance socialist politics The questions proposed by Michael Harrington continue to be sharply debated by socialists With an engaging style and critical approach to Michael Harrington s shortcomings this book is essential reading to understand contemporary debates on the American left Return Engagements Viet Lê,2021-04-12 In Return Engagements artist and critic Vi t L examines contemporary art in Cambodia and Vi t Nam to rethink the entwinement of militarization trauma diaspora and modernity in Southeast Asian art Highlighting artists tied to Phnom Penh and Si G n and drawing on a range of visual art as well as documentary and experimental films L points out that artists of Southeast Asian descent are often expected to address the twin traumas of armed conflict and modernization and shows how desirable art on these themes is on international art markets As the global art market fetishizes trauma and violence artists strategically align their work with those tropes in ways that L suggests allow them to reinvent such aesthetics and discursive spaces By returning to and refashioning these themes artists such as Tiffany Chung Rithy Panh and Sopheap Pich challenge categorizations of diasporic and local by situating themselves as insiders and outsiders relative to Cambodia and Vi t Nam By doing so they disrupt dominant understandings of place time and belonging in contemporary art **The Coming Nation** ,1909 **Art and knowledge after 1900** James Fox,Vid Simoniti,2023-12-12 This ground breaking new history of modern art explores the relationship between art and knowledge from the beginning of the twentieth century to the present day Each chapter examines artistic responses to a particular discipline of knowledge from quantum theory and theosophy to cybernetics and ethnic futurisms The authors argue that art s incursion into other intellectual disciplines is a defining characteristic of both modernism and postmodernism Throughout the volume poses a series of larger questions is art a source of knowledge If so what kind of knowledge And ultimately can it contribute to our understanding of the world in ways that thinkers from other fields should take seriously **Great War Modernisms and 'The New Age' Magazine** Paul Jackson,2012-07-12 A study of

the politics and philosophy of writers contributing to the Little Magazine *The New Age* during 1907 and 1922

Chequered Past, Uncertain Future Tahir Kamran, 2024-08-19 Spanning thousands of years a wide ranging history of Pakistan from the Bronze Age to partition and beyond This book takes us on a sweeping journey through the ebbs and flows of Pakistan's history from the ancient Indus Valley Civilization to contemporary times *Chequered Past Uncertain Future* uncovers influences from Turkey Persia Arabia and Britain that have shaped Pakistan as well as showcases the region's diverse and rich tapestry of peoples and its pluralistic multicultural society The book also describes the post 1947 shift following the partition of India and the establishment of the Islamic Republic of Pakistan as the country became more religiously conservative and autocratic intensifying sectarian and ethnic divisions For most of their history the people of Pakistan have found themselves under the control of military dictators who suppress civil liberties and freedom of speech and action a trend that persists today

The Bengal Diaspora Claire Alexander, Joya Chatterji, Annu Jalais, 2015-11-06 India's partition in 1947 and the creation of Bangladesh in 1971 saw the displacement and resettling of millions of Muslims and Hindus resulting in profound transformations across the region A third of the region's population sought shelter across new borders almost all of them resettling in the Bengal delta itself A similar number were internally displaced while others moved to the Middle East North America and Europe Using a creative interdisciplinary approach combining historical sociological and anthropological approaches to migration and diaspora this book explores the experiences of Bengali Muslim migrants through this period of upheaval and transformation It draws on over 200 interviews conducted in Britain India and Bangladesh tracing migration and settlement within and from the Bengal delta region in the period after 1947 Focussing on migration and diaspora from below it teases out fascinating hidden migrant stories including those of women refugees and displaced people It reveals surprising similarities and important differences in the experience of Muslim migrants in widely different contexts and places whether in the towns and hamlets of Bengal delta or in the cities of Britain Counter posing accounts of the structures that frame migration with the textures of how migrants shape their own movement it examines what it means to make new homes in a context of diaspora The book is also unique in its focus on the experiences of those who stayed behind and in its analysis of ruptures in the migration process Importantly the book seeks to challenge crude attitudes to Muslim migrants which assume their cultural and religious homogeneity and to humanize contemporary discourses around global migration This ground breaking new research offers an essential contribution to the field of South Asian Studies Diaspora Studies and Society and Culture Studies

Athens from 1920 to 1940 Dimitris N. Karidis, 2016-03-31 During the short interwar period of the early 20th century Athens entered into a process of meteoric urban transformation which gave her a unique place among European capital cities of the time

The Failure of Political Opposition in Japan Arthur Stockwin, 2022-10-26 This book explores the party politics and political system of Japan which since 1955 has been dominated by the Liberal Democratic Party LDP with a

particular focus on the evolution of LDP governments between the 1990s and 2010s Through its evaluation of the legacy of post war opposition parties the politics of electoral reform and the crucial importance of foreign policy especially in relation to China this volume argues that Japan has lost its way and that for recovery it needs to move away from single party dominance Despite the failures of the Democratic Party DPJ government 2009 2012 the reasons for which are explored the need to combat economic social and political stagnation requires a more pluralist political environment in which LDP monopoly of policy and personnel can be realistically challenged by vigorous opposition parties Comparisons are made with other parliamentary democracies in particular the United Kingdom Australia and Sweden to indicate that single party dominance is an inadequate substitute for competition between genuine political alternatives As an analysis of opposition party politics in post war Japan this book will be a valuable resource for students and scholars of Political Science

International Relations Asian Studies and Japanese Studies **Sport and Modernity** Richard Gruneau, 2018-03-16 This important new book from one of the world's leading sociologists of sport weaves together social theory history and political economy to provide a highly original analysis of the complex relationship between sport and modernity Incorporating a powerful set of theoretical insights from traditions and thinkers ranging from classical Marxism and the Frankfurt School to Foucault and Bourdieu Gruneau analyzes the emergence of sport as a distinctive field of practice in western societies Examining subjects including the legacy of Greek and Roman antiquity representations of sport in nineteenth century England Nazism and modern mega events such as the Olympics and the World Cup he seeks to show how sport developed into an arena which articulated competing understandings of the kinds of people bodies and practices best suited to the modern western world This book thereby explores with brio and sophistication how the ever changing economic social and political relations of modernity have been produced and reproduced and sometimes also opposed and escaped through sport from the Enlightenment to the rise of neoliberalism as well as examining how the study of exercise athletics the body and the spectacle of sport can deepen our understanding of the nature of modernity It will be essential reading for students and scholars of the sociology and history of sport sociology of culture cultural history and cultural studies Max Nettleau's Utopian Vision, 2023-04-11 Max Nettleau's Utopian Vision gives a historically grounded presentation of the entire literature of utopianism Nettleau shows an encyclopedic knowledge of the subject He passionately believes that the value of utopian thinking and class struggle should not be underestimated as utopian desire exists in all of us Utopian thinking according to Nettleau stimulates the imagination and awakens the desire to attain a better life for everyone Without it human progress is impossible
