Socialist Propaganda In The Twentieth Century British Novel:

Socialist Propaganda in the Twentieth-century British Novel David Smith, 1978 British Socialists and the Politics of Popular Culture, 1884-1914 Chris Waters, 1990 The British social movement emerged at the same time that working class culture was being transformed by new forms of commercial entertainment This work explores the relationship between the socialist movement and late Victorian working class culture Home in British Working-Class Fiction Nicola Wilson, 2016-03-09 Home in British Working Class Fiction offers a fresh take on British working class writing that turns away from a masculinist work based understanding of class in favour of home gender domestic labour and the family kitchen As Nicola Wilson shows the history of the British working classes has often been written from the outside with observers looking into the world of the inhabitants Here Wilson engages with the long cultural history of this gaze and asks how home is represented in the writing of authors who come from a working class background Her book explores the depiction of home as a key emotional and material site in working class writing from the Edwardian period through to the early 1990s Wilson presents new readings of classic texts including *The Ragged Trousered Philanthropists* *Love on the Dole* and *Saturday Night and Sunday Morning* analyzing them alongside works by authors including James Hanley Walter Brierley Lewis Grassie Gibbon Buchi Emecheta Pat Barker James Kelman and the rediscovered ex mill girl novelist Ethel Carnie Holdsworth Wilson's broad understanding of working class writing allows her to incorporate figures typically ignored in this context as she demonstrates the importance of home's role in the making and expression of class feeling and identity *The Popular Front Novel in Britain, 1934-1940* Elinor Taylor, 2017-11-01 In *The Popular Front Novel in Britain 1934-1940* Elinor Taylor provides the first study of the relationship between the British novel and the anti fascist Popular Front strategy endorsed by the Comintern in 1935 Through readings of novels by British Communists including Jack Lindsay John Sommerfield Lewis Jones and James Barke Taylor shows that the realist novel of the left was a key site in which the politics of anti fascist alliance were rehearsed Maintaining a dialogue with theories of populism and with Georg Lukács's vision of a revived literary realism ensuing from the Popular Front this book at once illuminates the cultural formation of the Popular Front in Britain and proposes a new framework for reading British fiction of this period **Reader's Guide to British History** David Loades, 2020-12-17 The Reader's Guide to British History is the essential source to secondary material on British history This resource contains over 1 000 A-Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6-12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication *Class Matters* Pat Mahony, Christine Zmroczek, 2005-08-19 This text focuses on the theory of class as it relates to women It debates questions such as how do women define themselves in terms of social class and why is definition important or not what part does education play in our understanding of class and how does class

affect relationships *Constructions of 'the Jew' in English Literature and Society* Bryan Cheyette,1995-10-26 Combining cultural theory discourse analysis and new historicism with readings of the works of major contemporary authors this study concludes that the Jew is characterized unstereotypically as the embodiment of uncertainty within English literature and society London's Burning Antony Taylor,2012-01-26 From the early years of the nineteenth century cultural pessimists imagined in fiction the political forces that might bring about the destruction of London Periods of popular protest or radicalism have generated novels that consider the methods insurgents might use to terrorise the metropolis There has been a tendency to dismiss such writings as the lurid imaginings of pulp novelists but this book re evaluates the contribution of popular fiction to the construction of the terrorist threat It analyses the high points for the production of such works and locates them in their cultural and historical context From the 1840s when a fear of Chartist insurgency was paramount in the minds of authors it moves through the anarchist thrillers of the 1890s considers writers fears about Bolshevik revolution in the East End of the 1920s and 1930s explores fears of Fascism in the inter war years and assesses the concerns with underground counter culture that feature in the thriller literature of the 1970s It concludes with a re evaluation of the metropolitan background to the figure of the Islamist terrorist *Orwell and Marxism* Philip Bounds,2009-03-16 Whether as a fighter in the Spanish Civil War an advocate of patriotic Socialism or a left wing opponent of the Soviet Union George Orwell was the ultimate outsider in politics insecure scornful of orthodoxies cussedly independent Best known today as the author of *Animal Farm* and *Nineteen Eighty Four* Orwell also wrote seven other full length books and a vast number of essays articles and reviews A pioneering cultural critic he addressed a range of important issues including art literature Englishness mass communication and the spectre of totalitarianism Famously describing his own background as lower upper middle class Orwell had a complex relationship with Marxism and all his work reflects the influence of British communism In this thoughtful and original study Philip Bounds argues that Orwell s writings effectively took the form of a dialogue with the leading British Marxists of his day Bounds shows that Orwell often agreed with the Marxists and built on their insights in his writings while on other occasions he used his disagreements with them as the basis of his own critical position Through close analysis of Orwell s writings as well as his historical and literary context Bounds has produced an important study of one of the iconic writers of the 20th century *Orwell and Marxism* offers a thorough introduction to Orwell the intellectual reviving his reputation as a serious cultural thinker and documenting his most important influences as well as a convincing portrait of British Marxism and society in the 1930s and 40s Proletarian Answer to the Modernist Question Nick Hubble,2017-12-20 Analyses what makes an acting performance excellent through a range of examples from world cinema **Black Marxism** Cedric J. Robinson,2005-10-12 In this ambitious work first published in 1983 Cedric Robinson demonstrates that efforts to understand black people s history of resistance solely through the prism of Marxist theory are incomplete and inaccurate Marxist analyses tend to presuppose European models of history and experience that downplay the significance of black

people and black communities as agents of change and resistance Black radicalism must be linked to the traditions of Africa and the unique experiences of blacks on western continents Robinson argues and any analyses of African American history need to acknowledge this To illustrate his argument Robinson traces the emergence of Marxist ideology in Europe the resistance by blacks in historically oppressive environments and the influence of both of these traditions on such important twentieth century black radical thinkers as W E B Du Bois C L R James and Richard Wright Black Marxism, Revised and Updated Third Edition Cedric J. Literature and the Political Imagination Andrea T. Baumeister,John Horton,2013-04-15 This volume shows how modern political theory can be enriched through an engagement with works of literature It uses the resources of literature to explore issues such as nationalism liberal philosophy utopianism narrative and the role of theory in political thought A variety of approaches are adopted and the aim is to show some of the many and diverse ways in which literature may enrich political theorising as well as considering some of the problems to which this may give rise The theorists discussed include Richard Rorty Alasdair MacIntyre Charles Taylor and Martha Nussbaum There are literary references from Greek tragedy Jonathan Swift Brian Moore Elizabeth Bowen and contemporary feminist utopian fiction All the contributors have a long standing interest in the relations between literature and moral and political thought They are concerned not to be restricted by conventional academic boundaries and are not united by any party line or uniformity of intellectual commitments This volume will be of great interest to all students engaged in the study of politics and literature **Cinema, Literature & Society** Peter Miles,Malcolm Smith,2013-12-17 During the interwar period cinema and literature seemed to be at odds with each other part of the continuing struggle between mass and elite culture which so worried writers such as Aldous Huxley T S Eliot and the Leavises And this cultural divide appeared to be sharp evidence of a deeper struggle for control of the nation's consciousness not only between dominant and oppositional elements within Britain but between British and American values as well On the one hand films like *Sing As We Go Proud Valley* and *The Stars Look Down* consolidated the assumptions about

the existence of a national rather than separate class identities On the other hand working class literature such as Love on the Dole articulated working class experience in a manner intended to bridge the gap between the Two Englands This book originally published in 1987 examines how two of the most significant cultural forms in Britain contributed indirectly to the stability of Britain in the interwar crisis helping to construct a new class alliance A major element in the investigation is an analysis of the mechanics of the development of a national cultural identity alongside separate working class culture the development of the lower middle class and the implications of the intrusion of Hollywood culture The treatment throughout is thematic rather than text oriented works of Graham Greene George Orwell Bert Coombes Evelyn Waugh the British Documentary Film Movement and Michael Balcon are included in the wide range of material covered The Political Culture of the Left in Affluent Britain, 19 51-64 L. Black, 2002-12-11 Exploring relationships between politics the people and social change this book assesses the fortunes mainly of Labour but also of the Communist Party and the New Left in postwar Britain Using concepts like political culture it looks at the left s articulation of affluence consumerism youth culture America TV advertising and its disappointment at the people under the impact of such changes It also examines party organization socialist thinking and the use of new communication techniques like TV advertising and opinion polling
