Sociology W Cd Canadian:

Sociology James M. Henslin, Keith Christopher Hampson, 2004 **Essays in the History of Canadian Law** Hamar Foster, John McLaren, 1995-12-15 This sixth volume in the Osgoode Society's distinguished series on the history of Canadian law turns to the a central theme in the history of British Columbia and the Yukon law and order In the early days of British sovereignty the frenzied activity of the fur trade and the gold rush along with clashes between settlers and Natives made law enforcement a difficult business Later although law and order were more firmly established tensions continued between the dominant populations committed to the practice and rhetoric of British justice and those groups owing allegiance to other value systems such as Native peoples Asian immigrants and Doukhobors or those resisting authority criminals and the criminally insane These essays look at key social economic and political issues of the times and show how they influenced the developing legal system The essays cover a wide range of topics and explore the human as well as the legal dimensions of their subjects relating specific cases to broader theory They demonstrate that English law has been flexible enough to accommodate diversity and is therefore pragmatic The volume also proves that there is no single Canadian legal culture geography demography politics economics and military considerations have had an impact on the shape of our legal culture The introduction by John McLaren and Hamar Foster pulls together the many regional themes to provide a clear overview of the legal complexities of the period **Health and Canadian Society** David Coburn, Carl D'Arcy, George Murray

Torrance, 1998-01-01 Health and Canadian Society provides a comprehensive overview of the relationship between health care and Canadian society It is a wide ranging volume that moves from personal and micro concerns to a more macro and institutional focus It includes chapters of a descriptive nature and others with a more explanatory intent They have been selected from the major journals or have been expressly written for this book Ninety five percent of the contributions are new to this edition The chapters and the studies reported on are methodologically diverse ranging from ethnographic studies to statistical analyses of data from large national surveys Though the chapters are written by anthropologists economists historians political scientists and physicians as well as sociologists they all have a sociological turn Recognized as the standard textbook on the sociology of health in Canada Health and Canadian Society is an essential reference for sociologists health care providers health administrators and policy planners **The Canadian Law Times** Edward B. Brown, 1909 From 1900 to 1908 includes the Annual digest of Canadian cases decided in the Judicial Committee of the Privy Council in the Supreme and Exchequer Courts of Canada and in the courts of the provinces Edited by Edward B Brown

Continentalizing Canadian Telecommunications Vanda Rideout, 2003-01-30 Rideout focuses on the protection of the public interest a crucial element neglected by most recent studies and shows that although alliances have been formed between labour consumers and public interest activists significant disagreements over issues such as free trade long distance and local competition and a targeted subsidy program for very low income Canadians have meant that this united front has

not been able to counter the forces of the new neo liberal telecommunication policy regime Continentalizing Canadian Telecommunications details the complex relationships between the various corporate and government interests shows how the changes they brought about have locked Canada s telecommunications system into the orbit of the US system and discusses the implications this has for Canadians **Canadian Education** Wilfred B. W. Martin, Allan J. Macdonell, 1982

Canada-Australia Kate Burridge, Lois Foster, Gerry Turcotte, 1997-08-15 This volume is the result of the Association for Canadian Studies in Australia and New Zealand ACSANZ 1995 conference held at La Trobe University in Melbourne Australia A special feature of the conference though not its exclusive focus was trade relations But as with all ACSANZ conferences the papers were wide ranging and contributors were not limited to a single theme This publication is a refereed collection from more than sixty papers that were presented and range from discussions of immigration policy in Canada and Australia to architectural practices in British Columbia from Canadian influences on Australia s economic development to issues of identity politics in each nation s literature In addition the collection represents major research in the areas of globalization migration pluralism and ethnic relations with a strongly though not exclusively comparative orientation This work is a co publication with the International Council for Canadian Studies *The Canadian Quandary* Harry G. Johnson, 2005 Harry G Johnson is best known as one of Canada s most respected economists particularly for his research on international trade and finance and monetary policy But Johnson was also a prolific and influential public intellectual A sharp and popular polemicist he wrote on a wide range of subjects from advertising to affluence to foreign investment and was published in Punch and The Spectator as well as all the leading economic journals The Canadian Quandary is a collection of unbuttoned pieces written in Johnson s witty and acerbic style between 1958 and 1963 Focusing on Canadian policy on trade and foreign policy the volume includes Johnson s classic dismemberment of the Canadian nationalist movement Although Trudeau s Foreign Investment Review Agency and National Energy Policy have been dismantled economic nationalism persists it is a testament to both the lucidity of Johnson s mind and the vigour and clarity of his writing that many of his opinions on this debate remain fresh interesting and relevant William Watson s introduction provides an intriguing look at Johnson s life and work **Racisms in a Multicultural Canada** Augie Fleras, 2014-04-29 In acknowledging the possibility that as the world changes so too does racism this book argues that racism is not disappearing despite claims of living in a post racial and multicultural world To the contrary racisms persist by transforming into different forms whose intent or effects remain the same to deny and disallow as well as to exclude and exploit Racisms in a Multicultural Canada is organized around the assumption that race is not simply a set of categories and that racism is not just a collection of individuals with bad attitudes Rather racism is as much a matter of interests as of attitudes of property as of prejudice of structural advantage as of personal failing of whiteness as of the other of discourse as of discrimination and of unequal power relations as of bigotry This multi dimensionality of racism complicates the challenge of formulating anti racism and anti colonialist

strategies capable of addressing it Employing a critical framework that puts politics and power at the centre of analysis this book focuses on why racisms proliferate how they work in contemporary societies and how the way we think and talk about racism changes over time Specifically it examines the working of contemporary racisms in a multicultural Canada that claims to abide by principles of multiculturalism and a commitment to a post racial society **Canadian Almanac and Directory**,1922 **Canadian Medical Association Journal** Canadian Medical Association,1928 **Beyond Quebec** Kenneth McRoberts,1995 What kind of a country is Canada beyond Quebec With a referendum on Quebec sovereignty looming on the horizon this is a question Canadians are being forced to ask In *Beyond Quebec* scholars from a wide variety of disciplines examine the current political cultural economic and social situation of Canada outside Quebec and speculate on the nature of a Canada that does not include Quebec on the present terms Social Scientists and Politics in Canada Stephen Brooks,Alain-G. Gagnon,1988-09-01 Social scientists have played many roles in Canadian politics since the Second World War Stephen Brooks and Alain Gagnon examine the forms and extent of social scientists involvement in the political process their relationship to the state and the complexities of their class position The unique development of the social sciences in Quebec and their relationship to Quebec nationalism are examined and distinctions between development in this community and in the predominantly anglophone community of the rest of Canada are contrasted Immigrant Adaptation in Multi-Ethnic Societies Eric Fong,Lan-Hung Nora Chiang,Nancy Denton,2013-03-05 As a result of international immigration ethnic diversity has increased rapidly in many countries not only in major cities but also in smaller cities This trend is not limited to the traditional immigrant receiving countries such as the United States and Canada but occurs also in many other countries where doors are gradually opening to immigration especially in Asia This combination of a growing immigrant population and ethnic diversity has fostered a more complex immigrant integration process This book addresses the subject at the city ecological level inter group level and individual level It contributes to the understanding of immigrant adaptation in a multi ethnic context brings Asian perspectives into the discussion of immigration and race and ethnic relations and will serve as a basis for future study of immigrant adaptation in a multi ethnic context *World Databases in Geography and Geology* Chris Armstrong,2020-01-20 No detailed description available for World Databases in Geography and Geology *Academia Inc.* Jamie Brownlee,2015-05-01T00:00:00Z Canadian universities are being slowly but inexorably corporatized Casualizing academic labour remaking students into consumers of education implementing corporate management models and commercializing academic research all point to the ascendance of business interests and values in Canada s higher education system *Academia Inc* examines the tensions that result from the merging of two fundamentally incompatible institutions the university and the corporation Brownlee argues that moving from liberal education to corporate job training public service to profit making and critical research to commercial invention radically undermines the goals of higher education Investigating the history causes and impacts of corporatization this book explores how this transformation has taken shape and its

ramifications for both universities and society as a whole Brownlee suggests several strategies for resisting this process

To Serve Canada Richard Preston, 1991-01-01 During the four decades following the Second World War the Royal Military College of Canada has adapted to the need to produce professional career officers by evolving into an academic centre of excellence and one of the country's leading universities Along the way it has responded to the challenges of service integration and unification bilingualism the emergence of Collège militaire royal and Royal Roads Military College the employment of women in non traditional roles Canada's changing cultural make up and the rapid pace of technological change In a society in which the precepts of military service are increasingly remote the continued competition for entrance into RMC speaks of its resilience as a centre of learning and leadership

A History of Photography in Canada, Volume 1 Martha Langford, 2025-09-22 From early reports of the invention to its wide application during World War I the idea of photography created anticipation and participation in the modern world The first volume of A History of Photography in Canada captures this phenomenon by looking at hundreds of photographs generated in and about Canada in the making and by listening to the chords they struck in the collective imagination Emphasizing technological readiness and cultural eagerness for the medium Martha Langford shows how photography served ideals of progress and improvement as Canada's settler society looked to master the world by seizing its visible traces The imposition of these programs on Indigenous Peoples and indentured labourers is confronted throughout this volume which offers both narratives and counternarratives of subjectification Reproducing images of people places events and objects from the unceded territories of the First Nations Inuit and Métis from British North America and from the Dominion of Canada and the Dominion of Newfoundland Langford asks where and when photographs were taken why and by whom How did the making and preservation of a photograph alter the circumstances in which it was produced and how did this affect individual and collective consciousness Alongside accomplished portraits landscapes still lifes and their vernacular counterparts the book draws glimmers of photographic experience from treatises and doggerel official reports and personal diaries newspapers magazines letters and travelogues Anticipation to Participation chronicles eight decades of reinvention and repurposing from a wondrous discovery to the wide adoption of a basic tool for knowledge gathering artmaking and journaling Langford's sweeping narrative rewrites the history of photography from the bottom up vividly expanding the definition of photographic experience

The Canadian Encyclopedia James H. Marsh, 1999 This edition of The Canadian Encyclopedia is the largest most comprehensive book ever published in Canada for the general reader It is COMPLETE every aspect of Canada from its rock formations to its rock bands is represented here It is UNABRIDGED all of the information in the four red volumes of the famous 1988 edition is contained here in this single volume It has been EXPANDED since 1988 teams of researchers have been diligently fleshing out old entries and recording new ones as a result the text from 1988 has grown by 50% to over 4 000 000 words It has been UPDATED the researchers and contributors worked hard to make the information as current as possible Other words apply

to this extraordinary work of scholarship AUTHORITATIVE RELIABLE and READABLE Every entry is compiled by an expert Equally important every entry is written for a Canadian reader from the Canadian point of view The finished work many years in the making and the equivalent of forty average sized books is an extraordinary storehouse of information about our country This book deserves pride of place on the bookshelf in every Canadian Home It is no accident that the cover of this book is based on the Canadian flag For the proud truth is that this volume represents a great national achievement From its formal inception in 1979 this encyclopedia has always represented a vote of faith in Canada in Canada as a separate place whose natural worlds and whose peoples and their achievements deserve to be recorded and celebrated At the start of a new century and a new millennium in an increasingly borderless corporate world that seems ever more hostile to national distinctions and aspirations this Canadian Encyclopedia is offered in a spirit of defiance and of faith in our future The statistics behind this volume are staggering The opening sixty pages list the 250 Consultants the roughly 4 000 Contributors all experts in the field they describe and the scores of researchers editors typesetters proofreaders and others who contributed their skills to this massive project The 2 640 pages incorporate over 10 000 articles and over 4 000 000 words making it the largest some might say the greatest Canadian book ever published There are of course many special features These include a map of Canada a special page comparing the key statistics of the 23 major Canadian cities maps of our cities a variety of tables and photographs and finely detailed illustrations of our wildlife not to mention the colourful informative endpapers But above all the book is encyclopedic which the Canadian Oxford Dictionary describes as embracing all branches of learning This means that with rare exceptions there is satisfaction for the reader who seeks information on any Canadian subject From the first entry A mari usque ad mare from sea to sea which is Canada s motto and a good description of this volume s range to the Zouaves who mustered in Quebec to fight for the beleaguered Papacy there is the required summary of information clearly and accurately presented For the browser the constant variety of entries and the lure of regular cross references will provide hours of fascination The word encyclopedia derives from Greek expressions alluding to a grand circle of knowledge Our knowledge has expanded immeasurably since the time that one mind could encompass all that was known Yet now Canada s finest scientists academics and specialists have distilled their knowledge of our country between the covers of one volume The result is a book for every Canadian who values learning and values Canada
