Sociology W Course Compass:

Sourcebook of Family Theories and Methodologies Kari Adamsons, April L. Few-Demo, Christine Proulx, Kevin Roy, 2022-11-07 This sourcebook is an unparalleled resource in the field of family science. It provides a comprehensive overview of both traditional and contemporary theories and methodologies to promote a greater understanding of increasingly complex family realities. It focuses on broad developments in research design and conceptualization while also offering a historical perspective on developments in family science over time, particularly emerging theories from the past several decades. Each chapter summarizes and evaluates a major theory or methodological approach in the field, delving into its main principles, its debates and challenges, how it has evolved over time, its practical uses in policy, education, or further research, and links to other theories and methodologies. In highlighting recent research of note, chapters emphasize the potential for innovative future applications. Key areas of coverage include Risk and resilience, family stress, feminist critical race and social exchange theories, Ambiguous loss, intersectionality, Queer and family development theory, Life course framework, Biosocial theory and biomarker methods, Symbolic interactionism, Ethnography, Mixed methods, participatory action research, and evaluation.

Designing and Teaching Undergraduate Capstone Courses Robert C. Hauhart, Jon E. Grahe, 2015-01-12 Enrich your students and the institution with a high impact practice. *Designing and Teaching Undergraduate Capstone Courses* is a practical, research-backed guide to creating a course that is valuable for both the student and the school. The book covers the design, administration, and teaching of capstone courses throughout the undergraduate curriculum, guiding departments seeking to add a capstone course and allowing those who have one to compare it to others in the discipline. The ideas presented in the book are supported by regional and national surveys that help the reader understand what's common, what's exceptional, what works, and what doesn't within capstone courses. The authors also provide additional information specific to different departments across the curriculum, including STEM, social sciences, humanities, fine arts, education, and professional programs. Identified as a high impact practice by the National Survey of Student Engagement (NSSE) and the Association of American Colleges and Universities (LEAP) initiative, capstone courses culminate a student's final college years in a project that integrates and applies what they've learned. The project takes the form of a research paper, a performance, a portfolio, or an exhibit and is intended to showcase the student's very best work as a graduating senior. This book is a guide to creating for your school or department a capstone course that ties together undergraduate learning in a way that enriches the student and adds value to the college experience. Understand what makes capstone courses valuable for graduating students. Discover the factors that make a capstone course effective and compare existing programs both within academic disciplines and across institutions. Learn administrative and pedagogical techniques that increase the course's success. Examine discipline-specific considerations for design, administration, and instruction. Capstones are generally offered in departmental programs but are becoming increasingly

common in general education as well Faculty and administrators looking to add a capstone course or revive an existing one need to understand what constitutes an effective program Designing and Teaching Undergraduate Capstone Courses provides an easily digested summary of existing research and offers expert guidance on making your capstone course successful *Catalog* Southwestern Indian Polytechnic Institute, **Companion to Sexuality Studies** Nancy A.

Naples,2020-06-29 An inclusive and accessible resource on the interdisciplinary study of gender and sexuality Companion to Sexuality Studies explores the significant theories concepts themes events and debates of the interdisciplinary study of sexuality in a broad range of cultural social and political contexts Bringing together essays by an international team of experts from diverse academic backgrounds this comprehensive volume provides original insights and fresh perspectives on the history and institutional regulatory processes that socially construct sex and sexuality and examines the movements for social justice that advance sexual citizenship and reproductive rights Detailed yet accessible chapters explore the intersection of sexuality studies and fields such as science health psychology economics environmental studies and social movements over different periods of time and in different social and national contexts Divided into five parts the Companion first discusses the theoretical and methodological diversity of sexuality studies Subsequent chapters address the fields of health science and psychology religion education and the economy They also include attention to sexuality as constructed in popular culture as well as global activism sexual citizenship policy and law An essential overview and an important addition to scholarship in the field this book Draws on international postcolonial intersectional and interdisciplinary insights from scholars working on sexuality studies around the world Provides a comprehensive overview of the field of sexuality studies Offers a diverse range of topics themes and perspectives from leading authorities Focuses on the study of sexuality from the late nineteenth century to the present Includes an overview of the history and academic institutionalization of sexuality studies The Companion to Sexuality Studies is an indispensable resource for scholars researchers instructors and students in gender sexuality and feminist studies interdisciplinary programs in cultural studies international studies and human rights as well as disciplines such as anthropology psychology history education human geography political science and sociology **A New Model of Religious Conversion** Ines W. Jindra,2014-02-06 Based on the analysis of 52 conversion narratives to various religious groups A New Model of Religious Conversion utilizes case studies for comparison of converts backgrounds network influence and conversion narratives The author convincingly illustrates a fit between the converts background and the religion they convert to such as between disorganized family backgrounds and highly structured religions Conversely those from highly structured backgrounds often convert to more open groups The book also makes it clear that not all conversions are influenced by networks or align themselves with a social constructivist view of a conversion as an account Taking converts trajectories seriously the author makes a strong case for the application of biographical sociology to the study of conversion and American sociology overall **The Future of Agency** Harry F. Dahms,2025-01-31 Leading scholars

address the multifaceted concept of agency dissecting its significance applications and challenges across various domains and situate agency in changing socio historical contexts *Handbook of Neurosociology* Will Kalkhoff, Joseph Dippong, Rengin B. Firat, 2025-11-01 This new edition of the very successful handbook documents the incredible theoretical empirical and methodological progress within neurosociology since its previous publication in 2013 Led by the next generation of leading neurosociologists Will Kalkhoff Rengin Firat and Joseph Dippong it adds nearly two dozen new chapters The handbook adds to the critical contribution of the first edition in certifying the unique role of neurosociology and highlighting emerging contributions within the larger sphere of interdisciplinary work combining neural and social perspectives The chapters in this edition overview cutting edge methodologies and advance neurosociological perspectives on a broad range of foundational and substantive topics from the neural underpinnings of identity and interaction to neurosociological models of racial and other enduring inequalities An impressive collection of established and emerging scholars has contributed to this edition which provides an up to date and accessible overview of the field for researchers students practitioners and policymakers alike **Social Work Journal** ,1927 **Sociology : Your Compass for a New World** Robert J. Brym, 2003 Teacher Training in Indiana Indiana. State Teachers' Training Board, 1920 **Undergraduate Courses of Study** University of Pennsylvania, 1899 Catalogue for Allegheny College , 1903 **Symbolic Interaction and Inequality** Shing-Ling S. Chen, 2024-04-30 Highlighting fruitful accomplishments achieved by a range of symbolic interactionists this volume exhibits the significance of studying inequality a venture that not only enriches symbolic interactionism but human life as a whole Agency at Work Michael Goller, Susanna Paloniemi, 2017-09-06 The present book collects integrates and discusses the range of perspectives and discourses on agency at work In addition the book compiles the empirical research that has been generated by various perspectives The chapters deal with the relationship between a agency at work and b professional learning and development They encompass a wide variety of working life domains and or contexts and are based on a broad range of epistemological and theoretical standpoints This volume is not only thought to bring together current research but also to foster the contemporary discourse on workplace agency a few steps further Although the book strongly focuses on research originating in the field of workplace learning its contents may be of interest to researchers from other scientific domains such as socio cognitive and development psychology organisational behaviour leadership economics life course research and philosophy *The Social after Gabriel Tarde* Matei Candea, 2015-12-14 Gabriel Tarde was a highly influential figure in 19th century French sociology a prolific and evocative writer whose understanding of the social differed radically from that of his younger opponent Emile Durkheim Whereas Durkheimian sociology went on to become the core of the social scientific canon throughout much of the 20th century Tarde s sociology fell out of the picture and he was remembered mostly through a few footnotes in which Durkheim dismissed him as an individualist a psychologist and a metaphysician The social sciences and humanities are now being

swept by a Tardean revival a rediscovery and reappraisal of the work of this truly unique thinker for whom every thing is a society and every science a sociology Tarde is being brought forward as the misrecognised forerunner of a post Durkheimian era Reclaimed from a century of near oblivion his sociology has been linked to Foucaultian microphysics of power to Deleuze's philosophy of difference and most recently to the spectrum of approaches related to Actor Network Theory In this connection Bruno Latour hailed Tarde's sociology as an alternative beginning for an alternative social science This volume asks what such an alternative social science might look like This second edition has been expanded to include alongside the original chapters two key essays by Gabriel Tarde himself *Monadology and Sociology* and *The Two Elements of Sociology* as well as a significantly revised and extended introduction by the editor *In Conflict and Order* D. Stanley Eitzen, Maxine Baca Zinn, 2004 Broadly viewing the global economy as a political competition that produces winners and losers *International Political Economy* holistically and accessibly introduces the field of IPE to readers with limited background in political theory history and economics This book surveys major interests and institutions and examines how state and non state actors pursue wealth and power Emphasizing fundamental economic concepts as well as the interplay between domestic and international politics *International Political Economy* not only explains how the global economy works it also encourages readers to think critically about how economic policy is made in the context of globalization

Handbook of Social Psychology John DeLamater, Amanda Ward, 2013-08-13 This handbook provides a broad overview of the field of social psychology and up to date coverage of current social psychological topics It reflects the recent and substantial development of the field both with regard to theory and empirical research It starts out by covering major theoretical perspectives including the interactionist identity social exchange social structure and the person perspectives Next it discusses development and socialization in childhood adolescence and adulthood In addition to updated discussions of topics that were included in the first edition the part examining personal processes includes entirely new topics such as social psychology and the body and individual agency and social motivation Interpersonal processes are discussed from a contemporary perspective with a focus on stress and health The final section examines the person in sociocultural context and includes another topic new to the second edition the social psychology of race and gender and intersectionality
