Hering,2003 Authoritarian Modernization in Indonesia's Early Independence Period Farabi Fakihi,2020-09-07 In Authoritarian Modernization in Indonesia s Early Independence Period Farabi Fakihi offers a historical analysis of the foundational years leading to Indonesia s New Order state 1966 1998 during the early independence period The study looks into the structural and ideological state formation during the so called Liberal Democracy 1950 1957 and Sukarno s Guided Democracy 1957 1965 In particular it analyses how the international technical aid network and the dominant managerialist ideology of the period legitimized a new managerial elite The book discusses the development of managerial education in the civil and military sectors in Indonesia The study gives a strongly backed argument that Sukarno s constitutional reform during the Guided Democracy period inadvertently provided a strong managerial blueprint for the New Order developmentalist state

**Historical Dictionary of Indonesia** Audrey Kahin,2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world s most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of Historical Dictionary of Indonesia contains a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Indonesia

The History of Indonesia Steven Drakeley,2005-09-30 Culturally and politically

Indonesia is one of the more complex countries in the world with 336 ethnic groups speaking 583 languages and dialects. It is only recently that these people have been contained within one political framework. Throughout most of history, Indonesia's inhabitants were divided politically in many different ways as a bewildering array of kingdoms and empires rose and fell within the region. Since independence in 1945, one of the challenges Indonesia faces is constructing a unified national identity. Through six chapters, Drakeley discusses Indonesian history beginning with settlement and social development in 5 000 BCE through the Colonial Era, the Independence Movement, the Sukarno Era, and the Soeharto Era to the 2004 elections. Ideal for students and general readers, the History of Indonesia is part of Greenwood's Histories of Modern Nations series. With over thirty nation's histories in print, these books provide readers with a concise up to date history of countries throughout the world. Reference features include a biographical section highlighting famous figures in Indonesian history, a timeline of important historical events, a glossary of terms, and a bibliographical essay with suggestions for further reading.

*Historical Dictionary of Indonesia* R. B. Cribb, Audrey Kahin, 2004. Indonesia is Asia's third largest country in both population and area, a sprawling tropical archipelago of some 180 million people from hundreds of ethnic groups with a complex and turbulent history. One of Asia's newly industrializing countries, it is already a major economic powerhouse. In over 800 clear and succinct entries, the dictionary covers people, places, and organizations as well as economics, culture, and political thought from Indonesia's ancient history up until the recent past. Includes a comprehensive bibliography, maps, chronology, list of abbreviations, and appendix of election results and major office holders. This second edition has been thoroughly updated and expanded to cover the events that have occurred in Indonesia's history in the past fifteen years.

Military Trials of War Criminals in the Netherlands East Indies 1946-1949 Fred L. Borch, 2017-08-24. From 1946 to 1949, the Dutch prosecuted more than 1000 Japanese soldiers and civilians for war crimes committed during the occupation of the Netherlands East Indies during World War II. They also prosecuted a small number of Dutch citizens for collaborating with their Japanese occupiers. The war crimes committed by the Japanese against military personnel and civilians in the East Indies were horrific and included mass murder, murder, torture, mistreatment of prisoners of war, and enforced prostitution. Beginning in 1946, the Dutch convened military tribunals in various locations in the East Indies to hear the evidence of these atrocities and imposed sentences ranging from months and years to death; some 25 percent of those convicted were executed for their crimes. The difficulty arising out of gathering evidence and conducting the trials was exacerbated by the on going guerrilla war between Dutch authorities and Indonesian revolutionaries, and in fact, the trials ended abruptly in 1949 when 300 years of Dutch colonial rule ended and Indonesia gained its independence. Until the author began examining and analysing the records of trial from these cases, no English language scholar had published a comprehensive study of these war crimes trials. While the author looks at the war crimes prosecutions of the Japanese in detail, this book also breaks new ground in exploring the prosecutions of Dutch citizens alleged to have collaborated with their Japanese occupiers. Anyone with a general interest in

World War II and the war in the Pacific or a specific interest in war crimes and international law will be interested in this book

**The Lion and the Gadfly** Paul van der Veur, 2021-12-28 This political biography reveals the turbulent life of Ernest François Eugène Douwes Dekker son of a Dutch father and a German Javanese mother born on Java in 1879 Vignettes flow in novel like fashion from the battle fields of South Africa and internment camp in Sri Lanka to a career in journalism in Java Radical thoughts then enter Douwes Dekker's mind such as demands for racial equality and national independence These made him write presciently that this road might take him to the executioner's hand or to the victory of revolution In exile from 1913 on his bravado allowed him to enter a doctoral program at the University of Zurich but also to entanglement with Indian revolutionaries operating from Berlin Returning to Java at the end of World War I he once again propagated the virtues of nationalism but soon was forced to relinquish his efforts and start a teaching career Even here constant surveillance and eventual internment in Surinam were his lot Within a decade the Republic of Indonesia had been proclaimed and Douwes Dekker emerged to acclaim as a close friend and political adviser to President Soekarno
