Speaking With Their Own Voices Jerzy Zdanowski,2014-06-12 This book presents an analysis of the slavery and manumission practiced in the Persian Gulf region in the first half of the 20th century It is unique as it exposes the life stories of several hundred slaves speaking with their own voices A striking aspect of the majority of studies on slavery is that they provide the reader with excellent statistics and describe the mechanism of enslavement the routes of slave trading and the economic and social conditions of enslaved people but slaves themselves generally remain anonymous The premise of this book is to give voice directly to the slaves by presenting in full length their statements made at the British Agencies in Kuwait Bahrain Muscat Sharjah and Bushire Altogether around 1 000 statements were made by slaves asking for manumission certificates and the analysis of these statements sheds light on various aspects of social economic and political life on the Arabian shore of the Gulf Given that it uncovers new aspects of the every day life
