Shaun Clarke, 2013-12-12 Ever since its formation during World War II the Special Air Service had operated under conditions of such secrecy that few members of the public even knew of its existence By the evening of 5 May 1980 all this had changed drastically On the morning of 30 April the Iranian Embassy at No 16 Price s Gate in London was seized by six well armed terrorists members of the Revolutionary Movement for the Liberation of Arabistan Nineteen Iranian nationals and four British citizens were captured During the subsequent negotiations between the terrorists and the British police a number of the hostages were released When on the fifth day of the siege one of the hostages was shot dead and his body pushed out through the door of the Embassy the police decided that the time for negotiation was over and asked the military to end the siege The only men deemed to possess enough skill and daring for this dangerous task were those of the legendary Special Air Service the SAS In fact convinced that they would eventually be called in to rescue the hostages the SAS had already mapped out and practised a high risk operation in their top secret Killing House in Hereford and in some army barracks two miles from the Embassy On the evening of 5 May their well rehearsed plans were put into action when twelve SAS soldiers dressed in black in wearing anti gas respirators and NBC hoods made their courageous assault on the Embassy Using a combination of abseiling ropes stun grenades sub machine guns and 9mm high power handguns and in the full glare of the international media they routed the terrorists and succeeded in rescuing the hostages Within hours the SAS once relatively

unknown had become the most celebrated regiment in the history of modern warfare **Soldier W: Guatemala - Journey Into Evil** David Monnery,2013-12-12 In the Central American republic of Guatemala government sponsored torture and mass murder had reduced the Mayan Indian population to a despairing acquiescence and after five hundred years of struggle it began to seem as if the conqueror's peace could at last be claimed in the capital Then at the beginning of 1995 a guerrilla leader whom the authorities had long believed dead sprang mysteriously back to life No loyal Guatemalan could identify him and the government was compelled to seek help elsewhere from one of the two SAS soldiers who had helped to mediate a hostage crisis with the guerrilla almost fifteen years earlier To the government in Whitehall it appeared a straightforward enough exercise but for the soldier and his comrades the mission soon turned into a nightmare of impossible choices and then land of Guatemala magical and cruel by turns proved much easier to enter than to escape **Soldier F: Guerrillas in the Jungle** Shaun Clarke,2013-12-12 In 1948 Communist terrorists were waging a bloody war against estates and rubber plantation owners in Malaya Chased into the interior by British Army units the guerrillas soon became experts at survival and evasion emerging from the jungle only to launch increasingly ferocious attacks In 1952 on the recommendation of Lieutenant Colonel Mad Mike Calvert veteran of the Chindit campaigns in Burma 22 SAS was formed as a special counter insurgency force Three years later the re formed SAS began their jungle patrols They learned how to survive for weeks at a time in hostile terrain often waist deep in water and under attack from wild animals leeches and poisonous insects That extraordinary campaign climaxed in a nightmarish two weeks in the Telok Anson swamp tracking the troops of the notorious Baby Killer Ah Hoi while the regiment's dreadful and unforgettable experiences in the Malayan jungle laid the foundations for the SAS's legendary survival skills **Soldier F: Guerrillas in the Jungle** is the sixth in a series of novels based on this extraordinary regiment a thrilling factoid adventure about the most daring soldiers in military history the SAS **Soldier M: Invisible Enemy in Kazakhstan** Peter Cave,2013-12-12 In the 1990s in the bleak snow capped mountains of Kazakhstan the SAS return to settle a score which goes back almost half a century and to face a new and terrifying enemy an enemy that is silent deadly and invisible and that will test their endurance and their equipment to the limit Almost fifty years earlier in 1945 even as treaties were being signed in Berlin treachery was being planned An SAS patrol on a routine mission was ambushed and massacred by a cynical and ruthless Russian KGB Major with an insane dream of a new and terrible form of biological warfare In the post war years captured Nazi medical personnel and the cream of the USSR's scientists were established in a high security research facility in the remote mountainous region of Kazakhstan close to the Mongolian border Although the complex's inhuman experiments were devastatingly successful and although it was still funded by the KGB by the early 1980s the virtually autonomous complex with its well armed security unit and fanatically independent community was almost forgotten by the Soviet authorities Until that is sketchy reports of an accident possibly a plague or leak of a mutated virus from a biological experiment filtered through to American intelligence A Russian army team sent in to

investigate disappeared without trace The Chinese terrified that their territory might be threatened by the leak turned to Britain an unlikely ally for help Only one group of men was deemed capable of discovering the truth behind the underground facility the legendary Special Air Service the SAS Marine L SBS Ian Blake,2016-02-25 In the aftermath of the Dunkirk evacuation in 1940 Roger Jumbo Pountney is ordered to form and train a small group of canoeists Taking as his paddler and second in command Lieutenant Philip Ayton of the Royal Marines they command a body of men known as No 1 Special Boat Section who are as ruthless and independent as any that fought in World War II They employ Folbot kayaks to get ashore from submarines to attack vital enemy targets in the Mediterranean and in these hazardous clandestine operations skill and stealth count just as much as bravery It is in the midst of these battles that the reputation of the legendary SBS would be forged Based on early SBS missions undertaken during World War II this is classic military fiction at its best *Soldier "O" S.A.S. The Bosnian Inferno* David Monnery,2003 *Bosnian Inferno (SAS Operation)* David Monnery,2015-12-03 Ultimate soldier Ultimate mission But can the SAS lead a civilian population out of war ravaged Bosnia to safety **Marine D SBS** Peter Cave,2015-12-20 In Cold War parlance the British government liked to think of it as a counter intelligence mission To the Russians it would be seen as an act of international piracy In an operation cloaked in secrecy the elite men of the legendary Special Boat Squadron were to go up against the most sophisticated and hi tech surveillance systems the Russian Navy possessed with only some crude hastily built wind powered craft at their disposal Little did they know that things were about to go terribly wrong Marine D SBS Windswept sees the SBS put to the ultimate test with all their tactical prowess and monumental daring required to rescue the situation There would be no second chances as failure could see the volatile Middle East blasted into all out war This is classic military fiction at its best **Soldier H: The Headhunters of Borneo** Shaun Clarke,2013-12-12 In 1963 the former British colony of Malaya was lobbying for the formation of a new political entity the Federation of Malaysia Singapore Sabah North Borneo Brunei and Sarawak Viewing this as a threat to his dreams of expansion President Sukarno of Indonesia began infiltrating insurgents into Borneo In response the British organised a force of Malay British and Commonwealth troops to contain the rebels What was most desperately needed however was a specialist group who could perform highly dangerous and arduous military tasks in the inhospitable perilous terrain The only men suitable for such operations were the legendary Special Air Service the SAS Soldier H SAS The Headhunters of Borneo is the story of one of the least known most extraordinary wars in British history The SAS braved jungle and swamp infested with snakes lizards leeches wild pigs and all kinds of poisonous insects to live with the primitive headhunting natives in their longhouses by the rivers winning their hearts and minds with medical aid and other assistance then training them as paramilitaries who would eventually become known as the Border Scouts While some of the SAS remained for months with the headhunters other moved even deeper into the unexplored jungle the Gap to establish ambush sites and helicopter landing zones They also conducted daring Claret raids across the border when as the renowned Tiptoe Boys who hit hard and

vanished fast they set booby traps and ambushed enemy troops moving along the many jungle tracks and rivers They fought a bloody nightmarish war and won it Soldier R: Death on Gibraltar Shaun Clarke,2013-12-12 In May 1987 a successful SAS ambush resulted in the deaths of eight IRA terrorists in Loughgall Aware that retaliation was certain British intelligence went on the alert and eventually established that the IRA had selected Gibraltar as being a soft target and one identified with British imperialism In November the terrorism experts of Madrid s Servicios de Informaci n informed British intelligence that two male members of the IRA had arrived in Southern Spain under false names British intelligence assumed immediately that the two men were intending wither to murder some of the British residents on the Costa del Sol or to attack a British Army target on Gibraltar The changing guard outside the Governor of Gibraltar s residence was judged to provide the most likely opportunity for such an attack The most likely date was 8 March 1988 when the band parade ceremony of the 1st Battalion of the Royal Anglian Regiment was due to take place For the next few months British and Spanish intelligence services kept the two men under surveillance waiting for them to travel from Spain to Gibraltar In February MI5 reported that an Irishwoman travelling under a false identity had repeatedly visited the rock and attended the guard ceremony Now that there appeared to be little doubt about the target the British government decided to send a hit team to Gibraltar to prevent the planned bombing if necessary by killing the terrorists The only men even considered for this dangerous operation were the legendary Special Air Service the SAS Soldier R SAS Death on Gibraltar tells the story of what was to become the most controversial of all SAS campaigns a deadly cat and mouse game that called into play all the expertise and tenacity at the SAS team s disposal

Marine F SBS Robin James,2015-12-20 When the Venezuelan freelance terrorist Arsenio Cruz broke out of prison he made straight for Barcelona Once there he was struck by photographs that paparazzi had snatched of the Princess of Wales currently holidaying off Spain on the yacht Mirabelle Indisputably worthy of his nickname El Asesino The Assassin Arsenio nevertheless decided to kidnap rather than kill the Princess spurred on by the thought of the biggest ransom ever demanded However in order for his plan to succeed he would have to go head to head with Major Zaki Fernandez of the elite Special Boat Service the very man who had put him behind bars all those years ago Marine F SBS Royal Target sees the legendary SBS tested to their very limits as they race against the clock to thwart one of the most audacious kidnappings of the 20th century This is classic military fiction at its best Marine E SBS Doug Armstrong,2015-12-20 As British sovereignty over Hong Kong entered its final years the prime concern of the colonial administration was to effect a smooth transition of power to China But for the Triads whose ruthlessness ensured their supremacy in the colony s thriving underworld it was business as usual Every night crammed with contraband their powerboats continued to run the gauntlet of police and Royal Marine patrols For Sergeant Des Cooper of the Special Boat Squadron a trip to Hong Kong offered a chance to revisit places he had got to know many years earlier He jumped at the opportunity to accompany an anti smuggling patrol but during a search of a vessel he uncovered a cargo far less predictable than the electrical goods that were usually seized Suddenly the spectre of

nuclear weapons falling into the hands of terrorists looked menacingly real Cooper and his highly trained team would risk their lives in their bid to crush a plot that threatened not only Hong Kong but the entire globe This is classic military fiction at its best Marine C SBS David Monnery,2015-12-20 Summer 1994 the Bahamas an English doctor working at a clinic in the Turks and Caicos Islands suddenly disappeared leaving only one trace a fast fading smell of chloroform in his bedroom A week later in nearby Florida another man was found shot dead in his car apparently the latest in a long line of European tourists murdered on the highways of the Sunshine State US police found one link Cuban gangster and British citizen Fidel Arcilla At once the British government was invited by Washington to put its Caribbean house in order and they in turn called on the Marines of the legendary Special Boat Service Battling South American drug lords Haitian generals Cuban exiles and the Miami underworld these elite soldiers would stop at nothing to achieve their objectives This is classic military fiction at its best
