

## **Solitude**

**As I walk alone  
Along the winding paths of life  
The wind caresses my soul  
And the rustle of leaves  
Sets my emotions aflight.**

**I can feel...  
Feel the coldness of the pavements**

**I can see...  
See the looming shadows of trees,  
The feeble lights of street lamps  
Crawl the surface of the earth  
And  
Windows and doors of all shapes and sizes  
Nestling the warm glow of happiness and laughter  
While the cold and darkness around  
Seems to engulf me...**

**But lo and behold ...  
Up above I see  
The moon seems to bestow upon me its friendship  
And the clouds wrap me in bliss.**

**Once again I feel..  
I feel like a child in it's mother's arms  
Lapped in tranquility ...**

**I feel the touch of the winds,  
The music of the leaves.**

**I can feel..  
As I walk  
Along the winding paths of life**

web answer specular or regular reflection occurs when light reflects off a microscopically smooth surface light rays which are incident within a beam will reflect and remain in the beam diffuse reflection occurs when light reflects off a microscopically rough surface
