Simon, 2019-06-26 This book explores two of the most important dimensions of the military as an institution in Third World politics its role in domestic power structures and internal development and its impact on the formation and execution of the security aspects of foreign policy These internal and external orientations are compared here across selected Third World countries in Asia Africa and Latin America The authors are area experts and specialists in comparative and international politics Part 1 focuses on how the interaction of military and civilian elites creates a specific domestic political climate The socioeconomic characteristics of these elites are compared and related to their policy preferences An examination of military establishments in regimes ranging from communist Cuba through business oriented Indonesia reveals whether military similarities persist among differing types of government In Part 2 the contributors examine the role of military force in the Third World through a general empirical treatment of military behavior in developing countries an assessment of the security policies with emphasis on their military components of several Middle Eastern and Asian states and an evaluation of the U S experience in supporting anti communist Third World security efforts **Military Institutions and Coercion in the Developing Nations** Morris Janowitz, 1988-02-29 This book includes Janowitz's seminal work The Military in the Political Development of New Nations with additional new analysis of Latin American nations and of the increasing significance of paramilitary and police forces in authoritarian regimes in developing nations **United States**

**Penetration of Brazil** Jan Knippers Black, 2016-11-11 In this book a foreign affairs analyst takes a hard look at the influence that U S officials and organizations brought to bear between 1960 and 1976 on the armed forces and police large corporations political parties news media and regional development agencies of Brazil     *Robert Michels, Political Sociology and the Future of Democracy* Juan Linz, 2017-07-05 These essays by the brilliant historian of political science Juan Linz comprise a remarkable intellectual review of the life and work of Robert Michels his major book Political Parties and the dimensions of democracy as a functioning system Linz elucidates the importance of Michels in a way that offers more than a mechanical view of political parties as some sort of precisely ordered system of authority and influence Instead Michels offers a view of politics that is bottom up and untidy what he calls a reciprocal deference structure Michels is not simply the father of the iron law of oligarchy but the idea of politics as a less than orderly network of responsiveness responsibility and accountability Linz demonstrates with magisterial power why Michels must be ranked as a foremost thinker in classical political sociology The remaining three segments of the volume cover areas with which Linz has also long been identified Each in its own way illumines aspects of Michels as well Time and Regime Change articulates differences between change within a regime and change of a regime sometimes hard to identify because of the elongated time frames involved The next essay explains why Spain is neither a traditional society nor a successful modern nation The reliance upon central authority displaced the hoped for evolution of a society based on representative democratic institutions The final section Freedom and Autonomy of Intellectuals and Artists is a topic that gripped Michels and Linz alike Freedom as a goal of the intelligentsia has been frustrated by those who provide ideological justification for repression of ideas and actions in the name of higher values This segment provides a bridge between Michels and Weber not to mention both of these major figures with Linz himself The role of state power in mediating intellectual freedom is the leitmotif that blankets the twentieth century The work is graced by a full length bibliography o     **Political Violence, Crises and Revolutions (Routledge Revivals)** Ekkart Zimmermann, 2013-04-15 First published in 1983 this extraordinary study provides a comprehensive systematic evaluation of cross national theorizing and quantitative empirical evidence on four interrelated phenomena Political violence Crises Military Coups D tat Revolutions Findings from social psychological research on aggression are integrated in this outstanding study as well as results reported in social historical studies of revolution The focus of the book is always on analytical perspectives and corresponding empirical evidence The author continually highlights the sociostructural and political conditions of political violence crises and revolutions This exceptionally detailed and systematic inventory of theories and research on a classic triad of political science political violence crises and revolutions also includes a remarkable bibliography encompassing over 3000 items     *The Politics of Clientelism* John Martz, 2017-12-02 In Latin America the state is the prime regulator coordinator and pace setter of the entire national system the apex of the pyramid from which patronage wealth power and programs flow The state bears responsibility for the realization of civic needs providing goods

and services to each citizen. Doing so requires the exercise and maintenance of social and political control. It is John Martz's contention that clientelism underlines the fundamental character of Latin American social and political life. As the modernizing bureaucratic state has developed in Latin America, there has been a concurrent shifting away from clientelistic relationships. Yet in one form or another, political clientelism still remains central. Clientelism occurs when large numbers of low status individuals such as those in the slums of rural and underdeveloped areas are protected by a powerful patron who defends their interests in return for deference or material reward. In Colombia, the rural patron has become a member of the higher clientelistic system as well; he is dependent on a patron who operates at the national level. This enables urban elites to mobilize low status clients for such acts as mass demonstrations of political loyalty to the regime. Thus traditional clientelism has been modified through the process of modernization. Part One of *The Politics of Clientelism* examines Colombian politics focusing on the incarnation and traditional forms of clientelism. Part Two explores the policies of Colombian governance from the administrations of Lleras Camargo through Julio Cesar Turbay Ayala. Part Three discusses the modernization and restructuring of Colombia in recent decades under Belisario Betancur, Virgilio Barco, and Cesar Gaviria. As the modernizing bureaucratic state has unfolded, there has been a similar shift in many clientelistic relationships. Martz argues that whether corporate clientelism remains or more democratic organization develops.

**Democracy in Latin America** Peter H. Smith, Cameron J. Sells, 2017. Examines processes of democratization in Latin America from 1900 to the present. Thoroughly revised and expanded, this new edition provides a widespread view of political transformation throughout the entire region.

[The Encyclopedia of Political Revolutions](#) Jack A. Goldstone, 2015-04-29. The Encyclopedia of Political Revolutions is an important reference work that describes revolutionary events that have affected and often changed the course of history. Suitable for students and interested lay readers yet authoritative enough for scholars, its 200 articles by leading scholars from around the world provide quick answers to specific questions as well as in-depth treatment of events and trends accompanying revolutions. Includes descriptions of specific revolutions, important revolutionary figures, and major revolutionary themes such as communism and socialism, ideology, and nationalism. Illustrative material consists of photographs, detailed maps, and a timeline of revolutions.

Ellison, 1980. *Lebanon* Adel Beshara, 2013-01-11. Lebanon examines the ideological, political, and social underpinnings of the attempted coup against General Chihab's government in Lebanon in 1961. The author analyzes the role of the Syrian Socialist Nationalist Party, the history of the army in Lebanon, and its role in Lebanese politics and the impact of the coup on Lebanese political life. This book provides an extraordinary insight into the mechanisms of military coups in the Arab world and will be of interest to students and researchers of the history and politics of the Middle East.
