Evert Jan Van Leeuwen,Michael Newton,2019-07-08 Haunted Europe offers the first comprehensive account of the British and Irish fascination with a Gothic vision of continental Europe tracing its effect on British intellectual life from the birth of the Gothic novel to the eve of Brexit and the symbolic recalibration of the UK's relationship to mainland Europe By focusing on the development of the relationship between Britain and Ireland and continental Europe over more than two hundred years this collection marks an important departure from standard literary critical narratives which have tended to focus on a narrow time period and have missed continuities and discontinuities in our ongoing relationship with the mainland *Later Poems of Alexander Anderson* Alexander Anderson,1912 Kalevala : the Epic Poem of Finland — Complete

dedication of its compiler Elias Lnnrot a physician and philologist whose life was marked by a profound commitment to the preservation of Finnish folklore Lnnrot traveled extensively through rural Finland collecting songs and tales that had been passed down through generations This deep engagement with the oral traditions informed his vision of a national epic that not only celebrates Finnish culture but also serves as a resistance against Russian domination in the 19th century I highly recommend the Kalevala to readers interested in mythology literature and cultural identity This timeless epic is not only a reflection of Finnish heritage but also resonates universally inviting contemplation on the power of storytelling and the collective human experience

Sea Moon Poem Shapes Melody Lemond, 2014-11-07 The feeling of mounting anticipation as one steps onto the stage to dance is indescribable All mundane concepts and concerns are left behind for a brief timeless spell to simply express and share all the joy and wonder availed to us beyond the veil of the material world It had never occurred to me that the written word could also have a similar effect Aside from several love poems and channeled writings I had not until fairly recently been aware of the fact that the medium of writing may also be a springboard for sharing where ones thoughts dreams aspirations and soul intentions can find a foothold in reality not until I inadvertently stumbled upon a veritable community of poets on social media To know that I could allow my thoughts to take shape in forms not traditionally acceptable was gratifying to say the least With the writing of each of these poem shapes in Sea Moon I felt as though I had stepped like the dancer at heart that I am and perhaps we all are into a welcoming forum of word wielders Its not without the support of other poets therefore that Im propelled here to embrace my direction one whose ultimate goal is to touch people on as wide a scale as possible by simply conveying ideas that might strike melodious chords I speak my truth here in the knowledge that many of the like minded will welcome my organically honed word shapes call it poetry or not and resonate with them I believe in the transformative power of all forms of art If writing be an art form then let us step lightly into this sanctioned art space as both writer and reader as performer and audience and respecting fully its ever changing boundaries allow the symbolism the beauty of words as M Marceau put it to penetrate our receptive orbs and have their essence filter through and transform our whole beings It is with a deep seated desire to touch and to share that I offer you my words as structured here in the hope that even a single resonate note will be struck perhaps to reverberate Beyond hope I trust and know that we are ready for fresh waves of color to wash over us to cleanse nourish and transform us so that we might all actually be the dancers at heart that we truly are Enjoy
