## Six Gun Scholar:

Six-gun Scholar Jon Sharpe, 2003 Vowing to bring education to the untamed town of Bandera young and idealistic schoolteacher Deirdre Fisher finds herself under the protection of Skye Fargo when a ruthless enemy sets out to teach her a deadly lesson Original Trailsmen #267: California Casualties Jon Sharpe, 2004-01-06 Fargo tangles with a terrible town tyrant Skye Fargo has seen more than his fair share of hangings So when he ambles into a midnight neck stretching party on the California coastline he knows something ain't right at the end of the rope When he saves the doomed man all hell breaks loose with even more people dead and Fargo riding the rough side of a vicious town boss the mannerly Del Manning There's more going on than meets the Trailsmen's eagle eye though when some concerned citizens hire Fargo to help take down Manning by hook or crook But no sooner does Fargo get involved than he's accused of a cold blooded murder and must ride for his life with a big bounty on his head and every local gun looking to blow it clean off Mystical and Mythological Explanatory Works of Assyrian and Babylonian Scholars Alasdair Livingstone, 2007 The cuneiform literature of ancient Mesopotamia is vast ranging from economic texts other sorts of record keeping documents and letters through texts that modern readers consider literary including one category that is often considered esoteric The latter works appear to be attempts on the part of the ancient scribe scholars to explain parts of their own culture to elucidate their own traditions In the mid 1980s Alasdair Livingstone studied these texts and then published the collection he had gathered These texts demonstrate that the Assyrian and Babylonian scholars responsible for their creation had their own distinctive ideas about the function of myth and ritual Livingstone's study was first published in 1986 by Oxford University Press but has been out of print for a number of years Eisenbrauns is happy to make it available once again in a quality hardback reprint **Literary Afterlife** Bernard A. Drew, 2010-03-08 This is an encyclopedic work arranged by broad categories and then by original authors of literary pastiches in which fictional characters have reappeared in new works after the deaths of the authors that created them It includes book series that have continued under a deceased writer's real or pen name undisguised offshoots issued under the new writer's name posthumous collaborations in which a deceased author's unfinished manuscript is completed by another writer unauthorized pastiches and biographies of literary characters The authors and works are entered under the following categories Action and Adventure Classics 18th Century and Earlier Classics 19th Century Classics 20th Century Crime and Mystery Espionage Fantasy and Horror Humor Juveniles 19th Century Juveniles 20th Century Poets Pulps Romances Science Fiction and Westerns Each original author entry includes a short biography a list of original works and information on the pastiches based on the author's characters Nuclear Scholars Initiative Sarah Weiner, 2014-01-27 The 2013 class of Nuclear Scholars selected from a very competitive applicant pool contained some of the best and brightest young professionals in the nuclear field Drawn from graduate programs the national labs the civil service and the U S military these Nuclear Scholars participated in six monthly workshops that focused on a wide range of nuclear

topics These topics included extended deterrence and assurance stockpile stewardship nuclear materials security Iranian and North Korean proliferation international nonproliferation norms and treaties missile defense and nuclear targeting The program culminated in a final meeting at which the Nuclear Scholars presented their own research to a panel of senior experts The papers resulting from these presentations are contained in this year's volume *Old Times' Sake* James

Reasoner, 2007-11 **Trailsmen #266, The: Six-Gun Scholar** Jon Sharpe, 2003-12-02 Skye Fargo teaches the Golden Rule with hot lead Young school teacher Deirdre Fisher is determined to bring education to the Wild West But someone in the town of Bandera has reason to keep her out by whatever means necessary Lucky for her Skye Fargo the man they call the Trailsmen has decided to chaperone And anyone caught giving Miss Fisher a hard time is going to get a lesson in lead

*Man and His Salvation* Samuel George Frederick Brandon, 1973 **Hollywood's West** Peter C. Rollins, John E. O'Connor, 2005-11-11 An excellent study that should interest film buffs academics and non academics alike Journal of the West Hollywood's West examines popular perceptions of the frontier as a defining feature of American identity and history Seventeen essays by prominent film scholars illuminate the allure of life on the edge of civilization and analyze how this region has been represented on big and small screens Differing characterizations of the frontier in modern popular culture reveal numerous truths about American consciousness and provide insights into many classic Western films and television programs from RKO's 1931 classic *Cimarron* to Turner Network Television's recent made for TV movies Covering topics such as the portrayal of race women myth and nostalgia Hollywood's West makes a significant contribution to the understanding of how Westerns have shaped our nation's opinions and beliefs often using the frontier as metaphor for contemporary issues

Against Academia Ray Broadus Browne, 1989 The history of the study of popular culture in American academia since its re introduction in 1967 is filled with misunderstanding and opposition From the first proponents of the study of this major portion of American culture made clear that they were interested in making popular culture a supplement to the usual courses in such fields as literature sociology history philosophy and the other humanities and social sciences nobody proposed that study of popular culture replace the other disciplines but many suggested that it was time to reexamine the accepted courses and see if they were still viable Opposition to the status quo always causes anxiety and opposition but when the issues are clarified often opposition and anxiety melt away as they now are doing Anxiety and opposition were generated on another level when people in academic and curricular power felt that voices were being raised that questioned their credentials and control They flailed out with every argument at their command generally thinking only of their self interest and not that of the students and the future of academic education Generally this wall of opposition has also been breached The Popular Culture Association and its many friends and backers in academia in the United States and abroad has demonstrated that the study of our everyday and dominant culture should be taken seriously understandingly and analytically just as all other aspects of culture should be Taken that way the study can be useful in developing better educated and

responsible citizens from the cradle to the grave The humanities and social sciences are too important for any portion especially the majority portion to be ignored or downplayed The study of popular culture constitutes a significant and important element one that can be ignored only at peril      **Trailsmen #265, The: Dakota Death Rattle** Jon

Malcolm Bradbury,2015-05-19 At the height of the 1960s a British writer accepts an academic post in America for a year that

he'll never forget English author James Walker has three books to his name each greeted with middling success and then promptly forgotten But his résumé is significant enough to earn him a yearlong appointment at Benedict Arnold University as the American college's writer in residence At Benedict Arnold Walker is something of a celebrity a firebrand of 1960s British literary culture whose work though perhaps met with shrugs at home is the subject of vibrant scholarly criticism among American academics Walker of course is not quite what some were expecting and culture clashes abound as he encounters the tropes of American academia in the sixties Fusty buttoned up professors spirited advocates of free love and aggressively ambitious colleagues collide to ensure that Walker's year in America will be anything but ordinary Mystery, Violence, and Popular Culture John G.
