Comic Faith Robert M. Polhemus,1982-10 Polhemus sketches several distinctions between nineteenth and twentieth century novelists and concludes that what most characterizes the nineteenth century from the perspective of the twentieth is the tendency in its comic fiction to criticize and to undermine the dogma and institutions of religion and to put faith instead of the existence of the comic perspective Comic Faith is a virtuoso performance of impressive stature I suspect the book will be influential for many years to come John Halperin Modern Fiction Studies

Joyce, Multilingualism, and the Ethics of Reading Boriana Alexandrova, 2020-09-16 What if our notions of the nation as a site of belonging the home as a safe place or the mother tongue as a means to fluent comprehension did not apply What if fluency were a hindrance whilst our differences and contradictions held the keys to radical new ways of knowing Taking inspiration from the practice of language learning and translation this book explores the extraordinary creative possibilities politics and ethics of adopting a multilingual approach to reading Its case study James Joyce's Finnegans Wake 1939 is a text in equal measures exhilarating and exasperating an unhinged portrait of European modernist debates on transculturalism and globalisation here considered on the backdrop of current discourses on migration race gender and neurodiversity This book offers a fresh perspective on the illuminating if perplexing work of a beloved European modernist whilst posing questions far beyond Joyce on negotiating difference in an increasingly globalised world on braving the difficulty of relating across languages and cultures and ultimately on imagining possible futures where multilingual literature can empower us to read relate and conceptualise differently

which an understanding of the relationship between rhetorical and poetic theories can benefit dramatic convention and the breaking thereof

'James Joyce and Paul L. Léon: The Story of a Friendship' Revisited Alexis Léon, Anna Maria Léon, Luca Crispi, 2022-10-20 James Joyce spent the last decade of his life in Paris struggling to finish his great final work *Finnegans Wake* amidst personal and financial hardship and just as Europe was being engulfed by the rising tide of fascism Bringing together new archival discoveries and personal accounts this book explores one of the central relationships of his final years that with his friend confidant and adviser Paul L. The Central and the Peripheral Jakub Lipski, Joanna Malicka, Paweł Schreiber, 2014-09-26 Representing reality in terms of secure familiar centres and dangerous lesser known peripheries is one of the most elementary human cognitive instincts However we live in a world where this established division is becoming more and more problematic One person's periphery can be another's centre and many simple geographies of the world and of the mind clearly separating the known from the unknown have become obsolete How can one reconcile this complexity with the fact that human thinking cannot escape the centre periphery dichotomy How is it possible to find one's way in a world in which peripheries become centres and centres turn into peripheries The chapters of this book try to determine how the problem of centres and peripheries has been dealt with in the domains of literature and culture The contributors focus on different aspects of the issue from travel writing through attempts at mapping the self to finding central and peripheral territories in narrative itself

Thomas Carlyle and the Idea of Influence Megan Dent, Paul E. Kerry, Albert D. Pionke, 2018-06-20 That Thomas Carlyle was influential in his own lifetime and continues to be so over 130 years after his death is a proposition with which few will disagree His role as his generation's foremost interpreter of German thought his distinctive rhetorical style his approach to history via the innumerable biographies of great men and his almost unparalleled record of correspondence with contemporaries both great and small makes him a necessary figure of study in multiple fields *Thomas Carlyle and the Idea of Influence* positions Carlyle as an ideal representative figure through which to study that complex interplay between past and present most commonly referred to as influence Approached from a theoretically ecumenical perspective by the volume's introduction and eighteen

essays influence is itself refigured through a number of complementary metaphorical frames influence as organic inheritance influence as aesthetic infection influence as palimpsest influence as mythology influence as network and more Individual essays connect Carlyle with the persons and publications of Mathilde Blind Orestes Brownson John Bunyan G K Chesterton Benjamin Disraeli George Eliot T S Eliot Ralph Waldo Emerson Johann Wolfgang von Goethe James Joyce William Keenan Windham Lewis Jules Michelet John Stuart Mill Robert Owen Spencer Stanhope John Sterling and others Considered as a whole Thomas Carlyle and the Idea of Influence assembles a web of conceptual and intertextual connections that both challenges received understandings of influence itself and establishes a standard by which to measure future assertions of Carlyle s enduring intellectual legacy in the twenty first century and beyond **Modern Myths** David Bevan,2023-12-18

Translation, the Canon and its Discontents Miguel Ramalhete Gomes,2017-08-21 This collection addresses the complex process by which translation and other forms of rewriting have contributed to canon formation revision destabilization and dismantlement Through the play between version and subversion which is inherent to any form of rewriting these essays focusing on translations since the sixteenth century down to the present day stress the role of translation and adaptation as potentially transformative mediations capable of shaping and undermining identities Such manipulation is deeply ambivalent since it can be used as a means of disseminating the ideology of oppressive regimes at the expense of the source text but it can also serve to garner attention to marginalised texts This tense interplay between political social and aesthetic purposes almost inevitably generates discontents which may turn out to be the outcome of translation in general However discontent is a relational concept depending on where one stands in the field of competing positions that is the canon
