history dating back to the days when the Native Americans passed through on the Nickajack Trail which led into Tennessee
The town derives its unique name from a rock outcropping near the town where the winds defy gravity and have the ability to
blow light objects thrown from the rock back to the rock During the 1790s several families settled the area and by the mid
1850s inhabitants of Blowing Rock along with summer visitors from Lenoir enjoyed the beauty and comfort of the
mountainous area The construction of the Lenoir Blowing Rock Turnpike after 1845 provided easier access to America s
Switzerland and visitors or cottagers as they were called soon began building second homes in the area The images
contained within Blowing Rock provide readers with a glimpse into the small town charm friendly faces and inspiring scenery
