Skorzeny The Most Dangerous Man In Europe:

Skorzeny's Special Missions Otto Skorzeny, 2025-01-16 Otto Skorzeny Germany's top commando in the Second World War is one of the most famous men in the history of special forces. His extraordinary wartime career was one of high risk and adventure and here he tells the full story. Skorzeny quickly proved his worth in Yugoslavia and then Russia. In 1942 he was awarded the Iron Cross and in April 1943 he was promoted to captain and named Chief of Germany's Special Troops Existing or to be Created in the Future. When Mussolini was imprisoned in Italy in 1943 it was Skorzeny who successfully led the daring glider rescue, winning the Knight's Cross and promotion as a result. Skorzeny's talents were brought into play again when he was sent to Budapest to stop the Hungarian regent Admiral Horthy from signing a peace with Stalin in 1944. Now dubbed the most dangerous man in Europe by the Allies, Skorzeny was awarded the German Cross in Gold. A few months later he took a critical role in the Ardennes offensive with a controversial plan to raise a brigade disguised as Americans with captured Sherman tanks. His captured colleagues spread a false rumour that he was planning to assassinate Eisenhower, who was consequently confined to his headquarters for weeks.

Spain, the Second World War, and the Holocaust Sara J. Brenneis, Gina Herrmann, 2020-04-02 Spain has for too long been considered peripheral to the human catastrophes of World War II and the Holocaust This volume is the first broadly interdisciplinary scholarly collection to situate Spain in a position of influence in the history and culture of the Second World War Featuring essays by international experts in the fields of history literary studies cultural studies political science sociology and film studies this book clarifies historical issues within Spain

while also demonstrating the impact of Spain's involvement in the Second World War on historical memory of the Holocaust. Many of the contributors have done extensive archival research bringing new information and perspectives to the table and in many cases the essays published here analyze primary and secondary material previously unavailable in English. Spain the Second World War and the Holocaust reaches beyond discipline, genre, nation and time period to offer previously unknown evidence of Spain's continued relevance to the Holocaust and the Second World War.

Churchill's German Special Forces Paul Moorcraft, 2023-02-22. The existence of German speaking units fighting for the Allied cause during WW2 has remained largely a well kept secret. But seventy five years on, these units' contribution to victory needs to be fully acknowledged. Prime Minister Winston Churchill had no qualms about using native German speakers from Austria, Poland, Czechoslovakia and of course Germany itself. The majority were Jews who had fled persecution. Two examples of these secret units were X Troop Commandos and the Special Interrogation Group. The SIG men deserve their legendary status. They fought and often died wearing Wehrmacht uniform. As this superbly researched book reveals, that after infiltrating Field Marshal Rommel's Afrika Korps, one detachment even drew Nazi pay. Inevitably, once the existence of SIG units became known, their immediate execution on capture was ordered unless their temporary reprieve would reveal intelligence under torture. We learn how Churchill's initiative was copied by both the Americans and the Russians. Post war, SIG and X Troop survivors joined British special forces or were used to hunt down Nazi war criminals. All this and more is covered in this ground breaking book by a writer who is both a leading historian and foreign correspondent.
