LP Steffe

Slavery Revolutionary America And The New Nation Vol 4:

The Abolitionist Movement Claudine L. Ferrell,2005-12-30 The abolitionists of the 1830s 1850s risked physical harm and social alienation as a result of their refusal to ignore what they considered a national sin contrary to the ideals upon which America was founded Derived from the moral accountability called for by the Great Awakening and the Quaker religion the abolitionist movement demanded not just the gradual dismantling of the system or a mandated political end to slavery but an end to prejudice in the hearts of the American people Primary documents illustrations and biographical sketches of notable figures illuminate the conflicted struggle to end slavery in America Some called them fanatics others called them liberators and saints Immeasurable though their ultimate impact may have been the abolitionists of the 1830s 1850s risked physical harm and social alienation as a result of their refusal to ignore what they considered a national sin contrary to the ideals upon which America was founded Derived from the moral accountability called for by the Great Awakening and the Quaker religion the abolitionist movement demanded not just the gradual dismantling of the system or a mandated political end to slavery but an end to prejudice in the hearts of the American people Claudine Farrell s concluding essay draws parallels between the abolitionists struggles and the Civil Rights movement of the 1950s 1970s demonstrating the significant amount of ground being gained in a still unfinished war Five narrative chapters explore the abolitionist movement s religious beginnings the conflict between moral justice and union preservation and the revolts divisions and conflicts leading up to the Civil War Biographical portraits of such notable figures as Frederick Douglass William Lloyd Garrison and the Grimke sisters supplement the discussion and selections from some of the most influential documents in American history including the Emancipation Proclamation the US Constitution and The Writings of Thomas Jefferson provide actual historical evidence of the events Twelve illustrations a chronology index and extensive annotated bibliography make this an ideal starting point for students looking to understand the battle for and against slavery in America

American Exceptionalism Vol 4 Timothy Roberts,2017-07-05 American exceptionalism the idea that America is fundamentally distinct from other nations is a philosophy that has dominated economics politics religion and culture for two centuries This collection of primary source material seeks to understand how this belief began how it developed and why it remains popular *Slavery and Slaving in World History: A Bibliography, 1900-91: v. 1* David Y Miller,2019-07-23 This bibliography of 20th century literature focuses on slavery and slave trading from ancient times through the 19th century It contains over 10 000 entries with the principal sections organizing works by the political geographical frameworks of the enslavers **Slavery's Fugitives and the Making of the United States Constitution** Timothy Messer-Kruse,2024-10-31 Slavery s Fugitives and the Making of the United States Constitution unearths a long hidden factor that led to the Constitutional Convention in 1787 While historians have generally acknowledged that patriot leaders assembled in response to postwar economic chaos the threat of popular insurgencies and the inability of the states to agree on how to fund the

national government Timothy Messer Kruse suggests that scholars have discounted Americans desire to compel Britain to return fugitives from slavery as a driving force behind the convention During the Revolutionary War British governors offered freedom to enslaved Americans who joined the king s army Thousands responded by fleeing to English camps After the British defeat at Yorktown American diplomats demanded the surrender of fugitive slaves When British generals refused several states confiscated Loyalist estates and blocked payment of English creditors hoping to apply enough pressure on the Crown to hand over the runaways State laws conflicting with the 1783 Treaty of Paris violated the Articles of Confederation the young nation s first constitution but Congress lacking an executive branch or a federal judiciary had no means to obligate states to comply The standoff over the escaped slaves quickly escalated following the Revolution as Britain failed to abandon the western forts it occupied and took steps to curtail American commerce More than any other single matter the impasse over the return of enslaved Americans threatened to hamper the nation s ability to expand westward develop its commercial economy and establish itself as a power among the courts of Europe Messer Kruse argues that the issue encouraged the founders to consider the prospect of scrapping the Articles of Confederation and drafting a superseding document that would dramatically increase federal authority the Constitution *forum for inter-american research* Vol 4 Wilfried

Raussert,2023-07-20 Volume 4 of 6 of the complete premium print version of journal forum for inter american research fiar which is the official electronic journal of the International Association of Inter American Studies IAS fiar was established by the American Studies Program at Bielefeld University in 2008 We foster a dialogic and interdisciplinary approach to the study of the Americas fiar is a peer reviewed online journal Articles in this journal undergo a double blind review process and are published in English French Portuguese and Spanish Republics at War, 1776-1840 P. Serna,A. De Francesco,J.

Miller,2013-10-11 This collection probes the troubling connections between war and republic during Revolutionary era 1776 1840 It presents the work of an international team of scholars some of them in English for the first time *The Pageant of America: Annals of American sport*, by J.A. Krout Ralph Henry Gabriel,1929 **Founding Brothers** Joseph J.

Ellis,2002-02-05 PULITZER PRIZE WINNER NATIONAL BESTSELLER A landmark work of history explores how a group of greatly gifted but deeply flawed individuals Hamilton Burr Jefferson Franklin Washington Adams and Madison confronted the overwhelming challenges before them to set the course for our nation A splendid book humane learned written with flair and radiant with a calm intelligence and wit The New York Times Book Review The United States was more a fragile hope than a reality in 1790 During the decade that followed the Founding Fathers re examined here as Founding Brothers combined the ideals of the Declaration of Independence with the content of the Constitution to create the practical workings of our government Through an analysis of six fascinating episodes Hamilton and Burr s deadly duel Washington s precedent setting Farewell Address Adams administration and political partnership with his wife the debate about where to place the capital Franklin s attempt to force Congress to confront the issue of slavery and Madison s attempts to block him and Jefferson and

Adams famous correspondence Founding Brothers brings to life the vital issues and personalities from the most important decade in our nation s history *Lincoln's American Dream* Kenneth L. Deutsch, Joseph R. Fornieri, 2005 Despite the voluminous literature on the central figure in American history no other book in the field of political science compares to Lincoln s American Dream It addresses comprehensively the overarching themes of Lincoln s political thought and leadership through provocative and divergent interpretations from leading scholars Each chapter is devoted to one of these major themes about Lincoln The Declaration and equality Political ambition Race and slavery His democratic political leadership Executive power Religion and politics The Union and the role of the state The book s thirty three contributors include such respected Lincoln scholars and political commentators as Harry V Jaffa Stephen B Oates Mark E Neely Richard C Current Herman Belz and Frank J Williams With an introduction by Kenneth L Deutsch and Joseph R Fornieri Lincoln s American Dream will be of enduring interest to scholars students teachers and Lincoln aficionados alike and will attract interest in the fields of American history leadership religion and culture American studies and African American studies **The World of the Revolutionary American Republic** Andrew Shankman, 2014-04-16 In its early years the American Republic was far from stable Conflict and violence including major land wars were defining features of the period from the Revolution to the outbreak of the Civil War as struggles over who would control land and labor were waged across the North American continent The World of the Revolutionary American Republic brings together original essays from an array of scholars to illuminate the issues that made this era so contested Drawing on the latest research the essays examine the conflicts that occurred both within the Republic and between the different peoples inhabiting the continent Covering issues including slavery westward expansion the impact of Revolutionary ideals and the economy this collection provides a diverse range of insights into the turbulent era in which the United States emerged as a nation With contributions from leading scholars in the field both American and international The World of the Revolutionary American Republic is an important resource for any scholar of early America
