True Love is a captivating exploration of the nature of love its elusiveness and most of all the universal human need to find it. Bron is a thirty year old writer living in London a seemingly incurable heartbreaker and dodger of commitment. He is fascinated by the symbolist artist Paul Marotte and has made the artist the center of a book he is writing about love at first sight. On a visit to a friend's country house Bron encounters the beautiful enigmatic Flora and suddenly the theme of his book takes on a completely new intensely personal dimension. His pursuit of Flora takes him to Amsterdam where a mysterious art collector offers to help him find the object of his desire and the search for true love takes surprising twists. With the touch of a master William Nicholson weaves thought provoking reflections on art literature and human nature in a suspense filled love story a novel that touches both the heart and the mind.

The Crossover Novel Rachel Falconer, 2008-10-21 Highly recommended by Choice. While crossover books such as Rowling's Harry Potter series have enjoyed enormous sales and media attention critical analysis of crossover fiction has not kept pace with the growing popularity of this new category of writing and reading. Falconer remedies this lack with close readings of six major British works of crossover fiction and a wide ranging analysis of the social and cultural implications of the global crossover phenomenon. A uniquely in depth study of the crossover novel Falconer engages with a ground breaking range of sources from primary texts to child and adult reader responses to cultural and critical theory.
