Slaves Of New York 1st Edition:

Côte D'Ivoire Ley G. Ikpo, 2015-09-16 The end of the twentieth century which was marked by multiparty democracy in Eastern European entities and Third World countries moved Côte d'Ivoire to adhere to the new democratization system in 1990. Nine years later the territory registered its first bloodless state coup. On September 19, 2002, the country was shared into two parts with human losses and damages when President Gbagbo was on official visit to Italy. After different attempts in negotiations, Linas Marcoussis 2003 Pretoria agreement 2005 and the Political Agreement of Ouagadougou 2007 for some protagonists, international organizations and NGOs, the perfect conflict resolution was about running elections so that the former peaceful land could regain its image of a prosperous and stable country. The elections that were delayed six times came to pass and two presidents came out of the scrutiny. Gbagbo was proclaimed victorious by the Ivorian Constitutional Council while Ouattara was acknowledged by the Independent Electoral Commission. Once more the country fell into a postelection crisis. Meanwhile the African Union, the European Union, the USA, the French, the UN, and the United Nations urged President Gbagbo to step down since Ouattara was considered the happy winner of the scrutiny. The refusal of Gbagbo cost human losses and led to his arrest on April 11, 2011. Nowadays the country is not unified and reconciled but it will have the 2015 elections.

A Chronology and Selected Bibliography **Who Abolished Slavery?** Seymour Drescher, Pieter C. Emmer, João Pedro Marques, 2021-01-11 The past half century has produced a mass of information regarding slave resistance ranging from individual acts of disobedience to massive uprisings. Many of these acts of rebellion have been studied extensively yet the ultimate goals of the insurgents remain open for discussion. Recently several historians have suggested

that slaves achieved their own freedom by resisting slavery which counters the predominant argument that abolitionist pressure groups parliamentarians and the governmental and anti governmental armies of the various slaveholding empires were the prime movers behind emancipation Marques one of the leading historians of slavery and abolition argues that in most cases it is impossible to establish a direct relation between slaves uprisings and the emancipation laws that would be approved in the western countries Following this presentation his arguments are taken up by a dozen of the most outstanding historians in this field In a concluding chapter Marques responds briefly to their comments and evaluates the degree to which they challenge or enhance his view The Routledge Companion to Black Women's Cultural Histories
