Social Dimension Of 1992 Vol 38 Europe Faces A New Ec:

New Challenges to the European Union Stelios Stavridis,1997 This work aims in the aftermath of Maastricht and in the context of the Inter Governmental Conference of 1996 97 to reflect on questions of European Union strategy on employment military protectionism the place of Central and Eastern Europe and most importantly on its own *raison d'être* **Central and East European Migrants' Contributions to Social Protection** S. Maatsch,2012-12-15 In 2001 Germany and Austria became the last EU states to lift transnational controls restricting access to their labour markets for citizens of ex communist countries This book challenges anti immigration discourses to show that given the high percentage of skilled immigrants it is the sending rather than the receiving countries who lose out **Employee Relations International** ,1992 European Review of Social Psychology: Volume 26 Miles Hewstone,2017-10-23 The European Review of Social Psychology ERSP is an international open submission review journal published under the auspices of the European Association of Social Psychology It provides an outlet for substantial theory based reviews of empirical work addressing the full range of topics covered by the field of social psychology Potential authorship is international and papers are edited with the help of a distinguished international editorial board Articles published in ERSP typically review a programme of the author's own research as evidenced by the author's own papers published in leading peer reviewed journals The journal welcomes theoretical contributions that are underpinned by a substantial body of empirical research which locate the research programme within a wider body of published research in that area and provide an integration that is greater than the sum of the published articles ERSP also publishes conventional reviews and meta analyses All published review articles in this journal have undergone rigorous peer review based on initial screening and refereeing by the Editors and at least two independent expert referees Issues in Irish Public Policy George Taylor,2002 It is growing ever clearer that the Irish policy has experienced profound change over the last ten years The pessimism which prevailed during the 1980s has given way to an overwhelming political enthusiasm explained by the concept of our times the Celtic Tiger Amid the enthusiasm for embracing all that is now particularly Irish it is hardly surprising to find that dissenting voices should be few and far between This intoxicating political elixir formulated around the state's alleged capacity to reconcile economic growth with political consensus is an incredible feat when we consider that it has taken place against a political backdrop of electoral defeats for a succession of coalition governments Although this startling economic growth has been welcomed it seems that the Celtic Tiger has not delivered its financial promises Despite criticism of individual elements of successive budgets the content and ideological stance of policy has received only scant attention Debate on Irish public policy has been conspicuous only by its absence It is this omission which forms the basis for this edited collection The European Social Dialogue Under Articles 138 and 139 of the EC Treaty Christian Welz,2008-01-01 Describes analyses and assesses the European social dialogue from a combined theoretical and normative perspective and applies theoretical strands stemming from industrial relations EC law and political theory to

an understanding and assessment of the genesis actors processes and outcomes of the European social dialogue through
2007 European Access ,1996 *The Journal of Developing Areas* ,1991 **Europäische Sozialpolitik** Wolfgang Kowalsky,2013-03-09 Das soziale Europa wird kontrovers diskutiert Für die einen ist es ein erstrebenswertes Ziel manche sehen in der Entwicklung sozialer Regulierungen auf europäischer Ebene sogar eine Bedingung für das dauerhafte Gelingen der Europäischen Union Für die anderen besteht der Reiz der Wirtschafts und Währungsunion gerade darin daß sie korporatistische Verkrustungen auf der Ebene der Nationalstaaten aufbricht sie sehen in der Schaffung eines europäischen Marktes die Voraussetzung für Wettbewerbsfähigkeit und Wohlstand Manche neigen die Verdagerung von Zuständigkeiten auf die europäische Ebene als Abbau von Sozialstaatlichkeit wahr andere verstehen die Stärkung der europäischen Ebene als strategischen Schlüssel zur Rettung sozialstaatlicher Errungenschaften angesichts der Herausforderung durch die Globalisierung Hinter diesen Kontroversen verbergen sich unterschiedliche ordnungspolitische Konzepte und zum Teil auch gegensätzliche wirtschaftliche Interessen Die Auseinandersetzungen um die Gestaltung unserer Gesellschaft werden spätestens seit der Lancierung des Binnenmarkt Projekts und der Währungsunion nicht mehr allein auf der nationalen Ebene geführt Sie sind zu europaweiten Auseinandersetzungen geworden und sie tragen unabhängig von ihrem Ausgang dazu bei daß sich eine europäische Gesellschaft entwickelt Die Kontroversen um das soziale Europa sind ein Indiz für die zunehmende Realität der europäischen Gesellschaft

Bibliographie Internationale de Science Politique ,1992 *The Bookseller and the Stationery Trades' Journal* ,1992 Official organ of the book trade of the United Kingdom **Choice** ,1992 **Forthcoming Books** Rose Arny,1992 **British Education Index** ,1993 **Subject Guide to Books in Print** ,1993 **The British National Bibliography** Arthur James Wells,1999 *Paperbound Books in Print* ,1992 The Institutions and Dynamics of the European Community, 1973-83 Johnny Laursen,2015-03-26 Based on fresh archival research and interviews this book offers a new look at the history of this distinct era of European integration Chapters from leading scholars include subjects ranging from European law to EC expansion and from the European Currency System to the application of Greece to join the Community Overall the book provides a fresh interpretation of the period as one not simply of crisis and stagnation Publications of the European Communities Office for Official Publications of the European Communities,1990 European Citizenship through the Lens of EU Values Gaëlle Marti,2025-03-14 Is EU citizenship compatible with European values In the wake of the Convention on the Future of Europe and against the backdrop of the many challenges facing the EU security economic migration health climate digital etc this book aims to take stock of the scope and content of European citizenship and its capacity to embody the values of the Union Seen as the culmination of a political project EU citizenship is also regularly criticised as a mere market citizenship whose rights only benefit the mobile and wealthy The first part of the book therefore focuses on assessing the values of the Union in the light of European citizenship with an emphasis on dignity equality democracy and respect for human rights while the

second part analyses the ways in which European citizenship can truly embody the values of the Union. The aim is to rethink the Union's capacity to ensure the effective dissemination of the values underlying the European social contract and to anchor them in a democratic project underpinned by European citizenship. This book is the result of an international academic conference held at the University of Lyon 3 at the end of 2023 and is part of the Jean Monnet Chair's research project on the promotion and preservation of the values of the Union. It brings together contributions from Ninon Forster, Professor of Public Law, University of Valenciennes; Anastasia Iliopoulou, Professor of Public Law, University of Paris Pantheon Assas; Julie Rondu, Assistant Professor of Public Law, University of Strasbourg; Mathieu Rouy, PhD in EU law, Research fellow at EDIEC, Jean Moulin Lyon 3 University; Quitterie Roccaserra, Doctoral candidate, University Paris Pantheon Assas; Felicie Remlinger, Doctoral candidate, University Paris Pantheon Assas; Irene Marchioro, Postdoctoral researcher, University of Trieste; Michele Messina, Professor of Law, University of Messina; and Andrew Fagan, Senior Lecturer, University of Essex.
