Missouri CHOICE Each chapter depicts nurses facing and overcoming a multitude of challenges as they addressed the medical needs of rural Americans Because of their spirit of acceptance and community cooperation their outcomes were remarkable fully immunized communities a decrease in mortality rates statewide health policy implementation and growth in community pride The resilience of these nurses and their communities serves as a source of professional pride for problems solved and health enhanced Mary S Collins PhD RN FAAN Glover Crask Professor of Nursing Director DNP Program Wegmans School of Nursing St John Fisher College Rochester NY Tracing the history of nursing in rural America during the first half of the 20th century this well researched book describes how nurses shaped health care delivery in remote isolated rural settings and analyzes how insights from their remarkable achievements in the face of formidable barriers can be applied to health care today The book examines the multiple factors that influenced how and why nurses responded to the health care needs of rural residents with coverage of rural nursing from the advent of the American Red Cross to Mary Breckinridge and her legendary Frontier Nursing Service from rural Maine to the Navajo reservation in the Four Corners region Through case histories it depicts how nurses working in the hinterlands of place race class and ethnicity broke geographic cultural and economic barriers to provide quality care Based on nine actual case histories throughout America the book identifies how nursing care was delivered to rural communities during the first five decades of the 20th century before the advent of Medicare and Medicaid and analyzes the impact of gender class race policy and place on rural health care delivery It describes how nurses used ingenuity and self reliance in order to practice to the full extent of their education and explains how they provided access to care and health education in the face of many barriers By documenting the reality of rural nursing in several different areas of the country and within multiethnic populations the book also fills a gap in health care history It provides historical primary source data that supports concepts theory and practice in rural nursing today The book also highlights nurses advocacy for their often disenfranchised patients and examines how we can learn from their achievements to provide quality health care today Key Features Traces the history of rural nursing during the first half of the 20th century through nine case histories Describes nursing care for populations including adults children itinerant tenant farmers and rural poor throughout the continental United States Showcases how nurses can serve diverse populations lacking a quality health care infrastructure Provides analysis of past rural nursing as it can help guide nursing today Offers historical primary source data that supports theory and practice in rural nursing today **Current Catalog** National Library of Medicine (U.S.), First multi year cumulation covers six years 1965 70 **The Wiley International Handbook of History Teaching and Learning** Scott Alan Metzger, Lauren McArthur Harris, 2018-03-02 A comprehensive review of the research literature on history education with contributions from international experts The Wiley International Handbook of History Teaching and Learning draws on contributions from an international panel of experts Their writings explore the growth the field has experienced in the past three decades and offer observations on challenges and opportunities for the

future The contributors represent a wide range of pioneering established and promising new scholars with diverse perspectives on history education Comprehensive in scope the contributions cover major themes and issues in history education including policy research and societal contexts conceptual constructs of history education ideologies identities and group experiences in history education practices and learning historical literacies texts media and social spaces and consensus and dissent This vital resource Contains original writings by more than 40 scholars from seven countries Identifies major themes and issues shaping history education today Highlights history education as a distinct field of scholarly inquiry and academic practice Presents an authoritative survey of where the field has been and offers a view of what the future may hold Written for scholars and students of education as well as history teachers with an interest in the current issues in their field The Wiley International Handbook of History Teaching and Learning is a comprehensive handbook that explores the increasingly global field of history education as it has evolved to the present day The Filson Club History Quarterly ,1990 Includes list of members **Nurse-midwifery** Laura Elizabeth Ettinger,2006 In a unique and detailed historical study Nurse Midwifery The Birth of a New American Profession Laura E Ettinger fills a void with the first book length documentation of the emergence of American nurse midwifery This occupation developed in the 1920s involving nurses who took advanced training in midwifery In Nurse Midwifery Ettinger shows how nurse midwives in New York City eastern Kentucky Santa Fe New Mexico and other places both rebelled against and served as agents of a nationwide professionalization of doctors and medicalization of childbirth Nurse Midwifery reveals the limitations that nurses physicians and nurse midwives placed on the profession of nurse midwifery from the outset because of the professional interests of nursing and medicine The book argues that nurse midwives challenged what scholars have called the male medical model of childbirth but the cost of the compromises they made to survive was that nurse midwifery did not become the kind of independent autonomous profession it might have been Laboring On Wendy Simonds,Barbara Katz Rothman,Bari Meltzer Norman,2013-10-23 Facing the polar forces of an epidemic of Cesarean sections and epidurals and home like labor rooms American birth is in transition Caught between the most extreme medicalization best seen in a Cesarean section rate of nearly 30 percent and a rhetoric of women s choices and the natural women and their midwives doulas obstetricians and nurses labor on Laboring On offers the voices of all of these practitioners all women trying to help women as they struggle with this increasingly split vision of birth Updating Barbara Katz Rothman s now classic In Labor the first feminist sociological analysis of birth in the United States Laboring On gives a comprehensive picture of the ever changing American birth practices and often conflicting visions of birth practitioners The authors deftly weave compelling accounts of birth work by midwives doulas obstetricians and nurses into the larger sociohistorical context of health care practices and activism and offer provocative arguments about the current state of affairs and the future of birth in America *Encyclopedia of Human Services and Diversity* Linwood H. Cousins,2014-09-05 Encyclopedia of Human Services and Diversity is the first

encyclopedia to reflect the changes in the mission of human services professionals as they face today's increasingly diverse service population. Diversity encompasses a broad range of human differences including differences in ability and disability, age, education level, ethnicity, gender, geographic origin, religion, sexual orientation, socioeconomic class, and values. Understanding the needs and problems of Asian Americans, Hispanic Americans, the deaf, the blind, the LGBT community, and many other groups demands an up-to-date and cutting-edge reference. This three-volume encyclopedia provides human services students, professors, librarians, and practitioners the reference information they need to meet the needs of an increasingly diverse population. Features 600 signed entries, are organized A to Z across three volumes. Entries authored by key figures in the field conclude with cross references and further readings. A Reader's Guide groups related articles within broad thematic areas such as aging, community, mental health, family and child services, substance abuse, etc. A detailed index, the Reader's Guide, and cross references combine for search and browse in the electronic version. A helpful Resource Guide guides students to classic books, journals, and web sites, and a glossary assists them with the terminology of the field. Available in both print and electronic formats. *Encyclopedia of Human Services and Diversity* is an ideal reference for students, practitioners, faculty, and librarians. Mainstreaming Midwives Robbie Davis-Floyd, Christine Barbara Johnson, 2012-12-06. Providing insights into midwifery, a team of reputable contributors describe the development of nurse and direct entry midwifery in the United States, including the creation of two new direct entry certifications, the Certified Midwife and the Certified Professional Midwife, and examine the history, purposes, complexities, and the political strife that has characterized the evolution of midwifery in America. Including detailed case studies, the book looks at the efforts of direct entry midwives to achieve legalization and licensure in seven states: New York, Florida, Michigan, Iowa, Virginia, Colorado, and Massachusetts, with varying degrees of success. **Community & Public Health Nursing** Rosanna DeMarco, Judith Healey-Walsh, 2019-03-19. Ensuring students meet the competencies outlined in the Quad Council of Public Health Nursing Organizations (ACHNE) 2011 and AACN's 2008 publication *Essentials of Baccalaureate Education for Professional Nursing Practice*, *Community and Public Health Nursing*, the 3rd Edition of *Community Public Health* is a primer to community, public, and population health nursing that develops students' abstract, critical thinking skills and complex reasoning abilities through case studies, exercises, and examples throughout the highly illustrated text. Authors DeMarco and Healey-Walsh introduce public health concepts from an evidence-based perspective, allowing students to make connections between data and practice decisions. Because evidence-based practice guides quality performance improvements, the authors teach students to gather, assess, analyze, apply, and evaluate evidence derived from epidemiology and other sources for making public health practice decisions and for planning the care of individuals, families, and groups in the community. Examples assist students in interpreting and applying statistical data. The authors integrate timely topics: major challenges to nursing practice in the community, community and public health nursing specialties, cultural diversity, health disparities, globalism, epidemiology, and basic biostatistics, and ethical
