Social Theory And Japanese Experience:

Social Theory and Japanese Experience Johann P. Arnason, 2013-12-16 First published in 1997 This book is addressed to two kinds of readers to social theorists on the grounds that the Japanese experience is or should be of particular relevance to their problems and to scholars working on Japanese history culture and society in the hope that the theoretical interpretations outlined below may be of some interest to them

Imagining Japan Robert Neelly Bellah, 2003 Bellah is a sociologist with a grand vision of history deeply concerned with the twists and turns of religious values weaving pre modern religious thinking into the debates of modernization and modernity He takes a reflective turn with Imagining Japan evidencing his profound concern with religious evolution Tetsuo Najita University of Chicago One of the most original attempts to understand some of the psychological and symbolic roots of the central problems in Japanese history Bellah masterfully brings together intellectual and institutional dimensions of Japan making a very important contribution to Japanese Studies S N Eisenstadt Professor Emeritus at Hebrew University and author of Japanese Civilization A Comparative View

Routledge Companion to Contemporary Japanese Social Theory Anthony Elliott, Masataka Katagiri, Atsushi Sawai, 2014-07-10 The Routledge Companion to Contemporary Japanese Social Theory breaks new ground in providing a detailed systematic appraisal of the major traditions of social theory prominent in Japan today from theories of identity and individualization to globalization studies The volume introduces readers to the rich diversity of social theoretical critique in contemporary Japanese social theory The editors have brought together some of the most influential Japanese social scientists to assess current trends in Japanese social theory including Kazuhisa Nishihara Aiko Kashimura Masahiro Ogino Yumiko Ehara and Kiyomitsu Yui The volume also contains dialogues with these Japanese contributors from authoritative Western social theorists including among others Axel Honneth Roland Robertson Bryan S Turner Charles Lemert and Anthony Elliott to reflect on such developments The result is an exciting powerful set of intellectual exchanges The book introduces contextualizes and critiques social theories in the broader context of Japanese society culture and politics with particular emphasis upon Japanese engagements and revisions of major traditions of social thought Divided into two sections the book surveys traditions of social thought in Japanese social science and presents the major social issues facing contemporary Japan The book will appeal to students and scholars of sociology social theory critical theory psychoanalysis risk gender studies feminist studies self and identity studies media studies and cultural studies

Handbook of Contemporary European Social Theory Gerard Delanty, 2006-09-27 This innovative publication maps out the broad and interdisciplinary field of contemporary European social theory It covers sociological theory the wider theoretical traditions in the social sciences including cultural and political theory anthropological theory social philosophy and social thought in the broadest sense of the term This volume surveys the classical heritage the major national traditions and the fate of social theory in a post national and post disciplinary era It also identifies what is distinctive about European social theory in terms

of themes and traditions It is divided into five parts disciplinary traditions national traditions major schools key themes and the reception of European social theory in American and Asia Thirty five contributors from nineteen countries across Europe Russia the Americas and Asian Pacific have been commissioned to utilize the most up to date research available to provide a critical international analysis of their area of expertise Overall this is an indispensable book for students teachers and researchers in sociology cultural studies politics philosophy and human geography and will set the tone for future research in the social sciences Civilization, Modernity, and Critique Lubomír Dunaj,Jeremy Smith,Kurt Mertel,2023-05-25 Civilization Modernity and Critique provides the first comprehensive cutting edge engagement with the work of one of the most foundational figures in civilizational analysis J hann P rnason In order to do justice to rnason s seminal and wide ranging contributions to sociology social theory and history it brings together distinguished scholars from a variety of disciplinary backgrounds and geographical contexts Through a critical interdisciplinary dialogue it offers an enrichment and expansion of the methodological theoretical and applicative scope of civilizational analysis by addressing some of the most complex and pressing problems of contemporary global society A unique and timely contribution to the ongoing task of advancing the project of a critical theory of society this volume will appeal to scholars of sociology and social theory with interests in historical sociology critical theory and civilizational analysis *Social Theory and Japanese Experience* Johann P. Arnason,2013-12-16 First published in 1997 This book is addressed to two kinds of readers to social theorists on the grounds that the Japanese experience is or should be of particular relevance to their problems and to scholars working on Japanese history culture and society in the hope that the theoretical interpretations outlined below may be of some interest to them

International Relations and Identity Xavier Guillaume,2010-10-04 This book examines the issue of collective political identity formation and expands the concept of international relations beyond the notion of states It develops a dialogical theory of international relations and illustrates with a case study on Japan **Japan and Germany under the U.S. Occupation** Masako Shibata,2005-09-20 Focusing on the post war reconstruction of the education systems in Japan and Germany under U S military occupation after World War II this book offers a comparative historical investigation of education reform policies in these two war ravaged and ideologically compromised countries While in Japan large scale reforms were undertaken swiftly after the end of the war the U S zone in Germany maintained most of the traditional aspects of the German education system Why did Japan so readily accept ideas and values developed in the allied countries while Germany resisted Masako Shibata explores this question arguing that the role of the university and the pattern of elite formation which can be traced back to the period of the formation of Meiji Japan and the Kaiserreich created the conditions for differing reactions from educational leaders in each country this had a decisive impact on the proposed reforms By examining these reactions through a sociological cultural and historical frame an explanation emerges Japan and Germany under the U S Occupation will prove to be a valuable resource both to scholars of history and education reform *Cornelius*

Castoriadis and Radical Democracy Vrasidas Karalis, 2014-07-24 Cornelius Castoriadis and the Project of Radical Autonomy analyses the philosophy of Greek born French philosopher Cornelius Castoriadis A leading member of the influential revolutionary group Socialism or Barbarism in France Castoriadis analysed contemporary political subjectivity and culture in terms of the collective and individual attempt to gain autonomy His philosophy frames a multi dimensional analysis of modern capitalist societies based on a systematic critique of orthodox Marxism Heideggerian ontology and Lacanian psychology The present volume consists of two parts In the first part his most significant essays written before his departure to France in 1945 are translated and present young Castoriadis interpretation of Max Weber s theory of bureaucratic societies The second part consists of a series of essays by various scholars on aspects of Castoriadis mature philosophy in relation to other thinkers and against the background of Europe s political and social history The Development of Modern South Korea Kyong Ju Kim, 2007-01-24 This book provides a comprehensive analysis of South Korean modernization by examining the dimensions of state formation capitalist development and nationalism Debating civilisations Jeremy C. A. Smith, 2017-06-24 Debating civilisations offers an up to date evaluation of the re emerging field of civilisational analysis tracing its main currents and comparing it to rival paradigms such as Marxism globalisation theory and postcolonial sociology The book suggests that civilisational analysis offers an alternative approach to understanding globalisation one that focuses on the dense engagement of societies cultures empires and civilisations in human history Building on Castoriadis s theory of social imaginaries it argues that civilisations are best understood as the products of routine contacts and connections carried out by anonymous actors over the course of long periods of time It illustrates this argument through case studies of modern Japan the Pacific and post Conquest Latin America including the revival of indigenous civilisations exploring discourses of civilisation outside the West within the context of growing Western imperial power An electronic edition of this book is freely available under a Creative Commons CC BY NC licence *From Intercivilizational Encounters to Intercivilizational Analysis* Ino Rossi, 2025-10-01 This volume contributes to Roland Robertson s 1938 2022 thinking on the impact of civilizational traditions on contemporary global relations It also includes chapters by Robertsonian scholars on the social implications of intercivilizational encounters Through theoretical discussions and ethnographic documentation the volume highlights the importance of human needs and aspirations at the center of civilizational analyses It offers an original methodology to formulate intercivilizational principles of moral order and a related intercivilizational imaginary Readers will find in this volume a much needed strategy to transform contemporary civilizational conflicts and manipulations into intercivilizational undertakings in reciprocal understanding learning and cooperation This volume includes contributions from noted globalization scholars and is a must read for those interested in macro perspectives on globalization and global processes *Communication in Japan and the United States* William B. Gudykunst, 1993-01-01 This book is the first to provide a summary of the state of knowledge about communication in Japan and the United States Included is an overview of

the major approaches used in the study of communication in these two countries an overview of the major cultural factors influencing communication a description of the sociolinguistic differences between English and Japanese an examination of Japanese American communication as a function of the cultural values learned from the two cultures and a summary of research comparing interpersonal research in Japan and the United States as well as research on intercultural communication between Japanese and North Americans The book also examines communication in organizational contexts in Japan and the United States and describes differences in mass communication between the two cultures

Japanese Education in a Global Age Akiyoshi Yonezawa,Yuto Kitamura,Beverley Yamamoto,Tomoko Tokunaga,2018-08-01 This book highlights recent education research on Japan based on sociological and other related approaches to historical developments and accomplishments Written primarily by members of the Japan Society of Educational Sociology it brings to light concerns and viewpoints that have grown out of the Japanese educational context By focusing on uniquely Japanese educational research phenomena the book offers international readers new insights and contributes to the international debate on education It may help sociologists and social scientists outside Japan gain a deeper understanding of ongoing changes in education in Japan as well as its historical and structural contexts

The Changing World Religion Map Stanley D. Brunn,2015-02-03 This extensive work explores the changing world of religions faiths and practices It discusses a broad range of issues and phenomena that are related to religion including nature ethics secularization gender and identity Broadening the context it studies the interrelation between religion and other fields including education business economics and law The book presents a vast array of examples to illustrate the changes that have taken place and have led to a new world map of religions Beginning with an introduction of the concept of the changing world religion map the book first focuses on nature ethics and the environment It examines humankind s eternal search for the sacred and discusses the emergence of green religion as a theme that cuts across many faiths Next the book turns to the theme of the pilgrimage illustrated by many examples from all parts of the world In its discussion of the interrelation between religion and education it looks at the role of missionary movements It explains the relationship between religion business economics and law by means of a discussion of legal and moral frameworks and the financial and business issues of religious organizations The next part of the book explores the many new faces that are part of the religious landscape and culture of the Global North Europe Russia Australia and New Zealand the U S and Canada and the Global South Latin America Africa and Asia It does so by looking at specific population movements diasporas and the impact of globalization The volume next turns to secularization as both a phenomenon occurring in the Global religious North and as an emerging and distinguishing feature in the metropolitan cosmopolitan and gateway cities and regions in the Global South The final part of the book explores the changing world of religion in regards to gender and identity issues the political religious nexus and the new worlds associated with the virtual technologies and visual media

On the Process of Civilisation in Japan Wai Lau,2022-11-03

Winner of the Norbert Elias Book Prize 2023 This book charts the process of civilisation in Japan Using the theory of civilising processes developed by Norbert Elias the author examines the complex underlying structural and psychological processes from the seventh century to the twentieth century Furthermore by drawing on rich historical data the author illustrates how these complex processes led the Japanese to see themselves as more civilised than their forebears and neighbouring countries Although the theory serves as an important reference point the author draws on other works to address different complex questions surrounding Japanese development Therefore this book presents three key themes first it gives an alternative understanding of the complex developments of Japanese society second it intercedes into an ongoing debate about the applicability of Elias s theory in a non Western context and third it expands Elias s theory

Handbook of Historical Sociology Gerard Delanty,Engin F Isin,2003-06-03 The overall conception of the volume is absolutely splendid and the editors skilfully place the material in the context of disciplinary and post disciplinary developments in sociology This is a major contribution to the field as well as a comprehensive and reliable guide to its main components William Outhwaite Professor of Sociology School of European Studies University of Sussex It is hard to think of anything that has been left out in this masterly survey of contemporary historical sociology The editors have done a superb job in the selection of both themes and contributors We now at last have an up to date book to assign in our graduate courses on comparative historical sociology There s really nothing else like it out there The editors introduction is one of the best things I have read on how the field developed and the problems it has encountered Krishan Kumar William R Kenan Jr Professor of Sociology University of Virginia The range of topics covered and the number of distinguished scholars who have contributed to the handbook is impressive with leading figures such as Bryan S Turner John R Hall Gianfranco Poggi and Craig Calhoun among the contributors to a book that covers areas as diverse as post colonial historiography and the historical sociology of the city the handbook fills a void within the sizable literature on historical sociology and undoubtedly will be a useful addition to graduate reading lists The British Journal of Sociology What is important in historical sociology What are the main routes of development in the subject This Handbook consists of 26 chapters on historical sociology It is divided into three parts Part One is devoted to Foundations and covers Marx Weber evolutionary and functionalist approaches the Annales School Elias Nelson and Eisenstadt Part Two moves on to consider major approaches such as modernization approaches late Marxist approaches historical geography institutional approaches cultural history intellectual history postcolonial and genealogical approaches The third part is devoted to the major substantive themes in historical sociology ranging from state formation nationalism social movements classes patriarchy architecture religion and moral regulation to problems of periodization and East West divisions Each part includes an introduction that summarizes and contextualizes chapters A general introduction to the volume outlines the current situation of historical sociology after the cultural turn in the social sciences It argues that historical sociology is deeply divided between explanatory sociological approaches and more empirical and interpretative

historical approaches Systematic and informative the book offers readers the most complete and authoritative guide to historical sociology

Carnage and Culture Victor Davis Hanson, 2007-12-18 Examining nine landmark battles from ancient to modern times from Salamis where outnumbered Greeks devastated the slave army of Xerxes to Cortes's conquest of Mexico to the Tet offensive Victor Davis Hanson explains why the armies of the West have been the most lethal and effective of any fighting forces in the world Looking beyond popular explanations such as geography or superior technology Hanson argues that it is in fact Western culture and values the tradition of dissent the value placed on inventiveness and adaptation the concept of citizenship which have consistently produced superior arms and soldiers Offering riveting battle narratives and a balanced perspective that avoids simple triumphalism Carnage and Culture demonstrates how armies cannot be separated from the cultures that produce them and explains why an army produced by a free culture will always have the advantage

Ideas And Ideals Stanley Hoffmann, 2019-04-05 This rich collection of original essays pays tribute to Stanley Hoffmann a preeminent scholar of international relations and French politics who has inspired former students to explore the links between domestic society and foreign policy and between theory and practice In two autobiographical chapters Hoffmann traces his personal odyssey from F

Global Critical Theories Oliver Kozlarek, Gustavo Leyva Martínez, 2025-08-12 Today Critical Theory is no longer tied to a specific place in the world Rather genuine developments of Critical Theories can be observed in many academic contexts around the world The contributions collected in this book show that the various projects of Critical Theory have not always and not exclusively emerged from the reception of the so called Frankfurt School but that the successful global expansion of capitalist modernity has triggered developments of Critical Theories in many parts of the world as an appropriate academic and intellectual endeavor of critique Whether or not the tradition of the Frankfurt School is followed Critical Theories are always about an undogmatic reading of Marxist theory the critique of global capitalist modernity the question of how this critique should be normatively grounded and how different academic disciplines should complement each other in a common endeavor of critical social and cultural research The book provides an overview of debates and variants of critical theories in selected countries

Yeah, reviewing a book **Social Theory And Japanese Experience** could go to your close associates listings. This is just one of the solutions for you to be successful. As understood, finishing does not recommend that you have extraordinary points.

Comprehending as capably as concord even more than extra will present each success. next to, the declaration as competently as keenness of this Social Theory And Japanese Experience can be taken as without difficulty as picked to act.
