Thyer, Monica Pignotti, 2015-05-15 Print CourseSmart **Family Health Social Work Practice** John T. Pardeck, 2002-06-30 Pardeck and his contributors approach the topic of family health from a macro perspective Family health is a holistic approach to treatment embracing aspects of family functioning not typically considered in other more traditional approaches to assessment and treatment They place particular emphasis on the ecological context in which the family functions including the neighborhood community and other larger social systems Family health is defined as the development of and continuous

interaction among the physical mental emotional social economic cultural and spiritual dimensions of the family that result in the holistic well being of the family and its members The chapters in the book are guided by a number of key premises including a Family health social work practice is grounded in a biopsychosocial approach to assessment and treatment b Family health is based in a systems ecological approach to assessment and intervention because of the role that various systems play in the well being of the family c Family health views the family system as the most important system for promoting the growth and development of the person d Family health social work practice requires close collaboration between social work practitioners and other professionals Based on these basic premises Pardeck focuses on the macro level issues of family health practice that include community intervention policy and program development and program administration The book is an important resource for social work professionals scholars students and other researchers involved with social work practice and human services

Social Work Practice in Autism and Intellectual and Developmental Disabilities Kevin P. Stoddart, Ann Fudge Schormans, 2025-01-28 In Canada social work both the profession and the academic discipline has given inadequate attention to individuals living with autism and intellectual and developmental disabilities This is true regardless of whether the social work role is in a clinical capacity community based programs academic research and educational endeavours or an advocacy role or supporting self advocacy for basic needs and rights to services and supports Many people with autism and intellectual and developmental disabilities and their supporters value community involvement and integration quality of life and access to a wide range of services so it is likely that social workers will encounter these clients in their careers Consequently the onus is on the social work profession to attend more fully and carefully to preparing students practitioners and researchers This peer reviewed volume provides a range of perspectives practices and ideas relative to social work s engagements with individuals living with autism intellectual disabilities and developmental disabilities Contributors include social work practitioners academic and community based researchers educators activists and self advocates Reflecting different ways of theorizing speaking about and working with people with autism intellectual disabilities and developmental disabilities it explores both tensions and possibilities for social work practice research education advocacy and policy development that better meet their needs and desires for their lives
