Strategies for Cultural Assimilation of Immigrants and Their Children: Social, Economic, and Political Considerations Chandan, Harish Chandra, 2023-07-28

When immigrants leave their home country to live in a host country that has a different culture the acculturation process begins. There is subtle cultural social and political pressure on immigrants to adopt the cultural values of the host nation. The acculturation process occurs over time. Exposure to a new culture is often stressful as one is exposed to new values, beliefs, and behaviors that may be different from their home culture.

Strategies for Cultural Assimilation of Immigrants and Their Children: Social, Economic, and Political Considerations increases awareness of the cultural assimilation process among parents, children, employers, and educators. This book discusses internal conflicts and promotes harmony and understanding. Covering topics such as civic literacy, mental health, and identity formations, this premier reference source is an excellent resource for sociologists, psychologists, government officials, educators, and administrators of both K-12 and higher education, students of higher education, librarians, researchers, and academicians.

Social Media, Politics and the State Daniel Trottier, Christian Fuchs, 2014-07-17

This book is the essential guide for understanding how state power and politics are contested and exercised on social media. It brings together contributions by social media scholars who explore the connection of social media with revolutions, uprising, protests, power, and counter power; hacktivism; the state; policing and surveillance. It shows how collective action and state power are related and conflict as two dialectical sides of social media power and how power and counter power are distributed in this dialectic. Theoretically focused and empirically rigorous research considers the two-sided contradictory

nature of power in relation to social media and politics Chapters cover social media in the context of phenomena such as contemporary revolutions in Egypt and other countries populism 20 anti austerity protests the fascist movement in Greece s crisis Anonymous and police surveillance The New Social and Impact Economy Benjamin Gidron,Anna Domaradzka,2021-05-11 This edited volume discusses the development of the new social and impact economy in ten countries around the globe The new social and impact economy is an attempt to conceptualize developments after the 2008 economic crisis which emphasized the pitfalls of the Neo Liberal economic system In the aftermath of the crisis new organizational entities evolved which combined social and business objectives as part of their mission Using data gathered by two recent international research projects the ICSEM project and the FAB MOVE project the book provides an initial portrait of the forces at play in the evolution of the new social and impact economy linking those to the past crisis as well as to Covid19 and comparing the emergence of the phenomenon in a varied group of countries The book begins with an overview of the classical definitions of social economy and proposes a comprehensive concept of new social and impact economy its characteristics and sources Ten country chapters as well as a comparative chapter on international social economy organizations follow The volume concludes with an overall analysis of the data from the country chapters forming a typology of social economy traditions and linking it to recent Post Capitalism trends Creating a conceptual framework to analyze the new phenomena in social economy this volume is ideal for academics and practitioners in the fields of social economy social economic and welfare policies social and business entrepreneurship in a comparative fashion social and technological innovation as well as CSR specialists and practitioners **Insurance and Risk Management for Disruptions in Social, Economic and Environmental Systems** Simon Grima,Ercan Özen,Rebecca E.
