Musial, Gene E. Hall, Donna M. Gollnick, 2010-08-20 This best selling text *Foundations of American Education* prepares students for tomorrow's classrooms through its thorough coverage of the foundations of American education including the historical legal philosophical social and practical aspects of education The fifteenth edition has been revised to provide a more engaging experience for future teachers as they examine their changing role and the role of schools in today's diverse society This is just the standalone book This Student Value Edition is a three hole punched loose leaf version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class all at a fraction of the bound book price *Case Studies for Social Foundations of American Education* Harry S. Broudy, 1962 **Sociological Foundations of Education** Claire Maxwell, Miri Yemini, Laura Engel, 2023-03-23 This volume introduces sociology as a foundational discipline of education Education is a central structuring mechanism in shaping societies making it a core focus for sociology Sociologists study education in its broadest sense as occurring within families communities and provided by institutions The purposes of formal education are contested and these contestations shape broader power relations locally nationally and globally Sociologists disaggregate processes within education to examine empirically and theoretically the various levels at which they operate This allows them to

describe and make sense of the ways that relations of inequality are developed reproduced or unsettled and how these shape individual and group experiences and outcomes About the Educational Foundations series Education as an academic field taught at universities around the world emerged from a range of older foundational disciplines The Educational Foundations series comprises six volumes each covering one of the foundational disciplines of philosophy history sociology policy studies economics and law This is the first reference work to provide an authoritative and up to date account of all six disciplines showing how each field s ideas methods theories and approaches can contribute to research and practice in education today The six volumes cover the same set of key topics within education which also form the chapter titles Mapping the Field Purposes of Education Curriculum Schools and Education Systems Learning and Human Development Teaching and Teacher Education Assessment and Evaluation This structure allows readers to study the volumes in isolation by discipline or laterally by topic and facilitates a comparative thematic reading of chapters across the volumes Throughout the series attention is paid to how the disciplines comprising the educational foundations speak to social justice concerns such as gender and racial equality

Handbook of Research in the Social Foundations of Education Steven Tozer, Bernardo P. Gallegos, Annette Henry, Mary Bushnell Greiner, Paula Groves Price, 2011-07-05 Parts one and two of this volume present the theoretical lenses used to study the social contexts of education These include long established foundations disciplines such as sociology of education and philosophy of education as well as newer theoretical perspectives such as critical race theory feminist educational theory and cultural studies in education Parts three four and five demonstrate how these theoretical lenses are used to examine such phenomena as globalization media popular culture technology youth culture and schooling This groundbreaking volume helps readers understand the history evolution and significance of this wide ranging often misunderstood and increasingly important field of study This book is appropriate as a reference volume not only for scholars in the social foundations of education but also for scholars interested in the cultural contexts of teaching and learning formal and informal It is also appropriate as a textbook for graduate level courses in Social Foundations of Education School and Society Educational Policy Studies Cultural Studies in Education and Curriculum and Instruction
