A Course of Lectures, Etc** Alfred Marston TOZZER,1925 [THE SCIENCE OF SOCIAL RELATIONS](#) HORNELL HART,1927 *Paths of Continuity* Hartmut Lehmann,James Van Horn Melton,2003-01-30 The defeat of National Socialism in 1945 was a pivotal point in Central European history For the writing and practice of history however the event proved far less decisive In West Germany and Austria most historians who had taught under the Nazis retained their positions after 1945 Even those dismissed for their National Socialist sympathies were often able to resume their careers And an entire generation of younger historians trained during the Nazi years was to enter the historical profession after 1945 *Paths of Continuity* examines the effect of this professional continuity on West German historical scholarship and the impact of the Third Reich on the way German language historians practiced their craft The essays look at ten prominent German and Austrian historians whose lives and work spanned the period before and after 1945 Friedrich Meinecke Gerhard Ritter Hans Rothfels Franz Schnabel Heinrich Ritter von Srbik Hans Freyer Hermann Aubin Otto Brunner Werner Conze and Theodor Schieder All responded to the Nazi regime in different ways Some willingly embraced the New Order of National Socialism others kept their distance from the regime or openly opposed it Ironically however those who were least compromised by Nazi involvements and who emerged after 1945 with the greatest moral and professional authority often proved the most resistant to change within the discipline Conversely much of the impetus for scholarly innovation after 1945 came from historians with earlier ties to the anti liberal folk history of the Nazi era Exploring these and other paradoxes this collection of essays provides fresh insight into the development of German historical scholarship since 1945 **Journal of Applied Sociology** ,1925 [Kinship and Continuity](#) Alison Shaw,2014-02-04 *Kinship and Continuity* is a vivid ethnographic account of the development of the Pakistani presence in Oxford from after World War II to the present day Alison Shaw addresses the dynamics of migration patterns of residence and kinship ideas about health and illness and notions of political and religious authority and discusses

the transformations and continuities of the lives of British Pakistanis against the backdrop of rural Pakistan and local socio economic changes This is a fully updated revised edition of the book first published in 1988 Change and Continuity
