Social Unrest And Popular Protest In England 1780 1840:

Social Unrest and Popular Protest in England, 1780-1840 John E. Archer, 2000-11-02 This book first published in 2000 examines the diversity of protest from 1780 to 1840 and how it altered during this period of extreme change This textbook covers all forms of protest including the Gordon Riots of 1780 food riots Luddism the radical political reform movement and Peterloo in 1819 and the less well researched anti enclosure anti New Poor Law riots arson and other forms of terroristic action up to the advent of Chartism in the 1830s Archer evaluates the problematic nature of source materials and conflicting interpretations leading to debate and reviews the historiography and methodology of protest studies This study of popular protest gives a unique perspective on the social history and conditions of this crucial period and will provide a valuable resource for students and teachers alike

Social Unrest and Popular Protest in England, 1780-1840 John Edward Archer, 2000 This textbook covers all forms of protest including the Gordon Riots of 1780 food riots Luddism the radical political reform movement anti enclosure anti New Poor Law riots and arson up to the advent of Chartism in the 1830s John E Archer provides a concise and up to date introduction to this crucial topic

Uprisings in Eighteenth-Century Britain Monika Barget, 2023-10-19 This study examines how the British Empire of the 18th century contained revolution by integrating opposition agents as new spaces of power opened up Monika Barget convincingly argues that this process of constitutionalisation meant that groups from the aristocracy to religious communities from the army to the people at large were brought into the system in a way that balanced the obvious serious challenges that the Glorious Revolution the Jacobite Rebellion the American Revolution and Jacobin threats of the late 18th century posed to the Empire Barget highlights the lasting political and legal repercussions of this process The structure of the chapters each focussing on specific agents and conflict media also links the history of political agency and political institutions with an expanding European and even trans continental media market

Crowd Actions in Britain and France from the Middle Ages to the Modern World Michael T. Davis, 2015-09-01 Crowd Actions in Britain and France from the Middle Ages to the Modern World explores the lively and often violent world of the crowd examining some of the key flashpoints in the history of popular action From the Peasants Revolt of 1381 to the Paris riots in 2005 and 2006 this volume reveals what happens when people gather together in protest

Loyalism and Radicalism in Lancashire, 1798-1815 Katrina Navickas, 2009-01-15 Loyalism and Radicalism in Lancashire 1798 1815 is a lively and detailed account of popular politics in Lancashire during the later years of the French Revolution and during the Napoleonic wars Drawing on a wide variety of sources such as letters diaries and broadside ballads it offers fresh insights into the complicated dynamics between radicalism loyalism and patriotism and emphasises Lancashire s distinctive political culture and its place at the heart of the industrial revolution This region witnessed some of the most intense disruptive and violent popular politics in this period and beyond Highly active and vocal groups emerged extreme republicans more moderate radicals Luddites early trade unionists and also strong networks of

Church and King loyalists and Orange lodges Katrina Navickas explains how this heady mix created a politically charged region where both local and national affairs played their part She follows the inner workings of popular political activity in response to both internal and external threats including loyalist processions and civic events volunteer corps formed as defence against invasion food riots strikes by trade unions and both secret and public meetings on the key issues of peace and parliamentary reform Navickas argues for a distinct sense of regional identity that shaped not only local politics but also patriotism Lancastrians felt British in the face of the French but it was a particularly Lancastrian type of Britishness

Women's History Hannah Barker, Elaine Chalus, 2005 A wide ranging thematic survey of women's history in Britain in the 18th and early 19th centuries with chapters written by both well established writers and new and dynamic scholars in a thorough and well balanced selection

End Times Peter Turchin, 2023-06-13 Peter Turchin brings science to history Some like it and some prefer their history plain But everyone needs to pay attention to the well informed convincing and terrifying analysis in this book Angus Deaton winner of the Nobel Prize in Economics From the pioneering co founder of cliodynamics the groundbreaking new interdisciplinary science of history a big picture explanation for America's civil strife and its possible endgames Peter Turchin one of the most interesting social scientists of our age has infused the study of history with approaches and insights from other fields for more than a quarter century End Times is the culmination of his work to understand what causes political communities to cohere and what causes them to fall apart as applied to the current turmoil within the United States Back in 2010 when Nature magazine asked leading scientists to provide a ten year forecast Turchin used his models to predict that America was in a spiral of social disintegration that would lead to a breakdown in the political order circa 2020 The years since have proved his prediction more and more accurate and End Times reveals why The lessons of world history are clear Turchin argues When the equilibrium between ruling elites and the majority tips too far in favor of elites political instability is all but inevitable As income inequality surges and prosperity flows disproportionately into the hands of the elites the common people suffer and society wide efforts to become an elite grow ever more frenzied He calls this process the wealth pump it's a world of the damned and the saved And since the number of such positions remains relatively fixed the overproduction of elites inevitably leads to frustrated elite aspirants who harness popular resentment to turn against the established order Turchin's models show that when this state has been reached societies become locked in a death spiral it's very hard to exit In America the wealth pump has been operating full blast for two generations As cliodynamics shows us our current cycle of elite overproduction and popular immiseration is far along the path to violent political rupture That is only one possible end time and the choice is up to us but the hour grows late

Borrowed Imagination Samar Attar, 2014-02-19 Borrowed Imagination The British Romantic Poets and Their Arabic Islamic Sources examines masterpieces of English Romantic poetry and shows the Arabic and Islamic sources that inspired Coleridge Wordsworth Blake Shelley Keats and Byron when composing their poems in the eighteenth or early nineteenth century

Critics have documented Greek and Roman sources but turned a blind eye to nonwestern materials at a time when the romantic poets were reading them The book shows how the Arabic Islamic sources had helped the British Romantic Poets not only in finding their own voices but also their themes metaphors symbols characters and images The British Romantic Poets and Their Arabic Islamic Sources is of interest to scholars in English and comparative literature literary studies philosophy religion government history cultural and Middle Eastern studies and the general public *Vagrancy in the Victorian Age* Alistair Robinson, 2021-10-14 An interdisciplinary study of the rich Victorian taxonomy of vagrancy and the concepts of poverty mobility and homelessness it expressed **Wicked Ladies** Gregory J. Durston, 2014-08-11 In recent years much has been published on women crime and justice in English history However for a variety of reasons particularly the ready availability of source material for the capital such research has tended to have an overwhelmingly Metropolitan focus This book aims to redress the balance for the long eighteenth century by concentrating on women from outside the London area Although vitally important to the wider country the Metropolis always contained a small minority of the country's female offenders and defendants albeit a significantly higher percentage of the latter than its share of the national population The capital also had a rather different criminal justice and policing system to that found in the rest of the country at this time The book focuses on women's experiences in provincial England as both the perpetrators of various crimes and as suspects or defendants in the country's criminal justice system The areas considered range from the West Country to the Scottish Border and the offences examined include all of the major crimes such as murder and theft as well as some more arcane forms of deviance including arson and coining The factors that prompted women to offend their likelihood of exposure when they did so and their treatment before the courts and in the penal system are all considered in detail In particular the book examines the gendered differences found in female crime when compared to that of their male counterparts and how women's experiences of the era's justice system differed from those of men It also compares provincial women to those found in the Metropolis in these respects Extensive use is made of primary sources in portraying the lives of female criminals from Kent to Cumberland while comparison is also made with women from other parts of the British Isles and beyond so that the respective roles of structural determinants and national culture in crime and justice can be considered **Britain and its internal others, 1750-1800** Dana Y. Rabin, 2017-10-01 The rule of law an ideology of equality and universality that justified Britain's eighteenth century imperial claims was the product not of abstract principles but imperial contact As the Empire expanded encompassing greater religious ethnic and racial diversity the law paradoxically contained and maintained these very differences This book revisits six notorious incidents that occasioned vigorous debate in London's courtrooms streets and presses the Jewish Naturalization Act and the Elizabeth Canning case 1753 54 the Somerset Case 1771 72 the Gordon Riots 1780 the mutinies of 1797 and Union with Ireland 1800 Each of these cases adjudicated the presence of outsiders in London from Jews and Gypsies to Africans and Catholics The demands of these internal others to equality before the law

drew them into the legal system challenging longstanding notions of English identity and exposing contradictions in the rule of law *Government and Politics in Kent, 1640-1914* H. C. F. Lansberry, 2001 Early modern Kent with emphasis on changes in government from private patronage to a broader commercial and professional power base This volume the seventh in the Kent History Project complements those already published on The Economy of Kent and Religion and Society in Kent between 1640 and 1914 The volume begins with an important new assessment of the impact of the Civil Wars and Interregnum in Kent which challenges some of the interpretations of previous studies of this period of Kent s history The major thrust of the volume is however the transformation of Kent s government from a system controlled by a small number of landed families into one in which on the eve of the First World War a much broader range of people from the commercial industrial and professional classes was involved There are also detailed studies of political radicalism in Kent between the late eighteenth and early twentieth centuries and of the impact of crime and the maintenance of public order The text is supported by appropriate maps tables and contemporary illustrations Contributors BRIAN ATKINSON BRUCE AUBRY JACQUELINE EALES PAUL HASTINGS BRYAN KEITH LUCAS FREDERICK LANSBERRY ELIZABETH MELLING *Thomas Hardy's Pastoral* Indy Clark, 2016-04-29 This book reads Hardy s poetry of the rural as deeply rooted in the historical tradition of the pastoral mode even as it complicates and extends it It shows that in addition to reinstating the original tensions of classical pastoral Hardy dramatizes a heightened awareness of complex communities and the relations of class labour and gender **The Non-Representation of the Agricultural Labourers in 18th and 19th Century English Paintings** Penelope McElwee, 2016-02-08 The life of the poor rural worker appears to have been one of unmitigated toil within an unequal society a reality seldom endorsed in paintings of the eighteenth and early nineteenth centuries The contemporary viewer who constituted less than three per cent of the population wished to see visions of the idyllic golden landscapes of Merrie England peopled by happy contented workers or alternatively images of the Big House a feature and phenomenon now marching over the countryside fed by a new building frenzy This particular element would soon evolve into an all consuming preoccupation for the wealthy throughout the period Members of the upper echelons of society with their families all attired in fine silks and satins look out at their audience from ornately framed canvases as individuals Yet the rural poor the rabble at the gates the unseen workforce who toiled at the behest of the Master are virtually unknown They have left few records Enclosure came at a price The Poorhouse beckoned And still the agricultural labourer did virtually nothing for most of the eighteenth century to protest or rebel against the inequalities of his downtrodden existence Only the dreaded behemoth of the nineteenth century the threshing machine would stir him into action How would it end *The Study of Anatomy in Britain, 1700-1900* Fiona Hutton, 2015-10-06 Hutton looks at Manchester and Oxford to provide a comparative history of anatomical study Using the Anatomy Act as a focal point she examines how these two cities dealt with the need for bodies over two centuries *Doing Working-Class History* Oliver Betts, Laura Harrison, Laura Christine

Price,2024-11-04 Economic and political uncertainty has brought the language of class especially discussion of the working class to a broad audience across scholarship and social debate This introductory volume shows how the history of the working class has is and can be researched written and represented The book is structured in three parts perspective context and application Each offers an introduction to both classic historiography and new ideas and methodologies With chapters covering a span of the years c 1750 present the book focuses on three essential questions What is working class history and what should it become What can a focus on working class history reveal What are the possibilities of this research in the university classroom the heritage world and beyond Doing Working Class History will appeal to students and scholars of working class history whether relative newcomers to the field or veteran researchers interested in new approaches and material It will also be of interest to local and family historians museum and heritage professionals and general readers

Unbuilt Utopian Cities 1460 to 1900: Reconstructing their Architecture and Political Philosophy Tessa

Morrison,2016-03-09 Bringing together ten utopian works that mark important points in the history and an evolution in social and political philosophies this book not only reflects on the texts and their political philosophy and implications but also their architecture and how that architecture informs the political philosophy or social agenda that the author intended Each of the ten authors expressed their theory through concepts of community and utopian architecture but each featured an architectural solution at the centre of their social and political philosophy as none of the cities were ever built they have remained as utopian literature Some of the works examined are very well known such as Tommaso Campanella s Civitas Solis while others such as Joseph Michael Gandy s Designs for Cottages are relatively obscure However even with the best known works this volume offers new insights by focusing on the architecture of the cities and how that architecture represents the author s political philosophy It reconstructs the cities through a 3 D computer program ArchiCAD using Artlantis to render Plans sections elevations and perspectives are presented for each of the cities The ten cities are Filarete Sforzina Albrecht D rer Fortified Utopia Tommaso Campanella The City of the Sun Johann Valentin Andreae Christianopolis Joseph Michael Gandy An Agricultural Village Robert Owen Villages of Unity and Cooperation James Silk Buckingham Victoria Robert Pemberton Queen Victoria Town King Camp Gillette Metropolis and Bradford Peck The World a Department Store Each chapter considers the work in conjunction with contemporary thought the political philosophy and the reconstruction of the city Although these ten cities represent over 500 years of utopian and political thought they are an interlinked thread that had been drawn from literature of the past and informed by contemporary thought and society The book is structured in two parts

Crime in England 1815-1880 Helen Johnston,2015-03-03 Crime in England 1815 1880 provides a unique insight into views on crime and criminality and the operation of the criminal justice system in England from the early to the late nineteenth century This book examines the perceived problem and causes of crime views about offenders and the consequences of these views for the treatment of offenders in the criminal justice system The book explores the perceived

causes of criminality as well as concerns about particular groups of offenders such as the criminal classes and the habitual offender the female offender and the juvenile criminal It also considers the development of policing the systems of capital punishment and the transportation of offenders overseas as well as the evolution of both local and convict prison systems The discussion primarily investigates those who were drawn into the criminal justice system and the attitudes towards and mechanisms to address crime and offenders The book draws together original research by the author to locate these broader developments and provides detailed case studies illuminating the lives of those who experienced the criminal justice system and how these changes were experienced in provincial England With an emphasis on the penal system and case studies on offenders lives and on provincial criminal justice this book will be useful to academics and students interested in criminal justice history and penology as well as being of interest to the general reader

Events and Outcomes Industrial Revolution Nigel Smith, 2009 British history **Innovation and the State** Cristie Ford, 2017-12-07 From social media to mortgage backed securities innovation carries both risk and opportunity Groups of people win and lose when innovation changes the ground rules Looking beyond formal politics this new book by Cristie Ford argues that we need to recognize innovation and financial innovation in particular as a central challenge for regulation Regulation is at the leading edge of politics and policy in ways that we have not yet fully grasped Seemingly innocuous regulatory design choices have clear and profound practical ramifications for many of our most cherished social commitments Innovation is a complex phenomenon that needs to be understood not only in technical terms but also in human ones Using financial regulation as her primary example Ford argues for a fresh approach to regulation which recognizes innovation for the regulatory challenge that it is and which binds our cherished social values and our regulatory tools ever more tightly together

The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you speculating until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
