Fin de Siècle and Its Legacy Mikulas Teich, Roy Porter, 1990-12-13 For many years the term fin de siècle has been used to imply a state of decadence which was thought to have pervaded civilised European society in the years around 1900 This volume of essays which draw on a very wide range of disciplines argues that the period was in fact one of dramatic change essentially positive and forward looking in character This was the period of the rise of the giant corporation of mass production and mass consumption and of the development of the generation and distribution of electrical energy Novel social features such as mass politics mass media and mass sport involved the body of ordinary people and in the arts complex reactions to contemporary social reality were aroused and expressed This was also the period which gave birth to the study of quantum mechanics relativity physics mental processes and genetics This volume forms part of a sequence of collections of essays which began with *The Enlightenment in National Context* 1981 and has continued with *Romanticism in National Context* 1988 They bring together comparative national and interdisciplinary approaches to the history of great movements in the development of human thought and actions

The Influence of Pre-Raphaelitism on Fin de Siècle Italy Giuliana Pieri, 2007 This volume is the first comprehensive study of the influence of English Pre Raphaelitism on Italian art and culture in the late nineteenth century Analysis of the cultural relations between Italy and Britain has focused traditionally on the special place that Italy had in the British imagination but the cultural and artistic exchanges between the two countries have been much misunderstood This book aims to correct this imbalance by placing Pre Raphaelitism in its European context It explores the nature of its influence on Italy how it was transmitted and how it was manifested by focusing on the role of Italian Anglophiles the English communities in Florence and Rome the writings of Gabriele D Annunzio and a number of Italian artists active in Tuscany and Rome The works of Cellini Ricci Gioja De Carolis and Sartorio in particular fully demonstrate the impact of Pre Raphaelitism on the young Italian school of painting which found in the English movement an ideal link with its glorious past on which it could build a new artistic identity These artists show that English Pre Raphaelitism was one of the most powerful single influences on fin de siècle Italian culture

Director durante largos años de la New Left Review editor historiador de renombre autor de una vasta obra referente de la izquierda europea y actualmente catedrático de Historia en la Universidad de California Perry Anderson el intelectual marxista británico más brillante según Terry Eagleton es una de las figuras más relevantes del marxismo en el ámbito anglosajón y más allá En estas páginas se reconstruye minuciosamente la trayectoria intelectual y política de Perry Anderson en el contexto de la evolución de la Nueva Izquierda británica desde 1956 y en general de los cambios y transformaciones sociales políticos y culturales del mundo occidental a lo largo del último medio siglo A pesar de las significativas discontinuidades que cabe registrar en su trayectoria intelectual Anderson sigue siendo un pensador fundamental de la izquierda un historiador imprescindible cuyo énfasis en las perspectivas a largo plazo confiere una excepcional relevancia a su reflexión sobre el mundo actual Además de una biografía intelectual de Perry Anderson que da cuenta de sus aportaciones más significativas en el campo de la historia y de la política así como de las sonadas políticas por ejemplo con Edward Thompson en las que se ha visto envuelto este libro es una aproximación rigurosa a la historia del marxismo occidental desde la posguerra con sus días de auge y sus momentos de crisis y disolución Perry Anderson ha sido un testigo y un protagonista privilegiado de esta historia Asimismo se estudia detenidamente la trayectoria de la New Left Review una de las revistas internacionales más influyentes de toda esta época La presente edición se enriquece con un post scriptum escrito ex profeso por el autor en el que se analiza la evolución más reciente de la obra teórica y las posiciones políticas de Perry Anderson **Labour Managed Firms and Post-Capitalism** Bruno Jossa,2016-11-25 This book illustrates and discusses the major points of the economic theory of producer cooperatives its evolution since the 1950s and links with Marxian theory Most importantly this book demonstrates that a system of producer cooperatives offers a wealth of advantages compared to capitalism There is general agreement that the main benefit of this form of economic democracy is that people allowed to freely pursue their interests are happier than those acting on somebody else's instruction The author argues that a system of democratic firms would eradicate classical high wage unemployment and scale down both Keynesian and structural unemployment levels **Notre fin de siècle** ,1996 **Términos críticos de sociología de la cultura** Carlos Altamirano,2002 En los últimos años la sociología de la cultura ha visto reverdecer sus credenciales Esta vuelta no tiene sin embargo el carácter de una restitución de la empresa que se asocia con los nombres de Max Scheler Alfred Weber y sobre todo Karl Mannheim es decir la clásica sociología de la cultura Aunque este sector del análisis social nunca fue un campo teóricamente unitario el conjunto de estudios que se desarrolló bajo ese nombre casi como una especialidad alemana entre las décadas de 1920 y 1930 tenían en común el que eran concebidos como contribuciones a una sociología del espíritu Pues bien la cultura humanística que seguía obrando normativamente en la clásica sociología de la cultura ya no inspira las nuevas perspectivas sociológicas donde se refleja en cambio la importación de enfoques esquemas y conceptos de otras disciplinas del mundo social Los autores cuya

influencia se invoca con mas frecuencia al hablar de la reanimacion de la sociologia de la cultura Pierre Bourdieu Raymond Williams o Clifford Geertz dificilmente podrian ser identificados como expositores de una misma concepcion Hay quienes dicen por ello que actualmente esta en curso una nueva sociologia de la cultura que habria comenzado a forjarse ya en la decada de 1970 aunque solo recientemente comenzara a ser reconocida por el resto de la disciplina sociologica Todos estos elementos fueron tenidos en cuenta al seleccionar los terminos de esta obra destinada a proporcionar un mapa actual de la sociologia de la cultura Aun cuando se renunciara a toda pretension de exhaustividad el caudal lexico no podia ignorar ni los dominios y conceptos que provenian del periodo clasico de la disciplinacomoo la sociologia del conocimiento o de la religion o el concepto de ideologia ni los temas nociones y enfoques que han surgido del fermento mas reciente Ahora bien un repertorio de este tipo solo podia ser fruto de la reunion de varias competencias de la colaboracion intelectual entre sociologos y criticos literarios historiadores y semiologos especialistas en educacion y en medios masivos de comunicacion Mas todavia si se echaba de menos un instrumento asi en America Latina por que no producirlo con el concurso de los estudiosos del subcontinente En efecto una obra de estas características no podia ignorar la reflexion ni la investigacion latinoamericanas Los mas creativos de los intelectuales latinoamericanos han actuado en este dominio como aconsejaba Jorge Luis Borges a los escritores sudamericanos tomar como propia toda la tradicion occidental y manejar sus temas sin fetichismo y ninguna supersticion de escuela La respuesta de quienes fueron invitados a colaborar y que hicieron posible este libro no ha podido ser mas alentadora *Macedonio Fernández, un escritor de fin de siglo* Mónica Bueno,2000
