Another Mother Cesare Casarino, Andrea Righi, 2018-12-18 A groundbreaking volume introduces the unique feminist thought of the longstanding Italian group known as Diotima Introducing Anglophone readers to a potent strain of Italian feminism known to French Spanish and German audiences but as yet unavailable in English Another Mother argues that the question of the mother is essential to comprehend the matrix of contemporary culture and society and to pursue feminist political projects Focusing on Diotima a community of women philosophers deeply involved in feminist politics since the 1960s this volume provides a multifaceted panorama of its engagement with currents of thought including structuralism psychoanalysis linguistics and Marxism Starting from the simple insight that the mother is the one who gives us both life and language these thinkers develop concepts of the mother and sexual difference in contemporary society that differ in crucial ways from both French and U S feminisms Arguing that Diotima anticipates many of the themes in contemporary philosophical discourses of biopolitics exemplified by thinkers such as Giorgio Agamben Antonio Negri and Roberto Esposito Another Mother opens an important space for reflections on the past history of feminism and on feminism's future Contributors Anne Emmanuelle Berger Paris 8 Vincennes Saint Denis Ida Dominijanni Luisa Muraro Diana Sartori U of Verona Chiara Zamboni U of Verona

Another Cosmopolitanism Seyla Benhabib, 2006-11-09 In these two important lectures distinguished political philosopher Seyla Benhabib argues that since the UN Declaration of Human Rights in 1948 we have entered a phase of global civil society which is governed by cosmopolitan norms of universal justice norms which are difficult for some to accept as legitimate since they are in conflict with democratic ideals In her first lecture Benhabib argues that this tension can never be fully resolved but it can be mitigated through the renegotiation of the dual commitments to human rights and sovereign self-determination Her second lecture develops this idea in detail with special reference to recent developments in Europe for example the banning of Muslim head scarves in France The EU has seen the replacement of the traditional unitary model of citizenship with a new model that disaggregates the components of traditional citizenship making it possible to be a citizen of multiple entities at the same time The volume also contains a substantive introduction by Robert Post the volume editor and contributions by Bonnie Honig Northwestern University Will Kymlicka Queens University and Jeremy Waldron Columbia School of Law

Salpuri-Chum, A Korean Dance for Expelling Evil Spirits Eun-Joo Lee,Yong-Shin Kim,2017-03-07 This book is a study of Salpuri Chum a traditional Korean dance for expelling evil spirits The authors explore the origins and practice of Salpuri Chum The ancient Korean people viewed their misfortunes as coming from evil spirits therefore they wanted to expel the evil spirits to recover their happiness The music for Salpuri Chum is called Sinawi rhythm It has no sheet music and lacks the concept of metronomic technique In this rhythm the dancer becomes a conductor Salpuri Chum is an artistic performance that resolves the people s sorrow In many cases it is a form of sublimation It is also an effort to transform the pain of reality into beauty based on the Korean people s characteristic merriment It presents itself then as a form of immanence Moreover Salpuri Chum is unique in its use of a piece of white fabric The fabric as a symbol of the Korean people s ego ideal signifies Salpuri Chum s focus as a dance for resolving their misfortunes

The Crisis of the Self in the Age of Information Raymond Barglow,2025-04-30 First published in 1994 in *The Crisis of the Self in the Age of Information* Raymond Barglow shows how contemporary technological environment furnish

the unconscious with internal objects that hark back to a time in our lives prior to personal boundary formation and identity. The consequence is that our technological involvements help to disrupt and dismantle the ideal of the unified and sovereign self that in the past technology fostered. Throughout the book Raymond Barglow interweaves critical theory and psychoanalysis with an examination of artistic representations, media imagery and dreams to explore the conflictual dynamics of contemporary self information and self representation. This book is an important work for scholars and researchers of philosophy, psychoanalysis and clinical psychology.

The Insecurity State Peter Ramsay, 2012-04-26. The Insecurity State is a book about the recent emergence of a right to security in the UK's criminal law. The Insecurity State sets out from a detailed analysis of the law of the Anti Social Behaviour Order and of the Coalition government's proposed replacement for it. It shows that the liabilities contained in both seek to protect a freedom from fear and that this right to security explains a lot of other recently enacted criminal offences. This book identifies the normative source of this right to security in the idea of vulnerable autonomy. It demonstrates that the vulnerability of autonomy is an axiomatic assumption of political theories that have enjoyed a preponderant influence right across the political mainstream. It considers the influence of these normative commitments on the policy of both the New Labour and the Coalition governments. The Insecurity State then explores how the wider contemporary criminal law also institutionalizes the right to security and how this differs from the law's earlier protection of security interests. It examines the right to security and its attendant penal liabilities in the context of both human rights protection and normative criminal law theories. Finally, the book exposes the paradoxical claims about the state's authority that are entailed by penal laws that assume the vulnerability of the normal representative citizen. The Insecurity State offers a criminal law theory that is unorthodox in both its method and its content. BLIt is focused on a contemporary development in the special part of the criminal law rather than the law's general principles. BLIt is an explanatory political sociology of substantive criminal law rather than the more familiar normative theory, but it is an explanatory theory that seeks to understand the law's historical development through an investigation of the changing character of its normative order. BLIt does not apply a pre-existing sociological or philosophical theory to the law; rather, it develops a theoretical explanation from detailed legal analysis and reconstruction of New Labour's penal laws. BLIt concludes that repressive criminal laws have arisen from a deficit of political authority rather than from excessive authoritarianism.

Growing Up Fatherless in Antiquity Sabine R. Hübner, Sabine Hübner, David M. Ratzan, 2009-02-19. This book investigates the effects of fatherlessness on the societies, cultures, politics and families of the ancient Mediterranean world.

The Other Side of Joy Julius H. Rubin, 2000. Rubin focuses on the incidence of religious melancholy among the Bruderhof. This is an affective disorder that has long been associated with pietistic conversion and is characterized by a sense of abandonment by God.

Cyberchiefs Mathieu O'Neil, 2009-03-20. People are inventing new ways of working together on the internet. Decentralised production thrives on blogs, wikis and free software projects. Cyberchiefs focuses on the regulations of these

working relationships It examines the transformation of leadership and expertise in online networks and the emergence of innovative forms of participatory politics What are the costs and benefits of alternatives to hierarchical organisation Using case studies of online projects or tribes such as the radical Primitivism archive Daily Kos the Debian free software project and Wikipedia this book shows that leaders must support maximum autonomy for participants and looks at the tensions generated by this distribution of authority Structures of Knowing Katherine Arens,2012-12-06 **I Want You to Be** Tomáš Halík,2016-08-15 In his two previous books translated into English *Patience with God* and *Night of the Confessor* best selling Czech author and theologian Tom Hal k focused on the relationship between faith and hope Now in *I Want You to Be* Hal k examines the connection between faith and love meditating on a statement attributed to St Augustine *amo volo ut sis* I love you I want you to be and its importance for contemporary Christian practice Hal k suggests that because God is not an object love for him must be expressed through love of human beings He calls for Christians to avoid isolating themselves from secular modernity and recommends instead that they embrace an active and loving engagement with nonbelievers through acts of servitude At the same time Hal k critiques the drive for mere material success and suggests that love must become more than a private virtue in contemporary society *I Want You to Be* considers the future of Western society with its strong division between Christian and secular traditions and recommends that Christians think of themselves as partners with nonbelievers Halik s distinctive style is to present profound insights on religious themes in an accessible way to a lay audience As in previous books this volume links spiritual and theological philosophical topics with a tentative diagnosis of our times This is theology written on one s knees Halik is as much a spiritual writer as a theologian *I Want You to Be* will interest both general and scholarly readers interested in questions of secularism and Christianity in modern life
