A Sociology of Ireland Hilary Tovey, Perry Share, 2003 Reflects recent social developments with new chapters on Civil Society Popular Culture and Everyday Life Has a strong central argument related to the nature of Irish society Looks at Ireland's positioning in a globalising world Considers a wide range of aspects of the social structure and culture Written in an accessible and interesting style Includes a comprehensive bibliography of Irish and overseas references Suitable for Sociology courses in Irish universities and Institutes of Technology at both undergraduate and postgraduate level including general arts programmes applied social studies social studies social work [An Introduction to Sociology in Ireland](#) Bernadette McDonald, 2009 **Sociology in Ireland** B. Fanning, 2014-12-10 This book provides a short introduction to the emergence and development of sociology in Ireland until the present day The institutionalization of the discipline came relatively late as it remained under the control of the Catholic Church However since the 1970s sociology has witnessed periods of considerable growth and professionalization *Irish Society* Patrick Clancy, 1995 **Contemporary Ireland** Sara O'Sullivan, 2007 Starting from the assumption that the Celtic Tiger has transformed Irish society and that there is indeed a new Ireland this text covers all the topics that would be expected in an introductory text for sociology and Irish studies students as well as in depth topics for more advanced courses [Sociology for Health Professionals in Ireland](#) Abbey Hyde, 2004 [Contemporary Ireland](#) Sara O'Sullivan, 2007 body div table thead tbody tfoot tr th td p font family Calibri font size x small a comment indicator hover comment background ffd position absolute display block border 1px solid black padding 0 5em a comment indicator background red display inline block border 1px solid black width 0 5em height 0 5em comment display none In depth description and analysis of the transformations that have taken place in Ireland over the past ten years during the heyday of the Celtic Tiger **Ireland** Sociological Association of Ireland, 1986 [Understanding Contemporary Ireland](#) Brendan Bartley, Rob Kitchin, 2006-12-20 This is an account of Ireland in the twenty first century and the remarkable economic and social transformations that have occurred since the late 1980s The Celtic Tiger phenomenon made Ireland the focus of much attention in recent years Other countries have openly declared that they want to follow the Irish economic and social model Yet there is no book that gives a comprehensive spatially informed analysis of the Irish experience This book fills that gap Divided into four parts planning and development the economy the political landscape and population and social issues the book explains a particular aspect of Ireland and Irish life The authors reveal how the transformations that have occurred are uneven and unequal in their effects across the country and highlight the challenges now facing Irish society and policy makers [The Politics and Polemics of Culture in Ireland, 1800-2010](#) Pat Cooke, 2021-09-30 As a contribution to cultural policy studies this book offers a uniquely detailed and comprehensive account of the historical evolution of cultural policies and their contestation within a single democratic polity while treating these developments comparatively against the backdrop of contemporaneous influences and developments internationally It traces

the climate of debate policies and institutional arrangements arising from the state's regulation and administration of culture in Ireland from 1800 to 2010. It traces the influence of precedent and practice developed under British rule in the nineteenth century on government in the 26 county Free State established in 1922, subsequently declared the Republic of Ireland in 1949. It demonstrates the enduring influence of the liberal principle of minimal intervention in cultural life on the approach of successive Irish governments to the formulation of cultural policy right up to the 1970s. From 1973 onwards, however, the state began to take a more interventionist and welfarist approach to culture. This was marked by increasing professionalization of the arts and heritage and a decline in state support for amateur and voluntary cultural bodies. That the state had a more expansive role to play in regulating and funding culture became a norm of cultural discourse.

Church, state and social science in Ireland Peter Murray, Maria Feeney, 2016-11-18. The immense power the Catholic Church once wielded in Ireland has considerably diminished over the last fifty years. During the same period, the Irish state has pursued new economic and social development goals by wooing foreign investors and throwing the state's lot in with an ever widening European integration project. How a less powerful church and a more assertive state related to one another during the key third quarter of the twentieth century is the subject of this book. Drawing on newly available material, it looks at how social science, which had been a church monopoly, was taken over and bent to new purposes by politicians and civil servants. This case study casts new light on wider processes of change and the story features a strong and somewhat surprising cast of characters ranging from Sean Lemass and T. K. Whitaker to Archbishop John Charles McQuaid and Father Denis Fahey.

The Environmental Movement in Ireland Liam Leonard, 2007-12-03. This book examines key themes in Irish environmental politics, including the main components that have come to define such events and incidents of environmental collective action in this country during forty years of growth and development. The author analyses the mobilization and framing processes undertaken in these disputes, locating them in the context of a wider rural identity that has shaped grassroots environmentalism in the Irish case.

Includes contributions by 39 sociologists from all over Ireland and offers valuable insights on women's contemporary lives. It is the first such sociological reader to cover Ireland both North and South.
