

The Sociology of the
RESURRECTION

William J. Lunny

Sociology Of The Resurrection

Chris Shilling, Philip A Mellor

Sociology Of The Resurrection:

The Sociology of the Resurrection William J. Lunny, 1989 **Sociology of Crisis** Myrto Tsilimpounidi, 2016-11-03 The global financial crisis has demonstrated the impact and implications of late capitalism and its bedfellow globalisation In the European context crisis is seen as a threat to the stability of the region rather than a local or national concern Post 2008 crisis is social and political rather than merely financial as Western countries witness the consequences of consumption growth and profit In this book Tsilimpounidi demonstrates how sociologists must develop new approaches to examining rapid shifts in the social landscape since crisis is not merely reflected in balance sheets but is mediated through spectacular imagery of loss deprivation and increased vectors of marginalisation Providing focused and valuable insight into the pressing problems of those living in Greece in relation to the wider spheres of the nation and at the level of the European Union Sociology of Crisis takes an approach that is firmly located within a critical sociological appeal to reflexivity A timely engagement with the problem of crisis at a macro level and in dialogue with the everyday experiences of crisis on a micro level this interdisciplinary title will appeal to both undergraduate and postgraduate students interested in sociology social policy geography urban studies and research methods social science *Luke 18:35-24:53, Volume 35C* John Nolland, 2018-04-24 The Word Biblical Commentary delivers the best in biblical scholarship from the leading scholars of our day who share a commitment to Scripture as divine revelation This series emphasizes a thorough analysis of textual linguistic structural and theological evidence The result is judicious and balanced insight into the meanings of the text in the framework of biblical theology These widely acclaimed commentaries serve as exceptional resources for the professional theologian and instructor the seminary or university student the working minister and everyone concerned with building theological understanding from a solid base of biblical scholarship Overview of Commentary Organization Introduction covers issues pertaining to the whole book including context date authorship composition interpretive issues purpose and theology Each section of the commentary includes Pericope Bibliography a helpful resource containing the most important works that pertain to each particular pericope Translation the author's own translation of the biblical text reflecting the end result of exegesis and attending to Hebrew and Greek idiomatic usage of words phrases and tenses yet in reasonably good English Notes the author's notes to the translation that address any textual variants grammatical forms syntactical constructions basic meanings of words and problems of translation Form Structure Setting a discussion of redaction genre sources and tradition as they concern the origin of the pericope its canonical form and its relation to the biblical and extra biblical contexts in order to illuminate the structure and character of the pericope Rhetorical or compositional features important to understanding the passage are also introduced here Comment verse by verse interpretation of the text and dialogue with other interpreters engaging with current opinion and scholarly research Explanation brings together all the results of the discussion in previous sections to expose the meaning and intention of the text at several levels 1 within the

context of the book itself 2 its meaning in the OT or NT 3 its place in the entire canon 4 theological relevance to broader OT or NT issues General Bibliography occurring at the end of each volume this extensive bibliography contains all sources used anywhere in the commentary

After the Y2K Fireworks Bhuvan Unhelkar, 1999-05-24 After the Y2K Fireworks focuses on the business and technical aspects of surviving the year 2000 problem from an author conversant with both business particularly financial and computer professionals More companies than not will fail to prevent the problems arising from this potential programming disaster After the Y2K Fireworks addresses this part of the market putting the problem in perspective and examining all the various organizational and technical issues required to rebuild

Gospel Women Richard Buckham, 2002-05-15 This unique approach reveals that there is much more to be known about biblical women than previous studies have assumed Employing historical and literary readings of the biblical texts Bauckham successfully captures the particularity of each woman he studies

Memories of Jesus Robert B. Stewart, Gary R. Habermas, 2010 A gathering of scholarly essays in response and tribute to James D G Dunn's influential book *Jesus Remembered* followed by a response from Dunn himself

A History of Heaven Jeffrey Burton Russell, 1999-01-03 Well known for his historical accounts of Satan and hell Jeffrey Burton Russell explores the brighter side of eternity heaven He not only examines concepts found among Jews Greeks and Romans but asks how time passes in eternity

Sociology, Phenomenology and Marxian Analysis Barry Smart, 2013-10-15 Sociology is an established academic discipline but there has been continuing debate over its status as a science and the nature of its subject matter This led to the emergence of a phenomenological sociology and to critiques of positivist sociology This critical reappraisal of the relevance of Marxian analysis for a science of society shows how these developments within sociology have had their counterpart in Marxism The author analyses the status of Marx's work and the Marxist tradition in sociology He focuses upon those concerns which are common to both Marxian analysis and sociology the question of subjectivity the nature of social reality and the dialectical relationship of the doing or practice of a science of society to the social world within which such social analyses are situated Originally published in 1976

Ebook: Sociology: A Brief Introduction Schaefer, 2014-10-16 Ebook Sociology A Brief Introduction

Sociological Noir Kieran Flanagan, 2016-10-04 Contrary to secular claims regarding the expulsion of religion modernity does in fact produce unprecedented forms whose understanding re-casts the relationships between sociology and theology This book explores irruptions which disturb modernity from without fragments or deposits of history that have spectral or noir properties whether ruins collective memories or the dark Gothic or the Satanic as manifested in culture The study investigates what irrupts from these depths to unsettle our understanding of modernity so as to reveal its theological roots A ground breaking and extensive work Sociological Noir explores literature history and theology to re-cast the sociological imagination in ways that inspire reflection on new configurations in modernity As such it will have wide spread appeal to sociologists and social theorists with interests in religion theology and debates on postsecularism and culture

Handbook of Post-Western

Sociology: From East Asia to Europe, 2023-04-03 Beyond hegemonic thoughts the Post Western sociology enables a new dialogue between East Asia China Japan Korea and Europe on common and local knowledge to consider theoretical continuities and discontinuities to develop transnational methodological spaces and co produce creolized concepts With this new paradigm in social sciences we introduce the multiplication of epistemic autonomies vis vis Western hegemony and new theoretical assemblages between East Asia and European sociologies From this ecology of knowledge this groundbreaking contribution is to coproduce a post Western space in a cross pollination process where Western and non Western knowledge do interact articulated through cosmovisions as well as to coproduce transnational fieldwork practices **Raymond Aron and Liberal Thought in the Twentieth Century** Iain Stewart, 2020 The first historical account of Raymond Aron's role in the reconfiguration of liberal thought in the short twentieth century *The Garb of Being* Georgia Frank, Susan Holman, Andrew Jacobs, 2019-11-05 This collection explores how the body became a touchstone for late antique religious practice and imagination When we read the stories and testimonies of late ancient Christians what different types of bodies stand before us How do we understand the range of bodily experiences solitary and social private and public that clothed ancient Christians How can bodily experience help us explore matters of gender religious identity class and ethnicity The Garb of Being investigates these questions through stories from the Eastern Christian world of antiquity monks and martyrs families and congregations and textual bodies Contributors include S Abrams Rebillard T Arentzen S P Brock R S Falcasantos C M Furey S H Griffith R Krawiec B McNary Zak J N Mellon Saint Laurent C T Schroeder A P Urbano F M Young

Theoretical Engagements in Geopolitical Economy Radhika Desai, 2015-09-22 This two part volume paves the way advancing Geopolitical Economy as a new approach to the study of international relations and international political economy They expose the theoretical limitations of the latter in Part I and the analytical limitations in Part II **Handbook of the Sociology of Morality, Volume 2** Steven Hitlin, Shai M. Dromi, Aliza Luft, 2023-10-25 This handbook articulates how sociology can re engage its roots as the scientific study of human moral systems actions and interpretation This second volume builds on the successful original volume published in 2010 which contributed to the initiation of a new section of the American Sociological Association ASA thus growing the field This volume takes sociology back to its roots over a century ago when morality was a central topic of work and governance It engages scholars from across subfields in sociology representing each section of the ASA who each contribute a chapter on how their subfield connects to research on morality This reference work appeals to broader readership than was envisaged for the first volume as the relationship between sociology as a discipline and its origins in questions of morality is further renewed The volume editors focus on three areas the current state of the sociology of morality across a range of sociological subfields taking a new look at some of the issues discussed in the first handbook which are now relevant in sometimes completely new contexts and reflecting on where the sociology of morality should go next This is a must read reference for students and scholars interested in topics of morality

ethics altruism religion and spirituality from across the social science

New Horizons in Sociological Theory and Research Luigi Tomasi, 2020-07-24 This title was first published in 2001 This book tackles the important issue of the tasks that confront sociology in the third millennium It examines the sociological interpretations of the World Wide revolution which amid unprecedented scientific and technological progress and the globalization of markets has generated new inequalities poverty structural unemployment and mass conditionings A number of the most distinguished living sociologists including Boudon Beck Eisenstadt Tiryakain Wieviorka furnish profound and innovative interpretations of changes in world society while outlining the frontiers of sociological research for the 21st Century The contributions to the book not only prompt reflection on the structure and organization of sociological research but also revitalize sociological inquiry by conducting original and stimulating analysis of theoretical and methodological issues an undertaking essential for the survival of the discipline itself

The ISA Handbook of Diverse Sociological Traditions Sujata Patel, 2010 This latest edition to the ISA handbook series actively engages with the many traditions of sociology in the world Twenty nine chapters from prominent international contributors discuss challenge and re conceptualize the global discipline of sociology evaluating the diversities within and between sociological traditions of many regions and nation states They assess all aspects of the discipline ideas and theories scholars and scholarship practices and traditions ruptures and continuities through an international perspective Its goal is to become a text for debating the contours of international sociology

The Routledge Companion to Theism Charles Taliaferro, Victoria S. Harrison, Stewart Goetz, 2013 There are deep and pervasive disagreements today in universities and colleges and popular culture in general over the credibility and value of belief in God This has given rise to an urgent need for a balanced comprehensive accessible resource book that can inform the public and scholarly debate over theism While scholars with as diverse interests as Daniel Dennett Terry Eagleton Richard Dawkins Jrgen Habermas and Rowan Williams have recently contributed books to this debate theism as a concept remains poorly understood and requires a more thorough and systematic analysis than it has so far received in any single volume The Routledge Companion to Theism addresses this need by investigating theism s history as well as its relationship to inquiry in the sciences social sciences and humanities and to its wider cultural contexts The contents are not confined within the philosophy of religion or even within the more expansive borders of philosophy Rather The Routledge Companion to Theism investigates its subject through the lens of a wide variety of disciplines and explores the ramifications of theism considered as a way of life as well as an intellectual conviction The five parts of the volume indicate its inclusive scope I What is Theism II Theism and Inquiry III Theism and the Socio Political Realm IV Theism and Culture V Theism as a Way of Life The result is a well ordered and thorough collection that should provide a wide spectrum of readers with a better understanding of a subject that s much discussed but frequently misunderstood As the editors note in their Introduction while stimulating and informing the contemporary debate a key aim of the volume is to open new avenues of inquiry into theism and thereby to

encourage further research into this vital topic Comprised of 54 essays by leading scholars in philosophy history theology religious studies political science education and sociology The Routledge Companion to Theism promises to be the most useful comprehensive resource on an emerging subject of interest for students and scholars The Sociological Revolution Richard Kilminster,2006-11-22 By controversially turning away from the current debates which surround social theory this book provides an historical analysis of the profound burden of sociology and its implications today The Sociological Ambition Chris Shilling,Philip A Mellor,2001-09-05 The Sociological Ambition is a superb book It is beautifully written expertly edited and renders complex and original ideas entirely accessible This is a modern classic Journal of Contemporary Religion For all social scientists who are fed up with corporate style textbooks which appeal to the lowest common denominator The Sociological Ambition must come as a relief Shilling and Mellor have written an account of their discipline but they have done so with a multi purpose task in mind Irish Journal of Sociology In a comprehensive reassessment of the field Chris Shilling and Philip A Mellor examine the various attempts that have been made to reconstruct sociology over the last century arguing that classical and contemporary social theories must be studied in relation to the ambition that first shaped and established the discipline The authors begin by situating sociology in its historical philosophical and theological contexts examining how the founders of the discipline developed competing analyses of the processes elementary to social and moral life through their unique contributions The result is a landmark work in recent sociological study Accomplished and erudite this book will be required reading for students of sociology social theory religious studies and cultural studies

Right here, we have countless book **Sociology Of The Resurrection** and collections to check out. We additionally present variant types and also type of the books to browse.
