Sociology is the systematic or scientific study of human behaviour, social structures, social institutions, and organisations. An interdisciplinary science.

Sociology is the study of social action and communities.

Sociology is the study of people doing things together? Howard Becker

Sociology is a systematic discipline which presupposes that a scientific or a postpositivistic, that is, rationalist, level of social scientific thought.

Microsociology - the focus is on groups that function more or less as self-contained communities, considered from how they affect the larger system's social institutions (or society, especially seen by anthropology and sociology)

Macro sociology - the focus is on groups that function in the larger system, which affects the microsystem. How they affect the smaller groups and individuals.

How Sociological Anthropology was created by G. Hertz (1941).

1. A social action or behaviour "the comparison between kinship and biology as the primary structure and function of society"
2. "How is the process of kinship?"
3. "How kinship structure are changed by larger social structures?"

Sociological Anthropology is the scientific study of human social problems, practices, and behaviour other than just the understanding kinship which is important for the economy, conditions, processes, and relationships that constitute our lives.

It focuses on cross-culturally-comparable groups (tribes)

- Kinship structure (and political) social structure
- Exchange relations, and division of labour
- The individual person's life and how social life is lived

interdependence of the making of modern man and modern society It is Elias contention that changes in personality structure embodied in phenomena ranging from table manners and hygiene habits to rites of punishment and courtly love inevitably reflect and mould patterns of control generated by new political and social institutions Elias rejection of a dichotomy between individual and society and his use of psychoanalysis political theory and social history help restore a fullness of resource to sociology **Understanding Human Society** Walter Goldschmidt, 2013-04-15 Published in 1998 Understanding Human Society is a valuable contribution to the field of Social Science *The Sociology of Community* Colin Bell, Howard Newby, 1974 First Published in 1974 Routledge is an imprint of Taylor Francis an informa company **The Psychology of Human Society** Charles Abram Ellwood, 1936 The Scientific Study of Human Society Franklin Henry Giddings, 1974
