Soldiers Commissars And Chaplains Civil Military Relations Since Cromwell:

Soldiers, Commissars, and Chaplains Dale Roy Herspring, 2001 This innovative study offers the first ever comparison of the military roles played by commissars political officers and chaplains in military settings ranging from the armies of Cromwell the Jacobins the Nazis the Soviets and the United States Despite the stark differences in the political systems of the countries of these disparate armed forces Dale R Herspring argues that there are certain critical functions that must be fulfilled in every military regardless of its ideological orientation Most vital are motivation morale boosting and political socialization In addition Herspring s comparative historical analysis decisively demonstrates that the roles of commissars political officers and chaplains alike have evolved in ways that are crucial yet rarely understood either by policymakers or scholars

Russian Civil-Military Relations Robert Brannon, 2016-04-08 Putin s style of leadership has transitioned into another era but there is much still inherited from the past In the often anarchic environment of the 1990s the nascent Russian Federation experienced misunderstandings and mis steps in civil military relations Under Boris Yeltsin it has been questioned whether the military obeyed orders from civilian authorities or merely gave lip service to those it served to protect while implementing its own policies and courses of action Robert Brannon sets forth the circumstances under which the military instrument of Russia s power and influence could be called upon to exert force Deriving in part from its Soviet past the author examines how Russia s military doctrine represents more than just a road map of how to fight the nation s wars it also specifies threats to national interests in this case the United States NATO and international terrorism Against this background of politics and power the military s influence may reveal as much about politics as it does the military

The Pentagon and the Presidency Dale R. Herspring, 2005-03-04 While presidents have always kept a watchful eye on the military our generals have been equally vigilant in assessing the commander in chief Their views however have been relatively neglected in the literature on civil military relations By taking us inside the military s mind in this matter Dale Herspring s new book provides a path breaking utterly candid and much needed reassessment of a key relationship in American government and foreign policymaking As Herspring reminds us that relationship has often been a very tense even extremely antagonistic one partly because the military has become a highly organized and very effective bureaucratic interest group Reevaluating twelve presidents from Franklin D Roosevelt to George W Bush Herspring shows how the intensity of that conflict depends largely on the military s perception of the president s leadership style Quite simply presidents who show genuine respect for military culture are much more likely to develop effective relations with the military than those who don t Each chapter focuses on one president and his key administrators such as Robert McNamara Henry Kissinger and Donald Rumsfeld and contains case studies showing how the military reacted to the president s leadership In the final chapter Herspring ranks the presidents according to their degree of conflict with the military Lyndon Johnson received exceedingly low marks for being overbearing and dismissive of the armed forces further aggravating his Vietnam

problem George H W Bush inspired respect for not micromanaging military affairs And Bill Clinton was savaged both privately and publicly by military leaders for having been a draft dodger cutting Pentagon spending and giving the Don t Ask Don t Tell tag an unnecessarily high profile From World War II to Operation Iraqi Freedom Herspring clearly shows how the nature of civilian control has changed during the past half century He also reveals how the military has become a powerful bureaucratic interest group very much like others in Washington increasingly politicized media savvy and as much accountable to Congress as to the commander in chief Ultimately The Pentagon and the Presidency illuminates how our leaders devise strategies for dealing with threats to our national security and how the success of that process depends so much upon who s in charge and how that person s perceived by our military commanders

Civil-Military Relations and Global Security Governance Cornelia Baci, 2021-03-01 This book investigates the relationship between international security governance democratic civil military relations and the relevance of strategy as well as of absolute and relative gains in norms formation in hybrid orders Highlighting caveats of the legacy of Huntington s paradigm of military professionalism the book applies a robust methodology and data collected in four sample regions in Pakistan It gauges the effects of international and local actors support in the Security Sector Reform domain and examines instances of civil military interactions and military transition The book also analyses determinants and strategies that can influence them to demonstrate the impact of global governance in norms diffusion as well as of absolute and relative utility gains and incentives in normative change The author generates a new theory pertaining to international organisations and actors as determinants of transformation processes and consequently sheds new light on the issue of global security governance especially its impact on civil military relations and democratisation in hybrid orders The book will be of interest to scholars and practitioners in the field of global governance civil military relations grand strategy and foreign policy as well as Asian politics South Asian studies peace security and strategic studies International Relations and political science in more general

The Revolutionary Guards in Iranian Politics Bayram Sinkaya, 2015-06-19 The Islamic Revolutionary Guards Corps IRGC has been dubbed the kingmaker in recent studies of Iranian politics precipitating heated debates surrounding the potential militarization of the Iranian regime and giving rise to paradoxical understandings of the IRGC whether as a military institution entering politics or a political institution with a military history Revolutionary Guards in Iranian Politics offers a way out of this paradox by showing that the IRGC is not a recently politicized institution but has instead been highly politicized since its inception It identifies the ways in which the IRGC relates to national political dynamics examines the factors contributing to this relationship and its implications on Iranian politics from the revolution up to the present day The book examines the three decades following the revolution uncovering the reasons behind the rise of the Revolutionary Guards and tracking the organization s evolving relationship with politics Establishing a theoretical framework from revolution and civil military relations theories this book provides new perspectives on the relationship between the IRGC and

Iranian politics This book would be of interest to students and scholars of Middle East Studies and Iranian Studies in particular Iranian Politics *The Transition to National Armies in the Former Soviet Republics, 1988-2005* Jesse Paul Lehrke, 2013-01-03 This book looks at the militaries of the late Soviet and post Soviet republics Beginning with the end of the Soviet era it recognises that the successor states did not spring from nowhere but inherited a legacy that influenced all that followed The book discusses how politicians control the instruments that are the manifestation of the state s monopoly on violence and how society views and supports the military By taking a bottom up empirical approach that examines the personnel leaders organisations and institutions and their outlook and attitudes the book presents a comprehensive picture of the armed forces showing how the armed forces are very significantly shaped by the surrounding political and social environment The book goes on to examine the armed forces in action and highlights that to truly understand the militaries studies need to go beyond looking at the static structures **Military Chaplains and Religious Diversity** Kim Philip Hansen, 2012-09-25 Based on extensive in depth interviews with more than thirty active duty chaplains regarding their successes failures and conflicts the book is about the way military chaplains handle religious diversity among the enlisted they serve and within their own corps *Routes to Reform* David Kuehn, Aurel Croissant, 2023 This book examines the conditions under which new democracies succeed or fail in establishing firm and lasting civilian control of the military David Kuehn and Aurel Croissant introduce a multi dimensional conceptual framework to evaluate the degree of civilian control in new democracies and to trace developments over time The theory of civilian control in new democracies that they propose integrates rationalist structuralist and institutionalist arguments into a coherent model to explain when how and through which causal mechanism new democracies succeed or fail in establishing and sustaining civilian control over the military This theory is tested on an original dataset on civilian control over the military in 66 countries that have made the transition from authoritarian to democratic rule at least once in the period from 1974 to 2010 The study traces the effects of different degrees of civilian control on the survival and democratic quality of third wave democracies combining large N statistical analyses with detailed case study narratives of several countries The book establishes a comprehensive understanding of the conditions and processes under which third wave democracies succeeded or failed in establishing firm and lasting civilian control of the military and its consequences for the survival and quality of the new democratic structures processes and practices *Democratization and Civilian Control in Asia* A. Croissant, D. Kuehn, P. Lorenz, P. Chambers, 2015-12-04 How can civilians in newly democratized countries ensure their control over the military While establishing civilian control of the military is a necessary condition for a functioning democracy it requires prudent strategic action on the part of the decision makers to remove the military from positions of power and make it follow their orders **American Military Life in the 21st Century** Eugenia L. Weiss, Carl Andrew Castro, 2018-11-16 A comprehensive guide to the lives and experiences of military service members veterans and their families in the United States today with special emphasis given to those of the

post 9 11 era This reference work provides detailed information on the issues U S service members face both stateside and during deployments overseas Issues covered include relations with family substance use housing educational and job training opportunities post traumatic stress disorder and other health issues and experiences of women sexual minorities and ethnic racial minorities in the armed services This set also examines major issues related to military service for people close to the men and women who serve our country such as spouses or partners children and parents grappling with such issues as single parenthood during deployment and bereavement at the loss of a loved one Finally this set is a valuable resource for people seeking a greater understanding of the issues that confront some military service members and veterans from chronic health problems to economic vulnerability to suicide to incarceration The two volumes are written in a comprehensive yet succinct and accessible style by experts familiar with the latest trends and findings *Purity and Compromise in the Soviet*

Party-State Daniel Stotland, 2017-11-15 This work offers new ways of conceptualizing the decision making paradigm of the Soviet party state that was defined by the persistent shortage of qualified manpower that afflicted the Russian elite The traditional Russian problems of under administration combined with the unique features of the Soviet political system resulted in a dichotomy between practical and ideological demands The WWII era examined in this book provides a microcosm of pressures facing the Kremlin and illustrates the cyclical nature of policy formation forced on it by the paradoxes of the system As the party s responsibilities expanded into specialized economic and military areas political experts increasingly depended on the specialized professionals These trends grew increased drastically during the war An unexpected consequence of the party s expansion into economic or military professions was the discovery that cooptation worked both ways and many party members become managers rather than ideological overseers Throughout the existential crisis of the system the war and its aftermath the party would find itself in a fundamental conflict over its identity challenged over its role both vis a vis the state and its own priorities After an abortive attempt to reverse the wartime trends a new paradigm was articulated by the party during the last five years of Stalin s reign This resulted in the emergence of a new elite consensus which envisioned the party as integral and invasive economic actor This shift in the party s identity was the price of maintaining centralized political power and came at the expense of the focus on ideological purity In the long term however the diminished role of ideology robbed the party of its core value system and steadily eroded its legitimizing and self energizing power Over time the new consensus would undermine the very foundations of the party state construct Yet if the USSR was to survive as a modern industrialized state the accommodation with the technocrats was necessary The contradiction between ideological and pragmatic aims was inherent to the system and demanded an eventual choice between the long term health of the state and that of the party **Parameters** ,2016 **Bulletproofing the Psyche** Kate

Hendricks Thomas, David L. Albright Ph.D., 2018-05-03 This book presents the latest in neuroscience and resiliency research alongside the personal stories of military veterans to advocate for an empirically validated training protocol In *Bulletproofing*

the Psyche Preventing Mental Health Problems in Our Military and Veterans editors Kate Hendricks Thomas and David L Albright lead an interdisciplinary team of researchers practitioners and military veterans in calling for a new kind of training with a focus on bulletproofing the psyche psychological resiliency skills training They combine research and storytelling to argue that somatic protocols a training method long used in the treatment sector to rewire the brain after trauma and a proven valid alternative to drug and talk therapy should be applied to the prevention and training sectors Contributors include leaders in the fields of trauma research military social work and veterans health Students and scholars in the fields of social work military psychology social psychology health promotion organizational development and institutional organization will find the research relevant while clinicians counselors and mental health care providers working with military connected communities may find the discussion of trauma treatment and intervention model transformative for their practice The Journal of Military History ,2002 Democracy Under Stress Paul Chambers,Aurel Croissant,2010 Südostasien aktuell ,2007 **The Sword of the Lord** Doris L. Bergen,2004 The Sword of the Lord is the first book to examine military chaplains and the development of the military chaplaincy across history and geography from the first to the twenty first century from Europe to North America The scope of this work reveals the astonishing fact that the military chaplaincy has existed in a recognizable form for more than 1 600 years Contributors analyze specific historical moments in the development of the chaplaincy beginning in antiquity and progressing through the Crusades the English Civil War the American Civil War both World Wars and the Vietnam War Four key themes connect the chapters of this book The first is the basic issue of historical development over time Where and when did the military chaplaincy begin and how has it changed A second theme involves the emotionally and spiritually intense relationships that develop between chaplains and the men and women they serve How have military chaplains dealt with the enormous responsibility of ministering to soldiers about to kill or possibly be killed The third theme is that of chaplains often precarious position between military and religious authorities Are military chaplains primarily morale boosters retained by rulers and military commanders because they prepare soldiers to fight hard and face death bravely Or are they above all pastors caring for the spiritual needs of their constituency How do they balance conflicting duties and demands A fourth related theme is the profound moral and theological dilemmas raised by the chaplaincy Even under the least morally ambiguous circumstances chaplains work in the midst of violence coercion and suffering How have they understood their tasks and carried them out in deeply troubled and brutal times What are the ethical implications of their work In addition to contributions by historians this book includes vivid accounts by two former chaplains an American rabbi who served in World War II and an American Catholic priest who served in Vietnam This remarkable work treats with care and sensitivity a fascinating and important topic Anyone interested in military history religious studies ethics or pastoral care will profit from reading this book *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences* ,2003 *Problems of*

Post-communism ,2007 **Militär und zivile Politik** Aurel Croissant,David Kühn,2011-12-02 In Europa und Nordamerika gilt es heute als selbstverständlich dass das Militär der Kontrolle durch die zivile Politik unterliegt In anderen Regionen der Welt ist das jedoch nicht unbedingt der Fall Warum gelingt es manchen Staaten die Kontrolle über die Streitkräfte zu institutionalisieren und manchen nicht Welche Rolle spielt das Militär in Diktaturen und welche in demokratischen Verfassungsstaaten Welche Herausforderungen prägen das Verhältnis von Militär und Politik heute Diesen Fragen geht der vorliegende Band nach Im ersten Teil des Werks führen die Autoren in die grundlegenden Begriffe Konzepte und Theorien der politikwissenschaftlichen Analyse zivil militärischer Beziehungen ein Die nachfolgenden Abschnitte untersuchen historische Entwicklungen Stand und relevante Problemstellungen der zivil militärischen Beziehungen in ausgewählten Demokratien Diktaturen und Transformationssystemen in verschiedenen Weltregionen Damit bietet der Band einen umfassenden Überblick über das Verhältnis zwischen Politik und Militär

Enjoying the Track of Appearance: An Emotional Symphony within **Soldiers Commissars And Chaplains Civil Military Relations Since Cromwell**

In a global taken by displays and the ceaseless chatter of instant transmission, the melodic elegance and psychological symphony created by the prepared term often diminish in to the backdrop, eclipsed by the persistent sound and disruptions that permeate our lives. However, set within the pages of **Soldiers Commissars And Chaplains Civil Military Relations Since Cromwell** a charming fictional treasure full of natural feelings, lies an immersive symphony waiting to be embraced. Constructed by a masterful musician of language, that charming masterpiece conducts viewers on a psychological trip, well unraveling the concealed melodies and profound affect resonating within each carefully constructed phrase. Within the depths with this poignant analysis, we can discover the book is key harmonies, analyze its enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
