Soldiers In Zimbabwe's Liberation War Social History Of Africa S:

African Police and Soldiers in Colonial Zimbabwe, 1923-80 Timothy Joseph Stapleton, 2011 Recruiting and motivations for enlistment Perceptions of African security force members Education and upward mobility Camp life African women and the security forces Objections and reforms Travel and danger Demobilization and veterans *Society in Zimbabwe's Liberation War* Ngwabi Bhebe, T. O. Ranger, 1996 This work examines people's beliefs, ideas and experiences both during Zimbabwe's liberation war and afterwards The contributors look at African religion and Christianity and explore the efforts to educate people for a new society They also look at the ideas used by whites to justify brutality and at the civilian experiences at the hands of the guerillas and the Fifth Brigade Finally they ask whether the new ideas were carried on after the war had ended Zimbabwe University of Zimbabwe Publications *War Veterans in Zimbabwe's Revolution* Zvakanyorwa Wilbert Sadomba, 2011 An insider's view of the land issue and farm invasions in Zimbabwe this book gives a different perspective than is normally heard revealing much about the tensions within Zimbabwean society and between the war veterans and the ruling party *Once Upon a Time in Zimbabwe* Alan Webb, 2023-11-03 Joseph Daniels narrates his family's origins beginning with their arrival from England among the 1820 Settlers that landed in Cape Town South Africa Starting with nothing except a plot of land and the promise of prosperity in the Dark Continent his ancestors John Henry and Kathleen Daniels build a legacy that will intertwine their European heritage and that of the Black indigenous people of Africa Generations later their mixed race descendant Joseph Daniels born in the turbulent years leading up to Zimbabwe's independence in 1980 strives to adapt to an environment rife with racial contradictions political tension and violence Joseph shares the tender harrowing and humorous moments of his family's lives set against a backdrop of Zimbabwe and South Africa's rich culture and history Starting with the clash of African kings in Southern Africa Joseph's multigenerational tale moves through European colonization the Rhodesian Civil War Zimbabwe's independence and Robert Mugabe's long presidency By the time Joseph comes of age in the 1990s he must navigate the complexity of his mixed race Coloured identity while seeking to establish his generational inheritance and legacy An episodic novel that sweeps across the centuries *Once Upon a Time in Zimbabwe* is replete with historical detail and unforgettable characters At turns adventurous romantic thrilling and heartbreaking the story of Joseph Daniels and his family is a testament to the resilience of the human spirit

Zimbabwe's Migrants and South Africa's Border Farms Maxim Bolt, 2015-09-25 This book addresses the complex labour and life conditions faced by workers in the agricultural borderlands of northern South Africa *The Child Soldiers of Africa's Red Army* Carol Berger, 2021-12-23 This book examines the role of social process and routinised violence in the use of underaged soldiers in the country now known as South Sudan during the twenty one year civil war between Sudan's northern and southern regions Drawing on accounts of South Sudanese who as children and teenagers were part of the Red Army the youth wing of the Sudan People's Liberation Army SPLA the book sheds light on the organised nature of the

exploitation of children and youth by senior adult figures within the movement The book also includes interviews with several of the original Red Army commanders all of whom went on to hold senior positions within the military and government of South Sudan The author chronicles the cultural transformation experienced by members of the Red Army and considers whether an analysis of the processes involved in what was then Africa's longest civil war can aid our understanding of South Sudan's more recent descent into ethnicised conflict As such it will appeal to scholars of sociology anthropology and political science with interests in ethnography conflict and the military exploitation of children Manning the Nation. Father Figures in Zimbabwean Literature and Society Z. Muchemwa, Robert Muponde, 2008-01-15 Gender studies in Zimbabwe have tended to focus on women and their comparative disadvantages and under privilege Assuming a broader perspective is necessary at a time when society has grown used to arguments rooted in binaries colonised and coloniser race and class sex and gender poverty and wealth patriotism and terrorism etc The editors of Manning the Nation recognise that concepts of manhood can be used to repress or liberate and will depend on historical and political imperatives they seek to introduce a more nuanced perspective to the interconnectivity of patriarchy masculinity the nation and its image The essays in this volume come from well respected academics working in a variety of fields The ideals and concepts of manhood are examined as they are reflected in important Zimbabwean literary texts However if literature provides a rich vein for the analysis of masculinities what makes this collection so interesting is the interplay of literary analysis with chapters that provide a critical examination of the ways in which ideals of manhood have been employed in for example leadership and the nation as a justification for violent engagement in the field of AIDS and HIV etc Manning the Nation Father figures in Zimbabwean literature and society sets the stage for a fresh and engaging discourse essential at a time when new paradigms are needed

Africa: War and Conflict in the Twentieth Century Timothy Stapleton, 2018-05-11 This book examines the causes course and consequences of warfare in twentieth century Africa a period which spanned colonial rebellions both World Wars and the decolonization process Timothy Stapleton contextualizes the essential debates and controversies surrounding African conflict in the twentieth century while providing insightful introductions to such conflicts as African rebellions against colonial regimes in the early twentieth century including the rebellion and infamous genocide of the Herero and Nama people in present day Namibia The African fronts of World War I and World War II and the involvement of colonized African peoples in these global conflicts Conflict surrounding the widespread decolonization of Africa in the 1950s and 1960s Rebellion and civil war in Africa during the Cold War when American and Soviet elements often intervened in efforts to turn African battlegrounds into Cold War proxy conflicts The Second Congo Civil War which is arguably the bloodiest conflict in any region since World War II Supported by a glossary a who's who of key figures a timeline of major events a rich bibliography and a set of documents which highlight the themes of the book *Africa War and Conflict in the Twentieth Century* is the best available resource for students and scholars seeking an introduction to violent conflict in recent African history *Peace,*

Decolonization, and the Practice of Solidarity Rob Skinner, 2023-10-05 This book shows that the connected histories of decolonization and globalization concern the practices of individuals and movements as much as they do the ideologies of states institutions and organizations Viewing decolonization through non state activist practices and setting anti colonial solidarity in the context of the methods of contemporary global peace movements it argues that seemingly marginal histories can illuminate aspects of the end of empire that are not readily apparent in studies centred on state diplomacy and nationalist movements Focusing on a group of British and American activists including the pacifist campaigner A J Muste the anti apartheid priest Michael Scott and the civil rights organiser Bayard Rustin Skinner explores connected global histories of anti nuclear peace campaigns anti colonialism and decolonization to illuminate new perspectives on the end of empire and the Cold War Studying a failed attempt to infiltrate the French atom bomb test site in southern Algeria and a mass march across the border between Tanganyika and Northern Rhodesia that never took place these stories provide valuable insights into the interactions between local and global scales of historical experience In presenting these histories this book demonstrates how global and transnational histories can challenge and disrupt rather than reinforce hierarchies of power and privileges In doing so it also contributes to ongoing debates surrounding the nature of decolonization as a historical phenomenon by focusing on the practices of activism that shaped and were shaped by the political and intellectual structures of decolonization
