Solid As the Rock Dennis Allen, Nan Allen, 1992-11-02 **The Spirit and the Song** Chris E. W. Green, Steven Félix-Jäger, 2024-09-16 The Spirit and the Song Pneumatological Reflections on Popular Music explores pertinent pneumatological issues that arise in music It offers three distinct contributions first it asks what if anything music tells listeners about God s Spiritedness Can the experience of music speak to human spiritedness the world s transcendentality or a person s own self transcendence in ways nothing else does or can Second this book explores how the Spirit functions within and even determines culture through music Because music is a profound human expression it can find itself in a rich dialogue with the Spirit Third and finally this book explores the contested status of music in Christian spiritual traditions It deals with music as inspired by the Spirit music as participation in Spiritedness and music as temptation of the flesh As such this book also engages music s placement in Christian spiritual traditions The contributors of this book ask how Christian convictions about and experiences of the Spirit might shape the way one thinks about music **Billboard** , 2005-02-26 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Music and Ideology** Mark Carroll, 2017-07-05 This volume gathers together a cross section of essays and book chapters dealing with the ways in which musicians and their music have been pressed into the service of political nationalist and racial ideologies Arranged chronologically according to their subject matter the selections cover Western and non Western musics as well as art and popular musics from the eighteenth century to the present day The introduction features detailed commentaries on sources beyond those included in the volume and as such provides an invaluable and comprehensive reading list for researchers and educators alike The volume brings together for the first time seminal articles written by leading scholars and presents them in such a way as to contribute significantly to our understanding of the use and abuse of music for ideological ends *All Music Guide to Rock* Vladimir Bogdanov, Chris Woodstra, Stephen Thomas Erlewine, 2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts **All Music Guide** Vladimir Bogdanov, Chris Woodstra, Stephen Thomas Erlewine, 2001-11 Arranged in sixteen musical categories provides entries for twenty thousand releases from four thousand artists and includes a history of each musical genre *Uncloudy Days* Bil Carpenter, 2005-08 The first true gospel music encyclopedia Uncloudy Days explores the artists who profoundly influenced early rock n roll and soul music and provided inspiration for millions of the faithful **BOOK JACKET** *Understanding African American Rhetoric* Ronald L. Jackson II, Elaine B. Richardson, 2014-05-22 This is an extraordinarily well balanced collection of essays focused on varied expressions of African American Rhetoric it also is a critical antidote to a preoccupation with Western Rhetoric as the arbiter of what counts for effective rhetoric Rather

than impose Western terminology on African and African American rhetoric the essays in this volume seek to illumine rhetoric from within its own cultural expression thereby creating an understanding grounded in the culture's values The consequence is a richly detailed and well researched set of essays The contribution of African American rhetoric can no longer be rendered invisible through neglect of its tradition The essays in this volume neither seek to displace Western Rhetoric nor function as an uncritical paen to Afrocentricity and Africology This volume is both timely and essential in advancing a better understanding of the richly textured history that is expressed through African American discourse and essential as a counterpoint to the hegemonic influence of Greek and Roman rhetoric as the origin of rhetorical theory and practice Written in the spirit of a critical rhetoric this collection eschews traditional focus on public address and instead offers a rich array of texts in musical and other forms that address publics
