Solidaritaat Unerwaanscht Meine Flucht Durch Europa Erinnerungen 19331940:

The Dutch and German Communist Left (1900-68) Philippe Bourrinet, 2016-11-01 The Dutch German Communist Left represented by the German KAPD AAUD the Dutch KAPN and the Bulgarian Communist Workers Party separated from the Comintern 1921 on questions like electoralism trade unionism united fronts the one party state and anti proletarian violence It attracted the ire of Lenin who wrote his Left Wing Communism An Infantile Disorder against the Linkskommunismus while Herman Gorter wrote a famous response in his pamphlet Reply to Lenin The present volume provides the most substantial history to date of this tendency in the twentieth century Communist movement It covers how the Communist left with the KAPD AAU denounced party communism and state capitalism in Russia how the German left survived after 1933 in the shape of the Dutch GIK and Paul Mattick s councils movement in the USA and also how the Dutch Communistenbond Spartacus continued to fight after 1942 for the world power of the workers councils as theorised by Pannekoek in his book Workers Councils 1946

Solidarity and Treason Lisa Fittko, 1993 Lisa Fittko s Escape through the Pyrenees Northwestern 1991 told the extraordinary true tale of her life as an enemy alien in France before and after the Nazi invasion of 1940 when she and her husband smuggled small groups of refugees to safety along a tortuous route through the mountains Solidarity and Treason Resistance and Exile 1933 1940 is Fittko s equally gripping memoir of the preceding years in the underground and exile The volume opens with Hitler s

Writing Against Hitler Daniel Siemens, 2025 In Writing Against Hitler Daniel Siemens reconstructs the history of the struggles of socialist intellectuals in Germany from the 1920s through the post World War II era by focusing on the life of one influential member of that group Hermann Budzislowski 1901 78 In the 1930s Budzislowski served as the editor in chief of the prominent antifascist journal Die neue Weltbühne After the German occupation of France he worked in exile in the United States until 1948 when he moved to East Germany He became influential in training a new generation of journalists and worked as a politician Through the twin stories of a highly ambitious figure and the legendary publication he headed Siemens charts the course of the intellectual Left s rise and decline in power during the decades that shaped the political divides of the mid twentieth century Crucially his account challenges the widely held belief that post 1989 German unification has represented a victory over the traumas of the past Instead Siemens shows the complexity of different strains of socialist thought and activity and reveals the contested place of Nazi Germany s exiles at the center of Cold War Germany s cultural history
