**Education** Jewel A. Smith,2019-01-30 Female seminaries in nineteenth century America offered middle class women the rare  
 privilege of training in music and the liberal arts A music background in particular provided the foundation for a teaching  
 career one of the few paths open to women Jewel A Smith opens the doors of four female seminaries revealing a milieu where  
 rigorous training focused on music as an artistic pursuit rather than a social skill Drawing on previously untapped archives  
 Smith charts women s musical experiences and training as well as the curricula and instruction available to them the  
 repertoire they mastered and the philosophies undergirding their education She also examines the complex tensions between  
 the ideals of a young democracy and a deeply gendered system of education and professional advancement An in depth study  
 of female seminaries as major institutions of learning Transforming Women s Education illuminates how musical training  
 added to women s lives and how their artistic acumen contributed to American society      **Donizetti's Opera, La Fille Du**
