Sinkiang Story:

The Sinkiang Story Jack Chen, 1977 Warlords and Muslims in Chinese Central Asia Andrew D. W. Forbes, 1986-10-09
This book provides a detailed study of Sinkiang China's largest province and of great strategic importance on the Russian border during the Warlord and Kuomintang Eras. It is an analysis of the internal warlord and Islamic politics of Sinkiang as well as to take account of great power interests in this region during a period in which it was essentially a Han Chinese colony in the heart of Central Asia. The study is of relevance not only to the history of twentieth century China but also to the politics of Islamic reassertion in Central Asia to the development of the Soviet Union as an imperial power in the Tsarist Russian mould to an understanding of the cultural and political aspirations of China's national minorities and should serve in a world preoccupied with Western colonialism and imperialism as a reminder that colonialism and imperialism was not and is not an exclusively European preserve.

Soviet Policy in Xinjiang Jamil Hasanli, 2020-12-03 Using recently declassified Soviet documents Jamil Hasanli examines Soviet involvement in the anti China rebellion in East Turkistan. Hasanli takes readers back to the early 1930s when the Turkic national movement was suppressed by the Soviet government and the USSR. Hasanli deftly illustrates how Stalin's policies toward the movement changed after the turning point of World War II and the treachery of Sheng Shicai leading up to the 1944 establishment of the Eastern Turkistan Republic and the start of the Cold War.

Xinjiang S. Frederick Starr, 2015-03-04 Eastern Turkistan now known as Xinjiang or the New Territory makes up a sixth of China's land mass. Absorbed by the Qing in the 1880s and reconquered by Mao in 1949 this Turkic Muslim region of China's remote northwest borders on formerly Soviet Central Asia, Afghanistan, Kashmir, Mongolia and Tibet. Will Xinjiang participate in twenty first century ascendancy or will nascent Islamic radicalism in Xinjiang expand the orbit of instability in a dangerous part of the world? This comprehensive survey of contemporary Xinjiang is the result of a major collaborative research project begun in 1998. The authors have combined their fieldwork experience, linguistic skills and disciplinary expertise to assemble the first multifaceted introduction to Xinjiang. The volume surveys the region's geography, its history of military and political subjugation to China, economic, social and commercial conditions, demography, public health and ecology and patterns of adaption, resistance, opposition and evolving identities.

Turkic Peoples Of The World Margaret Bainbridge, 2013-10-28 First Published in 1993. From time to time the outbreak of hostilities in some part of the world or other brings to the notice of the Western media peoples of whose very existence they have previously been unaware. We may mention two such which have made headlines in 1989 and 1990: the Turks of Bulgaria and the Azerbaijanis of the Soviet Union and Iran. Too frequently however in interpreting such events observers tend to attribute the conflict to the one factor which happens to be fashionable at the time: currently that factor seems to be religion. Too rarely do they observe other differences which may exist between the parties in conflict and which may in the end prove more potent: for instance that the factor most likely to set people apart from each other as they go about their daily business may not be religion at all but

language As an example of this too few have pointed out that the Azerbaijanis of the Soviet Union differ from the neighbouring Armenians not only in religion but also in language and that this contrasts with the situation over the border where the Azerbaijanis of Iran differ from neighbouring Iranians only in language in speaking Turkic for they share with the majority Persian population their Shi'ite Muslim faith This volume holds a collection of essays on the Turkic people in different countries

The Ili Rebellion Linda Benson, 1990 In 1944 Moslem forces in China's westernmost province of Xinjiang rose against the Chinese authorities and succeeded in establishing a small independent Islamic state the East Turkestan Republic Based on newly available archival material this book describes the Moslem challenge to Chinese rule and documents the Nationalist government's response to newly awakened Turkic Moslem nationalism on China's most remote and politically sensitive north western frontier With this book Linda Benson aims to break new ground in the study of Sino Soviet relations and especially of the policies of Chinese governments toward their national minorities

Xinjiang - China's Northwest Frontier K. Warikoo, 2016-03-02 Xinjiang is the pivot of Asia where the frontiers of China Tibet India Afghanistan Pakistan and Central Asia approach each other The growing Uyghur demand for a separate homeland and continuing violence in Xinjiang have brought this region into the focus of national and international attention With Xinjiang becoming the hub of trans Asian trade and traffic and also due to its rich energy resources Uyghur Muslims of Xinjiang are poised to assert their ethno political position thereby posing serious challenge to China's authority in the region This book offers a new perspective on the region with a focus on social economic and political developments in Xinjiang in modern and contemporary times Drawing on detailed analyses by experts on Xinjiang from India Central Asia Russia Taiwan and China this book presents a coherent concise and rich analysis of ethnic relations Uyghur resistance China's policy in Xinjiang and its economic relations with its Central Asian neighbours It is of interest to those studying in Chinese and Central Asian politics and society International Relations and Security Studies

Xinjiang and the Chinese State Debasish Chaudhuri, 2017-08-18 This book focuses on the nature of ethno national conflicts and impacts of ideological orientation of the Communist Party of China CPC towards the national question in the context of Han nationalism and political economic and security policies towards Xinjiang Violence in Xinjiang since the mid 1990s is projected as one of the major national security challenges for China along with issues pertaining to Tibet and Taiwan The author argues that the post Mao reformist model may have been a beneficial economic and political innovation but failed in dealing with regional conflicts and unrests arising out of the demands for independence freedom greater autonomy and assertion of democratic and civic rights The book discusses Chinese nationalism and the construction of Uyghur national identity consequences of economic modernisation in the region ethnic conflicts and coercive measures the security and social stability situation in Xinjiang intensification of violence in Xinjiang under the new leadership vision of the Chinese dream key policies and programmes post riot fallouts and social contradictions manifest in discourses surrounding development separatist violence religious

fundamentalism and international terrorism With its in depth accessible and comprehensive analyses this book will be a valuable addition to scholars and researchers of Chinese studies politics and international relations security and strategic studies sociology social anthropology and ethnic studies

Xinjiang and China's Rise in Central Asia - A History

Michael E. Clarke, 2011-03-08 The recent conflict between indigenous Uyghurs and Han Chinese demonstrates that Xinjiang is a major trouble spot for China with Uyghur demands for increased autonomy and where Beijing's policy is to more firmly integrate the province within China This book provides an account of how China's evolving integrationist policies in Xinjiang have influenced its foreign policy in Central Asia since the establishment of the People's Republic in 1949 and how the policy of integration is related to China's concern for security and its pursuit of increased power and influence in Central Asia The book traces the development of Xinjiang from the collapse of the Qing empire in the early twentieth century to the present and argues that there is a largely complementary relationship between China's Xinjiang Central Asia and grand strategy derived interests This pattern of interests informs and shapes China's diplomacy in Central Asia and its approach to the governance of Xinjiang Michael E Clarke shows how China's concerns and policies although pursued with vigour in recent decades are of long standing and how domestic problems and policies in Xinjiang have for a long time been closely bound up with wider international relations issues

China, Xinjiang and Central Asia Colin Mackerras, Michael Clarke, 2009-04-14

Central Asia and Xinjiang the far north western province of China are of increasing international importance The United States having established military bases in Central Asia after September 2001 has now become a force in what was previously predominantly a Russian sphere of influence whilst China Russia and Iran all continue to exert strong influence These external international influences have had a significant impact on local politics with the overthrow of a long standing regime in Kyrgyzstan continued unrest and opposition to the current regime in Uzbekistan and the intensification of Chinese control in Xinjiang This book explores the effect of global and local dynamics across the region global influences include the War on Terror and international competition for energy resources local dynamics include Islamic revival Central Asian nationalism drugs trafficking economic development and integration The authors argue that these multiple challenges in fact unite Xinjiang and Central Asia in a common struggle for identities and economic development This book provides a comprehensive overview of the region's historical significance the contemporary international forces which affect the region and of current political economic and cultural developments
