The Sinking of the Titanic Logan Marshall, 2011-08-31 When she set sail from Southampton on her maiden voyage to New York on 10 April 1912 RMS Titanic the pride of the White Star fleet was the largest ocean liner in the world Deemed practically unsinkable because of her double bottomed hull and watertight compartments she carried over 2 000 passengers and crew although only sufficient lifeboats for just over half that number Four days out of Southampton on the night of 14 April she struck an iceberg in the North Atlantic and sank within a matter of hours around 1 500 lives were lost Logan Marshall interviewed the survivors in the immediate aftermath of the disaster and in this book he recorded the facts as they were known Well established as part of the canon of Titanic literature this book is a must have for anyone with an interest in the ship and her sorrowful fate

The Sinking of the Titanic and Great Sea Disasters Logan Marshall, 2009 The Titanic greatest of ships has gone to her ocean grave What has she left behind her Think clearly She has left debts Vast sums of money have been lost Some of them are covered by insurance which will be paid The rest is gone All wealth is insecure She has left lessons The risk of running the northern course when it is menaced by icebergs is revealed The cruelty of sending a ship to sea without enough life boats and life rafts to hold her company is exhibited and underlined in black She has left sorrows Hundreds of human hearts and homes are in mourning for the loss of dear companions and friends The universal sympathy which is written in every face and heard in every voice proves that man is more than the beasts that perish It is an evidence of the divine in humanity Why should we care There is no reason in the world unless there is something in us that is different from lime and carbon and phosphorus something that makes us mortals able to suffer together For we have all of us an human heart
