Situation Tragedy:

Situation Tragedy Simon Brett, 1983 **Reframing Todd Haynes** Theresa L. Geller, Julia Leyda, 2022-02-07 For three decades award winning independent filmmaker Todd Haynes who emerged in the early 1990s as a foundational figure in New Queer Cinema has gained critical recognition for his outsider perspective Today Haynes is widely known for bringing women's stories to the screen Analyzing Haynes's films including *Safe* 1995 *Velvet Goldmine* 1998 *Far from Heaven* 2002 and *Carol* 2015 as well as his unauthorized Karen Carpenter biopic *Superstar* 1987 and the television miniseries *Mildred Pierce* 2011 the contributors to *Reframing Todd Haynes* reassess his work in light of his long standing feminist commitments and his exceptional career as a director of women's films They present multiple perspectives on Haynes's film and television work and on his role as an artist activist who draws on academic theorizations of gender and cinema The volume illustrates the influence of feminist theory on Haynes's aesthetic vision most evident in his persistent interest in the political and formal possibilities afforded by the genre of the woman's film The contributors contend that no consideration of Haynes's work can afford to ignore the crucial place of feminism within it Contributors Danielle Bouchard Nick Davis Jigna Desai Mary R Desjardins Patrick Flanery Theresa L Geller Rebecca M Gordon Jess Issacharoff Lynne Joyrich Bridget Kies Julia Leyda David E Maynard Noah A Tsika Patricia White Sharon Willis The Situation in El Salvador United States. Congress. Senate. Committee on Foreign Relations, 1981 Present Imperfect Andrew van der Vlies, 2017-05-19 *Present Imperfect* asks how South African writers have responded to the end of apartheid to the hopes that attended the birth of the new nation in 1994 and to the inevitable disappointments that have followed The first full length study of affect in South Africa's literature it understands disappointment both as a description of bad feeling and as naming a missed appointment with all that was promised by the anti colonial and anti apartheid Struggle a disappointment Attending to contemporary writers treatment of temporality genre and form it considers a range of negative feelings that are also experiences of temporal disjuncture including stasis impasse boredom disaffection and nostalgia *Present Imperfect* offers close readings of work by a range of writers some known to international Anglophone readers including J M Coetzee Nadine Gordimer Ivan Vladislavic and Zo Wicomb some slightly less well known including Afrikaans language novelists Marlene van Niekerk and Ingrid Winterbach and others from a new generation including Songeziwe Mahlangu and Masande Ntshanga It addresses key questions in South African studies about the evolving character of the historical period in which the country now finds itself It is also alert to wider critical and theoretical conversations looking outward to make a case for the place of South African writing in global conversations and mobilizing readings of writing marked in various ways as South African in order to complicate the contours of World Literature as category discipline and pedagogy It is thus also a book about the discontents of neoliberalism the political energies of reading and the fates of literature in our troubled present *A Study of Tragic Situation and Character in English Drama, 1900-1912* Frances Louise Nardin, 1914 It is the purpose of this study to examine the subject

matter of those English dramas of 1900 1912 which portray serious action and produce tragic effect In this study all purely aesthetic questions are ignored The language medium in which the drama is expressed is considered only as it constitutes a question of characterization Structure is ignored entirely All considerations of the drama's suitability for stage production are ignored except as these are questions concerning plausibility and effectiveness of characterization **The Impossible Woman** Kristen Hoerl, 2025-11-11 Although it may seem like the proliferation of strong women on television is a feminist achievement a deeper look into their stories tells us otherwise The Impossible Woman examines a variety of scripted US television series across multiple genres to show how the cultural value of television's extraordinarily talented female characters often rests upon their ability to endure but not overcome sexism Looking at Parks and Recreation The Unbreakable Kimmy Schmidt The Marvelous Mrs Maisel The Queen's Gambit Game of Thrones and Queen of the South Hoerl argues that these series contribute to sexist realism or the cultural assumption that there is no alternative to patriarchy Situating impossible women's struggles in the context of contemporary feminist politics Hoerl explains how the problems facing television's strongest women illustrate mainstream feminism's paradoxical dependence upon on cultural misogyny neoliberal individualism and racism The Impossible Woman encourages readers to seek out alternative stories that might help them envision more just feminist futures **Theodor Storm's Novellen** E. Allen McCormick, 2020-05-01 These six essays elucidate some of the more significant aspects of Storm's literary technique The treatments of some of Storm's Novellen including Am Kamin Aquis Submersus and two versions of Immensee show how Storm used structure symbolism elements of tragedy and other narrative devices in his prodigious body of works of German Realism **Precarity in European Film** Elisa Cuter, Guido Kirsten, Hanna Prenzel, 2022-06-06 This volume brings together renowned scholars and early career researchers in mapping the ways in which European cinema whether arthouse or mainstream fictional or documentary working with traditional or new media engages with phenomena of precarity poverty and social exclusion It compares how the filmic traditions of different countries reflect the socioeconomic conditions associated with precarity and illuminates similarities in the iconography of precarious lives across cultures While some of the contributions deal with the representations of marginalized minorities others focus on work related precarity or the depictions of downward mobility Among other topics the volume looks at how films grapple with gender inequality intersectional struggle discriminatory housing policies and the specific problems of precarious youth With its comparative approach to filmic representations of European precarity this volume makes a major contribution to scholarship on precarity and the representation of social class in contemporary visual culture Watch our talk with the editors Elisa Cuter Guido Kirsten and Hanna Prenzel here <https://youtu.be/lKpD1NFAX2o> **Replay: Classic Modern Drama Reimagined** Toby Zinman, 2014-11-20 Replay Classic Modern Drama Reimagined spans over a century of great theatre to explore how iconic plays have been adapted and versioned by later writers to reflect or dissect the contemporary zeitgeist Starting with A Doll's House Ibsen's much reprised masterpiece of

marital relations from 1879 Toby Zinman explores what made the play so controversial and shocking in its day before tracing how later reimaginings have reworked Ibsen's original. The spine of plays then includes such landmark works as Strindberg's *Miss Julie*, Oscar Wilde's comic *The Importance of Being Earnest*, Chekhov's *Three Sisters* and *Uncle Vanya*, Hansberry's *A Raisin in the Sun*, the Rattigan centenary revivals, Thornton Wilder's *Our Town*, ultimately arriving at Beckett's *Waiting for Godot*. Taking each modern play as the starting point, Zinman explores the diverse renderings and reworkings by subsequent playwrights and artists, including prominent directors and their controversial productions, as well as acknowledging reworkings in film, opera and ballet. Through the course of this groundbreaking study, we discover not only how theatrical styles have changed but how society's attitude towards politics, religion, money, gender, sexuality and race have radically altered over the course of the century. In turn, *Replay* reveals how theatre can serve as both a reflection of our times and a provocation to them.

Landmark Essays on Rhetorical Criticism Thomas W. Benson, 1993. First Published in 1995. Routledge is an imprint of Taylor & Francis, an informal company.

Quantitative Narrative Analysis Roberto Franzosi, 2010. *Quantitative Narrative Analysis* focuses on the following issues: 1. the fundamental features of narrative as a specific type of text genre with certain invariant linguistic properties; 2. how the invariant properties of narrative can be used to structure narrative information in ways that basic qualitative information can then be analyzed quantitatively; story grammars or Subject-Action-Object and respective modifiers such as Time and Space of Action; 3. reliability and how the computer and linguistic framework of the approach greatly increase data reliability; 4. data analysis. The book does not focus on general problems of data analysis; it will show how textual data can be analyzed with numbers.

The Skin of the System Benjamin Robinson, 2009-09-28. *The Skin of the System* objects to the idea that there is only one modernity: that of liberal capitalism. Starting from the simple conviction that whatever else East German socialism was, it was real, this book focuses on what made historical socialism different from social systems in the West. In this way, the study elicits the general question: what must we think in order to think of another system at all? To approach this question, Robinson turns to the remarkable writer Franz Fehmann, the East German who most single-mindedly dedicated himself to understanding what it means to transform from fascism to socialism. Fehmann's own serial loyalties to Hitler and Stalin inform his existential meditations on change and difference. By placing Fehmann's politically alert and intensely personal literary inventions in the context of an inquiry into radical social rupture, *The Skin of the System* wrests the brutal materiality of twentieth-century socialism from attempts to provincialize both its desires and its failures as antimodern ideological follies.

Popular Tropes of Identity in Contemporary Russian Television and Film Irina Souch, 2017-11-16. This book is an exploration of the changes in Russian cultural identity in the twenty years after the fall of the Soviet state. Through close readings of a select number of contemporary Russian films and television series, Irina Souch investigates how a variety of popular cultural tropes ranging from the patriarchal family to the country idyll survived the demise of Communism and maintained their power to inform the

Russian people's self image She shows how these tropes continue to define attitudes towards political authority economic disparity ethnic and cultural difference generational relations and gender The author also introduces theories of identity developed in Russia at the same time enabling these works to act as sites of productive dialogue with the more familiar discourses of Western scholarship **Bulletin** English Association, London, 1917 Journal of Education, 1919

of social research Among the various disciplines that Berger discusses in relation to humor are communication theory philosophy semiotics literary analysis sociology political science and psychology Berger deals with these particular disciplines and perspectives because they tend to be most commonly found in the scholarly literature about humor as well as being those that have the most to offer Blind Men and Elephants covers a wide range of humor from simple jokes to the uses of literary devices in films Berger observes how humor often employs considerable ridicule directed at diverse groups of people women men animals politicians African Americans Jews Catholics Protestants gay people straight people and so forth The book also explains the risk factor in ridicule as a humorous device Blind Men and Elephants depicts how one entity or one situation can be viewed in as many different ways as the number of people studying it Berger also shows how those multiple perspectives the Rashomon Effect can be used together to create a clearer understanding of humor Blind Men and Elephants is a valuable companion to Berger's recent effort about humor An Anatomy of Humor and will be enjoyed by communication and information studies scholars sociologists literary studies specialists philosophers and psychologists
