Sixteen Acres Philip Nobel,2005-12-27 Tracing the redevelopment of the World Trade Center site from graveyard to playground for high design insurgent critic Nobel strips away the hyperbole to reveal the secret life including a tally of deceptions and betrayals of the century s most charged building project **Sixteen Acres** Philip Nobel,2005 **Sixteen Acres** Philip Nobel,2025-10-16 A no holds barred look at the collision of interests behind the ambitious attempt to raise a new national icon at Ground Zero When we stand in downtown Manhattan in the future and look up and ask Why Why is it so strange so rude so striving so right so wrong we will have Sixteen Acres to give us the answers Tracing the redevelopment of the World Trade Center site from graveyard to playground for high design insurgent critic Philip Nobel strips away the hyperbole to reveal the secret life of the century s most charged building project Providing a tally of deceptions and betrayals a look at the meaning of events beyond the pieties of the moment and a running bestiary of the main players developers and bureaucrats star architects and amateur fantasists politicians and the well spun press Nobel s book bares the crucial moments as factions and institutions converge to create a noisy new culture at Ground Zero Tragic and comic by turns full of low dealings and high dudgeon Sixteen Acres takes us behind the scenes at a site in search of its sanctity exposing the reconstruction as the flawed product of a complicated city driven by money hamstrung by politics burdened by the wounds it is somehow supposed to heal Battle for Ground Zero Elizabeth Greenspan,2025-06-25 Elizabeth Greenspan s Battle for Ground Zero provides a revealing look at the heated politics behind the long struggle to rebuild the World Trade Center In the aftermath of 9 11 Americans came together in a way not seen for a generation pledging unity to rebuild after the horrific loss of the Twin Towers People were signing up to go to war rescue workers were laboring to clear rubble But instead of becoming a rallying symbol in the fight against terrorism Ground Zero has been plagued by intense conflict and controversy from the very start Battle for Ground Zero goes behind the scenes of this fight to rebuild revealing how grieving families commercial interests and politicking bureaucrats clashed at every step of the way confounding progress and infuriating the public Since the fall of 2001 author Elizabeth Greenspan has been documenting the drama conducting interviews with neighborhood residents architects officials rescue workers and victims relatives as well as key New York players like uber developer Larry Silverstein and Governor Pataki Here she provides a warts and all look at this pivotal decade from the bitter feuding between city officials and victims families to the endless controversy over the memorial design to the fraught tenth anniversary against a still unfinished building Published as the memorial is finally completed Battle for Ground Zero is an exhaustively researched reminder of how long it took to put a brave face on the horror of 9 11 **The Working Landscape** Peter F. Cannavo,2007-06-22 In America today we see rampant development unsustainable resource exploitation and commodification ruin both natural and built landscapes disconnecting us from our surroundings and threatening our fundamental sense of place Meanwhile preservationists often respond with a counterproductive stance that rejects virtually

any change in the landscape In *The Working Landscape* Peter Cannav identifies this zero sum conflict between development and preservation as a major factor behind our contemporary crisis of place Cannav offers practical and theoretical alternatives to this deadlocked polarized politics of place by proposing an approach that embraces both change and stability and unifies democratic and ecological values creating a working landscape Place Cannav argues is not just an object but an essential human practice that involves the physical and conceptual organization of our surroundings into a coherent enduring landscape This practice must balance development which he calls founding and preservation Three case studies illustrate the polarizing development preservation conflict the debate over the logging of old growth forests in the Pacific Northwest the problem of urban sprawl and the redevelopment of the former site of the World Trade Center in New York City Cannav suggests that regional democratic governance is the best framework for integrating development and preservation and he presents specific policy recommendations that aim to create a working landscape in rural suburban and urban areas A postscript on the mass exile displacement and homelessness caused by Hurricane Katrina considers the implications of future climate change for the practice of place
