Skeptical Sociology

Ben Agger

Skeptical Sociology:

Sceptical Sociology (RLE Social Theory) John Carroll,2014-08-07 John Carroll contends that since 1918 sociology has distinguished itself by making society appear as dull as it is at its worst Using barbaric jargon legalistic syntax and vacuous statistical tables and driven by an obsession with the humdrum it has exhibited some of the worst traits of the culture it should have been laying bare Sceptical Sociology examines where sociology went wrong and what ought to be done to transform it into a worthwhile enterprise In a series of studies of contemporary Western society the author puts into practice the principles of a sceptical sociology There are enquiries into the cleanliness compulsion among housewives the conflicting dream and reality of the tourist the moral centrality of the car the tactics of the latest shopping palaces There is an allegory on fur hats a dark portrait of a typical modern marriage a putting of intellectuals in their place and a pursuit of the sociology of space through the universal longing for home The author contends that sociology ought to be the important stories about a society and its times well told Sceptical Sociology attempts to show that it can be well done *The Practical Skeptic: Core Concepts in Sociology* Lisa McIntyre,2007-10-15 The Practical Skeptic is a concise introduction to sociology that focuses on core concepts as the central building blocks for understanding sociology Lisa McIntyre s straightforward lively even humorous style and her emphasis on critical thinking make this an engaging and user friendly text for students of all levels Through this conversational style students are able to grasp key sociological concepts and learn the essential lesson that there is much that goes on in the social world that escapes the sociologically untrained eye **Sceptical Sociology (RLE Social Theory)** John Carroll,2014-08-07 John Carroll contends that since 1918 sociology has distinguished itself by making society appear as dull as it is at its worst Using barbaric jargon legalistic syntax and vacuous statistical tables and driven by an obsession with the humdrum it has exhibited some of the worst traits of the culture it should have been laying bare Sceptical Sociology examines where sociology went wrong and what ought to be done to transform it into a worthwhile enterprise In a series of studies of contemporary Western society the author puts into practice the principles of a sceptical sociology There are enquiries into the cleanliness compulsion among housewives the conflicting dream and reality of the tourist the moral centrality of the car the tactics of the latest shopping palaces There is an allegory on fur hats a dark portrait of a typical modern marriage a putting of intellectuals in their place and a pursuit of the sociology of space through the universal longing for home The author contends that sociology ought to be the important stories about a society and its times well told Sceptical Sociology attempts to show that it can be well done **The Oversocialized Conception of Man** Dennis H. Wrong,2018-04-17 The chapters in this volume represent some of Dennis Wrong s best and most enduring essays Initially published as Skeptical Sociology this collection displays his ability to write compellingly for general intellectual audiences as well as for academic sociologists The book is divided into sections that represent Wrong s major areas of interest and investigation Human Nature and the Perspective of Sociology Social Stratification and Inequality and Power and Politics

Each section is preceded by a short introduction that places the articles in context and elaborates and often sheds new light on the contents. The essays in the first section were written with polemical intent directed against the assumptions of academic sociology that prevailed in an earlier period. Part two calls attention to the neglect by functionalists of power group conflict and historical change. Wrong shows that failure to consider them made functional theories of stratification especially vulnerable. The third section is more heterogeneous in subject and theme than the others; all the essays in it touch in some way on power or politics. Included in this volume is Wrong's celebrated and much quoted article, "The Oversocialized Conception of Man in Modern Sociology." Other significant essays reveal the author's views on many timely topics of sociological concern such as the quests for community and for identity, the Freudian, Marxian, and Weberian heritages in sociology, social class in America, meritocracy, a theory of democratic politics, humanist, positivist, and functionalist perspectives, and the sociology of the future. "The Oversocialized Conception of Man" is an indispensable volume for sociologists, political theorists, and historians. Dennis H. Wrong is emeritus professor of sociology at New York University. He is the author of *The Problem of Order: Population and Society, Class, Fertility Trends in Western Nations: Power, Its Forms, Bases, and Uses*, also published by Transaction, and *The Modern Condition*, forthcoming.

Problem-solving Sociology Monica Prasad, 2021. A broad resource that offers tools for how to conduct problem-solving sociology in order to deepen and reformulate our understanding of society. Most students arrive in graduate sociology programs eager to engage with the pressing social and political issues of the day. Yet that initial enthusiasm does not always survive the professional socialization of graduate school. In *Problem Solving Sociology*, Monica Prasad shows graduate students and early career sociologists how to conduct research that uses sociological theory to help solve real-world problems and how to use problem-solving to improve sociological theory. Prasad discusses how to be objective when examining issues of injustice and oppression and provides methodological strategies and plenty of exercises for research aimed at creating change. She gives examples throughout of problem-solving research conducted at all levels, from undergraduate theses to the major figures of the discipline. She also considers how to respond to some common objections where problem-solving fits into the landscape of sociological practice and how to build a life in problem-solving.

Sociology in Everyday Life David A. Karp, William C. Yoels, Barbara H. Vann, Michael Ian Borer, 2016-03-04. Over multiple successful editions, this distinctive text puts day-to-day life under the microscope of sociological analysis, providing an engaging treatment of situations and interactions that are resonant with readers' daily experiences. Clearly written and well researched, it reveals the underlying patterns and order of everyday life, employing both seminal classical works and contemporary analyses that define and embrace the theories and methods of symbolic interactionism. The latest edition provides fresh insights into patterns of behavior across a wide range of settings and circumstances, connecting our individual selves to such issues as the effects of power differentials on social situations, changing definitions of intimacy, varied experiences of aging, and the life course, and the ongoing search for

meaning Boxed inserts highlight topics of related interest while thought provoking discussion questions encourage readers to apply chapter content to their daily experiences *Philosophy of Science and Sociology* Edmund Mokrzycki,2013-04-15 Originally published in 1983 This book concentrates on the impact of philosophy of science on sociology and other disciplines It argues that the impact of the philosophy of science on sociology from the rise of the Vienna Circle until the mid 1980s resulted in a deep reaching and in the author s view undesirable methodological reorientation in sociology *Integrating Differences: Philosopical Aspects in Sociology and Vice Versa* Georg Peter,Reuss-Markus Krausse,2025-05-30 Integrating Differences Philosopical Aspects in Sociology and Vice Versa Commemorative Volume in honor of Gerhard Preyer

Religion and Political Power Gustavo Benavides,Martin W. Daly,1989-07-28 This book explores the interaction between two of the most charged topics in the modern world religion and politics It shows the inextricable connection between religious attitudes and representations and political activities After an introductory chapter explores theoretically the religious articulations of political power the authors examine the role played by religion in the current political situation in several countries Approaching these cases as anthropologists historians sociologists and political scientists the authors make visible the dialectical relationship between religion and the pursuit of political power on the one hand the political significance of religious choices and on the other the almost unavoidable need to articulate in religious terms a group s attempt to acquire maintain or expand political power *Accounting for Public Policy* David Rosenberg,1989 **Rousseau and Weber** J.G. Merguior,2013-04-15 Jean Jacques Rousseau and Max Weber central thinkers to the discussion of political legitimacy represent two very different stages and forms of social theory early modern political philosophy and classical sociology In these studies Dr Merquior describes and assesses their individual contributions to the understanding of the concept of political legitimacy Dr Merquior compares Rousseau and Weber to a handful of other major theorists and highlights the contemporary prospects of the alternatives between democratic participation and bureaucratizm This book was first published in 1980 Authors of Their Own Lives Bennett M. Berger,2023-04-28 All students and scholars are curious about the human faces behind the impersonal rhetoric of academic disciplines Here twenty of America s most prominent sociologists recount the intellectual and biographical events that shaped their careers Family history ethnicity fear private animosities extraordinary determination and sometimes plain good fortune are among the many forces that combine to mold the individual talents presented in Authors of Their Own Lives With contributions from women and men young and old native born Americans and immigrants quantitative scholars and qualitative ones this book provides a fascinating source for students and professional sociologists alike Some of the autobiographies maintain their reserve others are profoundly revealing Their subjects range from childhood educational and intellectual influences to academic careerism and burnout to the history of American sociology Authors stands alone as a deeply personal autobiographical account of contemporary sociology This title is part of UC Press s Voices Revived program which commemorates University of California Press s

mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 All students and scholars are curious about the human faces behind the impersonal rhetoric of academic disciplines Here twenty of America s most prominent sociologists recount the intellectual and biographical events that shaped their careers *Family his Problem of Order* Dennis Wrong,1994-01-31 At the end of the twentieth century many fear that the bonds holding civil society together have come undone Yet as the noted scholar Dennis Wrong shows us our generation is not alone in fearing a breakdown of social ties and a descent into violent conflict

Worlds of Irving Howe John Rodden,2015-12-03 The Worlds of Irving Howe The Critical Legacy is a wide ranging anthology of criticism devoted to the literary cultural and political work of the writer Irving Howe The book offers a broad cross section of critical and biographical writings about Howe Collected here are assessments of Howe s work written by some of the most prominent intellectuals of the twentieth century among them Lionel Trilling Alfred Kazin C Vann Woodward Robert Coles Daniel Bell Malcolm Cowley and Arthur Schlesinger The critical estimates of Howe s major books collected here and framed by a major biographical introduction by John Rodden constitute a sharply focused lens through which readers can re evaluate the legacy of one of American s leading intellectuals and thereby understand the main issues of twentieth century Anglo American cultural history Contributors Lionel Trilling Alfred Kazin C Vann Woodward Newton Arvin Charles Angoff Edward Dahlberg Isaac Rosenfeld Richard Chase H D Lasswell Dennis Wrong Michael Harrington Christopher Lasch Robert Coles Daniel Bell Malcolm Cowley Arthur Schlesinger Theodore Solotaroff Clive James Norman Podhoretz Irving Kristol and William Phillips among others **Problems of Communism** ,1965 **Freud for Historians** Peter Gay,1985 A thoughtful and detailed contribution to a major intellectual debate Freud for Historians builds an eloquent case for history informed by psychoanalysis and offers an impressive rebuttal to the charges of the profession s anti Freudians [Back to Modern](#)

[Reason](#) Arne Jarrick,1999-06-01 A revised and translated edition of *Mot det moderna f rnuftet* published in 1992 Utilising the diaries from the 1780s of Johan Hjerpe the study focuses on the specific world of Hjerpe in terms of trade social conditions and contemporary social life in Stockholm **The Analysis of Power** Geoffrey Debnam,1984-02-09 **Nature:**

Reconfiguring the social David Inglis,John Bone,Rhoda Wilkie,2005 Many influential stances within the social sciences regard nature in one of two ways either as none of their concern which is with the social and cultural aspects of human existence or as wholly a social and cultural fabrication But there is also another strand of social scientific thinking that seeks to understand the interplay between social and cultural factors on one side and natural factors on the other These volumes contain the main contributions that have been made within each of these streams of thought The selections illustrate to the reader the complexity of the various positions within these streams and the strengths and limitations of each perspective A new introduction places these articles in their historical and intellectual context and the volumes are completed with an

extensive index and chronological table of contents The Blackwell Dictionary of Modern Social Thought William Outhwaite, 2008-04-15 Modern social thought ranges widely from the social sciences to philosophy political theories and doctrines cultural ideas and movements and the influence of the natural sciences Provides an authoritative overview of the main themes of social thought Long essays and entries give full coverage to each topic Covers major currents of thought philosophical and cultural trends and the individual social sciences from anthropology to welfare economics New edition updates about 200 entries and includes new entries suggestions for further reading and a bibliography of all sources cited within the text
