body I could never have children Jamie Renee Coleman **Dirt Work** Christine Byl, 2013-04-16 A lively and lyrical account of one woman's unlikely apprenticeship on a national park trail crew and what she discovers about nature, gender, and the value of hard work. Christine Byl first encountered the national parks the way most of us do on vacation. But after she graduated from college, broke, and ready for a new challenge, she joined a Glacier National Park trail crew as a seasonal traildog, maintaining mountain trails for the millions of visitors Glacier draws every year. Byl first thought of the job as a paycheck, a summer diversion, a welcome break from the real world before going on to graduate school. She came to find out that work in the woods on a trail crew was more demanding, more rewarding, more real than she ever imagined. During her first season, Byl embraces the backbreaking difficulty of the work, learning how to clear trees, move boulders, and build stairs in the backcountry. Her first mentors are the colorful characters with whom she works: the packers, sawyers, and traildogs from all walks of life, along with the tools in her hands: axe, shovel, chainsaw, rock bar. As she invests herself deeply in new work, the mountains, rivers, animals, and weather become teachers as well. While Byl expected that her tenure at the parks would be temporary, she ends up turning this summer gig into a decades-long job, moving from Montana to Alaska, breaking expectations, including her own, that she would follow a professional career path. Returning season after season, she eventually leads her own crews, mentoring other trail dogs along the way. In *Dirt Work*, Byl probes common assumptions about the division between mental and physical labor, women's work and men's work, white collars and blue collars. The supposedly simple work of digging holes, dropping trees, and blasting snowdrifts, in fact, offers her an education of the hands and the head, as well as membership in an utterly unique subculture. *Dirt Work* is a contemplative but unsentimental look at the pleasures of labor, the challenges of apprenticeship, and the way a place becomes a home. *Hide, Horn, Fish, and Fowl* Kenneth L. Untiedt, 2011 No matter how sophisticated or technologically advanced we become, there is still something within that beckons us to the hunt. This desire creates the customs, beliefs, and rituals related to hunting for deer, hogs, as well as fish and snakes, etc. These rituals and customs lead to some of our most treasured folklore.
