Continuity and Rupture in Roman Mediterranean Gaul Benjamin P. Luley, 2020-09-16 With the decline in popularity of the term Romanization as a way of analyzing the changes in the archaeological record visible throughout the conquered provinces of the Roman Empire scholars have increasingly turned to the important concept of identity to understand the experiences of local peoples living under Roman rule Studies of identity in the Roman Empire have thus emphasized how local peoples rather than simply passively copying Roman culture actively created and recreated complex and multi-faceted identities that incorporated local traditions within the increasingly connected and globalized world of the empire How did the violent nature of Roman rule in the provinces impact local communities and the ways in which individuals interacted with one another This book provides a detailed study of the ways in which the Celtic speaking peoples of the ancient settlement of Lattara in Roman Mediterranean Gaul fashioned their lives under two centuries of Roman rule

and in particular the ways in which the creation of these lived experiences was entangled in the larger processes of Roman colonialism. The important archaeological settlement and port of Lattara located today in modern Lattes in Mediterranean France was occupied from ca 500 BCE to 200 CE and has been the focus of extensive excavations by international teams of archaeologists for over 35 years. The author seeks to understand the ways in which the daily lives of the inhabitants of Lattara were shaped and constrained by the particular historical circumstances of Roman rule involving the violent conquest of the province between 125-121 BCE, the pacification of numerous revolts in the first half of the first century BCE and the imposition of an oppressive system of taxation, land redistribution and grain levies. Through a detailed analysis of the large corpus of archaeological evidence dating from ca 200 BCE to 200 CE at Lattara, the author argues that the violent establishment of Roman rule in Mediterranean Gaul engendered very different forms of social relationships and interactions that structured the community during the late first century BCE and onward. This involved a new organization of domestic space and living arrangements, new relationships structuring the production and exchange of material goods, different relationships between the community and the wider spiritual world and new strategies for acquiring political influence and power based upon the increasing importance of material wealth. All of this occurred by the very end of the first century BCE despite the continued persistence of many aspects of local identity, particularly evident in religious practices. Furthermore, these new social relationships were arguably paramount in the daily practices of reproducing Roman rule at Lattara and in the larger province of Mediterranean Gaul, more generally practices that were in particular rooted in an ever increasing socio-economic hierarchy.

Call It Sleep Henry Roth, 1991 When Henry Roth published his debut novel *Call It Sleep* in 1934, it was greeted with considerable critical acclaim, though in those troubled times, lackluster sales. Only with its paperback publication thirty years later did this novel receive the recognition it deserves and still enjoys. Having sold to date millions of copies worldwide, *Call It Sleep* is the magnificent story of David Schearl, the dangerously imaginative child coming of age in the slums of New York.

Before We Sleep Jeffrey Lent, 2017-05-02 The sweeping intergenerational story of a Vermont family from WWII to the dawning of the 60s, the most magisterial and moving novel of acclaimed author Jeffrey Lent's career. Katey Snow seventeen slips the pickup into neutral and rolls silently out of the driveway of her Vermont home; her parents Oliver and Ruth still asleep. She isn't so much running away as on a journey of discovery. She carries with her a packet of letters addressed to her mother from an old army buddy of her father's. She has only recently been told that Oliver, who she adores more than anyone, isn't her biological father. She hopes the letter's sender will have answers to her many questions. *Before We Sleep* moves gracefully between Katey's perspective on the road and her mother Ruth's. Through Ruth's recollections, we learn of her courtship with Oliver, their marriage on the eve of war and his return as a changed man. Oliver had always been a bit dreamy but became more remote, finding solace most of all in repairing fiddles. There were adjustments, accommodations, sacrifices, but the family went on to find its own rhythms, satisfactions and happiness. Now Katey's journey

may rearrange the Snows story Set in a lovingly realized Vermont setting tracking the changes that come with the turning of the seasons and decades and signaling the dawning of a new freedom as Katey moves out into a world in flux Before We Sleep is a novel about family about family secrets and about the love that holds families together It is also about the Greatest Generation as it moves into the very different era of the 1960s and about the trauma of war that so profoundly weighed on both generations It is Jeffrey Lent s most accomplished novel **Restless in Sleep Country** Paul Huebener,2024-05-14 Sleep and the lack of it is a public obsession and an enormous everyday quandary Troubled sleep tends to be seen as an individual problem and personal responsibility to be fixed by better habits and tracking gadgets but the reality is more complicated Sleep is a site of politics culture and power In Restless in Sleep Country Paul Huebener pulls back the covers on cultural representations of sleep to show how they are entangled with issues of colonialism homelessness consumer culture technology and privacy the exploitation of labour and the effects of the Covid 19 pandemic Even though it almost entirely evades direct experience sleep is the subject of a variety of potent narratives each of which can serve to clarify and shape its role in our lives In Canada cultural visions of slumber circulate through such diverse forms as mattress commercials billboards comic books memoirs experimental poetry and bedtime story phone apps By guiding us through this imaginative landscape Huebener shows us how to develop a critical literacy of sleep Lying down and closing our eyes is an act that carries surprisingly high stakes going beyond individual sleep troubles Restless in Sleep Country illuminates the idea of sleep as a crucial site of inequity struggle and gratification *The Markets Never Sleep* Thomas L.
