She and her lab partners have to do a class project for the School Science Fair, but they have absolutely no idea where to start or even what to do. Have they finally met their match? Meanwhile, the boys have big problems of their own, and the outcome of their project could mean life or death. OK, maybe not actual death, but they could end up cold, wet, and hungry, and with no electronics for a whole weekend. Join the Project Kids in their third big adventure as they come together to unravel the mysteries of Mice Men and Marshmallows. **Parent Teacher Note:** In this next adventure, the skills the Project Kids learned on their first two big projects are reinforced and expanded as the girls and boys separate to work on distinctly different projects.
